

# FOCUS Civano Survey Results

**FOCUS Civano** conducted an on-line and in-person survey from October 26th through November 11th, 2021 and recorded the result in 3 categories: Infrastructure & Equipment, Event & Other Comment. This is a recap of the results from the question: **What equipment or infrastructure would you like to see revitalized or introduced here in Civano?**

## Infrastructure and Equipment

## Total Homeowner Responses

Homeowners responded to the **On-Line Survey (167/672):**

**24.9%** Homeowner Response

Homeowners that responded to our **In-Person Focus Group Gatherings (62/672):**

**9.2%** Homeowner Response

Over a third of our members are excited and encouraged to **revitalize the guiding principles of Civano**

**34.1%** Homeowner Response

## Specific recommendations provided by the respondents:

- Exercise Stations along the walking path
- Multigenerational playgrounds
- Music and Performing Areas
- Multi-use Shade Structures
- A new Coffee House or venue
- Labyrinth and Meditation Gardens
- Nature Walk education placards
- Integrated Solar at parking areas & pools
- Spaces for Community Engagement
- Splash Pad and pre-teen/teen activity area
- Interactive Teaching Tools
- Improved Signage and Branding
- Aging in Community neighbor support
- Volunteer and Sponsorship programs

# Exercise and Recreation

## Exercise Stations along the Walking Path

FOCUS Civano

# Inclusive Play Creating a Healthy Community

All kids are created equal with the same desire and need to experience play. Play that challenges and inspires them physically, supports and stimulates them cognitively and facilitates an emotional and social connection. A well-designed inclusive playground welcomes children and adults of all abilities to a play experience where everyone can interact and play together.

Play is not only fun, but it's also an essential part of a [child's development](#) and critical for the successful growth of both the brain and the body. Playgrounds offer a unique opportunity to support a child's cognitive, emotional, physical and social development all why disguising it as play.

The link between play and its positive outcomes is so strong that the National Association for the Education of Young Children (NAEYC) considers it an important component of developmentally appropriate teaching practice, the American Academy of Pediatrics have issued guidelines to help pediatricians encourage play, and the UN High Commission on Human Rights declared play a fundamental right of all children.

All children mean everyone. The need for play does not distinguish between children who are typically developing and children with disabilities. Everyone of all abilities needs play. And everyone means not only children with a physical disability requiring an accessible playground, but it also includes developmental disabilities like autism; children with sight or hearing impairment and children with intellectual disabilities such as down syndrome. Everyone also includes siblings, parents, grandparents, friends, and other caregivers.

# Sights and Sounds for a Healthy Environment

## Versatile Shade Structures

# Nature Walk, Directional Signage and Seating

COMPLETE ON LINE SURVEY RESULTS: What equipment or infrastructure would you like to see revitalized or introduced here in Civano? (example: new playground)

