Newsletter Highlight

Temperatures are beginning to drop which means it is time to turn on those heaters causing gas and electric bills to skyrocket. The more energy consumed the higher your bill will be. Remember to turn off/reduce the heat when leaving the house to help conserve energy.

Winter is fast approaching

Fun Facts

- Did you know your energy bill has 2 components, a supply and delivery company? Is your supply rate per therm or kWh too high, if so check out suppliers in your area to help reduce your gas bill. Feel free to give our team a call to learn more about plans in your area!

- Our company is committed to giving back to the community. This month, we have partnered with American Protection Equipment to give new customers free shipping on their first order. We encourage everyone to stock up on masks and gloves before winter ramps up.
