I am a Candidate for House District 30 because our children and their future as Alaskans is at stake. I want to leave a better Alaska for the next generation.

I support our Constitutional Rights, low taxes, a strong diversified economy, less regulation and a more efficient government.

I'm a lifelong fiscally conservative (R). Difficult decisions need to be made now at all levels of government. I believe my experience makes me the best choice to represent the Kenai & Soldotna area.

Burdening our children and their futures with more debt is not responsible and sets them up for failure. The Legislature must create a plan to balance our state budget and create a strong economic climate.

PFD - I will work hard to protect your PFD. The government using more of your dividend every year to balance the budget is not a good option.

Public Service - I have been in public safety my entire career and have a deep respect for those that serve our communities. I support our military, law enforcement, emergency responders, and educators.

Economy - Alaska needs a strong economy with fewer regulations and a balanced budget. Make sure your candidate can explain how they will balance the \$2B dollar annual deficit, what is their plan?
