

**THE EXCEPTIONAL CONSERVATIVE NETWORK
TEXAS FULLY LOADED**

The Exceptional Conservative Network® (TECNTV) is a Washington, DC Internet Media innovation. The Network® debuted on Sunday, July 2, 2017. Broadcasting from the Nation's Capital, we focus on our five basic principles: Christianity, Capitalism, Conservatism, the United States Constitution, and

Individual Sovereignty. Our mission is simply to educate citizens, promote public policy, and mobilize voters on our essential principles. Our topics span the breadth and depth of issues that impact our cultural institutions: the individual and family, economics, education, governance, and Faith. Our live shows offer an "unaltered" and "uncensored" platform for audiences and guests to safely convey their thoughts, opinions, and feelings regarding issues and events of the day.
