

## **The Beloved Guides**

By Kevin McWha Steele ©2009

Does he ask her  
after these years  
if she still loves him?

Does she ask him  
after these years  
if he still cares?

Are these real fears?  
When all I've seen is laughter  
And devotion in their eyes

As their witness, the Beloved guides

Does a flower  
still bloom  
in April?

When the winter  
ends its  
foolish reign

And does the sun shine?  
When spirit conquers anger  
Along this life of lotus tides

As their witness, the Beloved guides

Does she ask him