1	Outdoor workout type equipment (pull up bars, calisthenic type equipment, pushup station, etc.)
2	1)The pools should be heated tear roynd for swimming/exercise. Living in moderate winter temperatures it is a no brained to have the pools heated tear round. Numerous of my neighbors have asked me the same thing. 2) landscaping upgraded
3	Adding festive decorations around the neighborhood for Halloween/Fall season.
4	The streets are all cracked up and there are numerous potholes now.
5	Small areas of play equipment spaced out through the neighborhood. Mile/km markers on a the bike/running paths. Establish a 5k route. Dog park! "Aging in place" group that connects people who have needs (ride, delivery, friendship, etc) and volunteers.
6	Playground suitable for older children
7	There is great stuff here already - let's just keep it in tip top shape - the pools, BB court, walking paths, etc.
8	Refresh the tot lot.
9	Any of the public infrastructure that requires repair and updating to ensure the safety of everyone who uses them.
10	Rotunda furniture and equipment to make it a place to connect with other residents. Benches along walking path especially along Nightbloom:
11	You need to first prove that you can do simple things like keep the trash cans emptied. Its ridiculous. We walk daily and they are always full and stink ! How can you ma think about new or revitalized facilities if you are not able to manage simple tasks?
12	Additional pool heaters so we can swim all winter.
13	Playground
14	
15	Walking trail improvement and expansion, plus shaded rest stops. Improvement of conditions for bicyclists and walkers. I know that as far as streets are concerned this last is a city/neighborhood matter, but I thin the HOA sholuld also give it attention.
16	Dog Park
17	Dog park
18	The community garden
19	shopping areas. small shops, and other village type areas.
20	1) trees planted along west side of Nightbloom Way; 2) more benches along Nightbloom; 3) Plantings in common areas farther from the activities center, eg. between Geo Brookbank and next street south
21	An exercise gym
22	Physical fitness type of infrastructure for active people or a better idea, placards with nature knowledge for education of the sonoran desert for walkers throughout the neighborhood. A lot of newcomers don't know about javelina, coyote, tarantulas, creosote, saguaro, etc. teach them as it's their new home.
23	Just continue taking excellent care of our current facilities!
24	More public seats around Another coffee bar
25	Remodeling of the Civano Center, courtesy of the residents HOA dues.
26	Attract more business that serves our community. Walking is always better then driving! Miss having a community coffee shop to walk to for breakfast or to meet a friend ... a place to walk for a glass of wine and a little music. Shade over the cement area in the toddler playground.
27	Please complete sidewalk repairs! Plant/add more trees and shrubs to replace storm losses.

COMPLETE ON LINE SURVEY RESULTS: What equipment or infrastructure would you like to see revitalized or introduced here in Civano? (example: new playground)

28	Winter heated pool, maybe only one of them.
29	Placement of basketball hoop on northside of court so the sun isn't in your eyes when you are shooting hoops! Exercise stops in various locations - something to do step ups, stretching, etc., updated swings, updated playground equipment in tot lot. Is this the place to mention filling in holes in all of the streets?
30	Preserve the walking trails.
31	Patch and seal remaining roads within Civano like recently done on Renewal lane.
32	We need a couple of lower swings - current height is too high! And we really need a coffee house again, perhaps as part of a book store or library?
33	Keeping both pools in good working order, clean and inviting.
34	A variety of outdoor fitness equipment along one of the pathways
35	Yes, a new playground for those kids who have outgrown the tot lot but still for the preteen aged children. Also, maybe some exercise stations like bars, benches, etc along the walking paths for the walkers who are also looking for a safe way to do some stretches, squats, sit ups, crunches, etc... while out doing their walks.
36	full sized basketball court repair streets Civano Nursery up keep: The green wall still looks terrible and has not been fully painted, the new build needs to be completed as it looks awful No parking signs along major streets like Thunder Sky
37	I regularly play Pickleball on the tennis court. I was hoping to have a permanent reservation to play with other Civano residents and wonder if that a reservation system with fixed designated hours was possible.
38	Replace trees that have had to be taken down due to disease(parks) Add cactus and native flowering plants. Fix or replace irrigation where needed. Encourage members to take better care of their yards. Organize help for older residents who might not be able to keep up with yard work. Bring back "Aging In Community"
39	Even though our kids have outgrown it, updating the playground would be a good investment.
40	I would like to see the pool heating equipment updated to actually heat the pool. Our current "solar" powered pool is extremely outdated and does not in fact heat the pool to any acceptable level (80 degrees). We have great weather in the winter and it would be great if we could actually use the pool (especially for children). I would also like to see the pool bathrooms updated. Compared to the new construction across the way, our bathrooms look like camping our outhouses. It believe it would increase the value of our properties.
41	New Playground Exercise Equipment for adults
42	Playground, coffee shop
43	A dog park would be nice.
44	Coffee shop
45	Road repair. Been here 16 years an city Has never repaired streets. Dog park as well.
46	We would love to see a playground for older children. Maybe replace the swings by the south pool and put a bigger play structure? We would also enjoy some exercise equipment - pull up bars, benches for squats, something parents could use while kids were playing. A splash pad would be wonderful if there was the budget for that. The tot lot could use some updating - maybe a new play area there as well? It would also be helpful in the grassy areas weren't watered in the middle of the day - it makes it hard to play on/use them when they are wet.
47	The retaining basin/park at the entrance of Civano on 7 generations and Thunder Sky Way is the first thing visitors see and it is neglected. It needs revitalization and as a possible connection to the walkway on Houghton. Ramada, demonstration garden, community garden, exercise stations, bike inflation station are all possibilities!

