CLEAN GUTTERS WHY?

1. Prevents Water Damage: Clogged gutters cause rainwater to overflow, which can lead to water seeping into your roof, walls, and foundation.
 2. Protects Your Roof: Excess water pooling can weaken your roof structure and cause leaks, leading to costly repairs.
 3. Safeguards the Foundation: Overflowing gutters allow water to accumulate around your home's foundation, potentially causing cracks and structural damage.
 4. Prevents Basement Flooding: When gutters can't channel water away, it can seep into basements or crawl spaces, resulting in dampness and flooding.
 5. Reduces Pest Infestations: Debris-filled gutters create a perfect breeding ground for pests like mosquitoes, rodents, birds, and insects.
 6. Preserves Landscaping: Overfilled gutters can wash away soil and damage flower beds, trees, and other landscaping elements.
 7. Extends Gutter Lifespan: Regular maintenance prevents the buildup of debris that can lead to rust, corrosion, and sagging, ultimately extending the life of your gutters.
 8. Prevents Ice Dams: In colder climates, clogged gutters can lead to ice dam formation, which can damage both your gutters and roof.
 9. Minimizes Repair Costs: Routine cleaning helps you avoid costly repairs by catching issues early and maintaining the overall integrity of your home's drainage system.
 10. Enhances Curb Appeal: Clean, well-maintained gutters contribute to the overall aesthetic of your home, boosting its curb appeal and potentially its value.
- Regular gutter cleaning—ideally twice a year—helps ensure that your home's drainage system works efficiently, protecting both your property and investment.

THE BENEFITS OF SPRING

IT'S FINALLY SPRING

It's finally spring and not a moment too soon, this time of year reminds me of blossom, new life, the smell of freshly cut grass, the days getting slightly lighter, and the bursting colours of the new life of the beginning of spring.

The long, cold winter days and nights often have an effect on our mental wellbeing which is why I try and connect with nature in spring. an early morning walk or taking a brake at lunch time and finding a green space to take a brake away from the hustle and bustle of the modern working environment.

Did you know?

Australia is wider than the moon: Australia is almost 4,000 km wide from east to west, while the moon is 3,400 km in diameter.

Payments

When making online banking payments to Invitari, adding the invoice number to your reference will enable us to match up payments and prevent unnecessary reminder notices.

Appointments

Most of the calls we get on a daily basis is through word of mouth. This is due to the many happy customers we have served over the years who have referred our services to friends, families and strangers that have asked for trusted traders.

It is because of this that Invitari Ltd is often booked up to 6 months in advance which means that if our team are turned away on the day of your booking, it can often be difficult to find a convenient day to reschedule. We understand that sometimes it will be necessary to reschedule and therefore we will do our best to meet your needs. Please see our full list of Terms and Conditions for cancellations and rebooking, available on the Invitari Ltd website (link below)
