

### PATRIOTS OF COLOR!

The Independence of our United States of America would not have occurred without the help of Patriots of Color assisting (some voluntarily) in the Revolutionary War.

"Patriots of color fought valiantly for a nation that often denied them freedom, leaving a legacy of courage, resilience, and a profound impact on the struggle for liberty in early America."

"An estimated 5,500 African and Native American men served on the colonial side between 1775 and 1783, with many more joining the British forces, particularly in the southern colonies."

History to research, learn, and compare.
