"All in I99I"

Opened her eyes so suddenly,
everything felt so unclear,
what a new blessing from Napoli,
no one could ever dismiss the
flair.

Was, is, will it be forever
memory

All in I99I thought I had a
Religion
but was loosing one
the Air smelled like teen spirit,
in I99I

"All in I99I"

But nothing else mattered
I was choosing my guns
and counting my roses,
while the November rained
Diamonds, Pearls and
Emotions, all in I99I.

Mr. Life see the world is
opened my daily, thief
if you could know how you
are going to steal the
show although already
been written to must go
on all in I99I all in one
song

In I99I ring, ring, ring

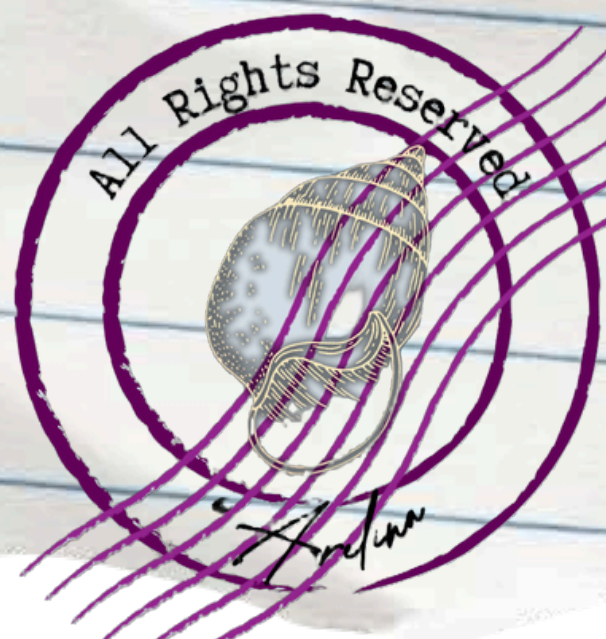

"All in I99I"

Brendas got a baby,
in the best European
school she has ever seen,
unplugged like on MTV,
still boys don't cry for
free.

Was, is, will it be
forever memory

All in I99I thought I had
a Religion
but was loosing one
the Air smelled like teen
spirit, in I99I

"All in 1991"

But nothing else mattered
I was choosing my guns and
counting my roses,
while the November rained
Diamonds, Pearls and Emotions,
all in 1991