COMPLETE ON LINE SURVEY RESULTS: What equipment or infrastructure would you like to see revitalized or introduced here in Civano? (example: new playground)

48	Since Civano was originally designed as an energy-efficient housing community with access to businesses within the community, resulting in less driving, would like to promote encouraging a smaller local market to open nearby (like a Food Conspiracy Co-op or Rincon Market). Would also like to do more education on making it easier for families to reduce, re-use and re-cycle. More talks on issues of climate relevance and disaster preparedness at monthly soup suppers would be a start. Can we open a Repair Cafe (they are nationwide) in our Community Center? How about bicycle repair/maintenance station for filling tires and minor fixes?
49	Fitness Equipment/Simple fitness center. And a dog park.
50	Dog park!
51	Exercise Stations along the walking trail.
52	Basketball hoop positioned so sun is not in your eyes while playing. Also we have a few potholes that need repair.
53	Outdoor Entertainment area/stage for small community music events, plays, puppet shows, comedy....and looking at the stars...
54	Playground equipment
55	playground
56	Trees and/or on-street parking on the west side of Nightbloom where it's currently just gravel, especially pull-outs near mailboxes. People, including the mail carriers, consistently drive onto the gravel.
57	New playgrounds & finish the Northridge remediation before it again becomes critical.
58	New playground - more equipment to play on A coffee shop!
59	Recently, we see trees being replaced on Civano Blvd, Nightbloom and Thunder Sky, which is great, but we lost a tree two years ago on Cele Peterson in the Civano owned border outside of the sidewalk, requested a replacement and it still has never come. We also have two other downed trees same street and situation, have not been replaced. I would like to see a swing or two added to the grassy spaces around the neighborhood. We do not take our child to use the only set of swings because they are so far to the south at the pool playground. It would be nice to utilize the grassy areas for our kids as well *(i.e. grassy areas at Sixto Molina, Richard Ashley, north Thundersky, and by north pool.)
60	1) I would love to see the full-size soccer field continued to be maintained and stay in good condition as it is. With the exception of the summer months, I use it with my kids almost every weekend to play football (we use about 75% of the length of the field). Because the field is big enough, we often find ourselves on the field with other families at the same time but we are all able to do the activities we want to do because the current size of the field supports that. Keep that awesomeness going! 2) I think the playground equipment and landscaping therein could absolutely be improved. Definitely get rid of the sand. 3) Shade sails above the swings by the soccer field would be nice. 4) More shade in general by the soccer field would be nice.
61	More benches along the streets and in "pocket Parks". For example in the green space on Nightbloom
62	Theatrical space (rotunda? outdoors?) with lighting and sound.
63	Planting of low water use, low maintenance shrubs, ground covers and cacti as understory plantings in the Common Areas, along roadway sidewalks and in roadway medians.
64	A gym for seniors

COMPLETE ON LINE SURVEY RESULTS: What equipment or infrastructure would you like to see revitalized or introduced here in Civano? (example: new playground)

65	I would encourage the board to consider transitioning to a more sustainable model of how the community's common areas are developed/maintained. In particular, I would like to see us move away from an emphasis on inert materials as a ground cover (i.e., landscaping rock) and towards a more diverse living landscape model, incorporating a variety of native/drought tolerant plant species that will enhance the soil (and its microbiome) and improve its ability to sequester carbon (as opposed to current practices that compact the soil/damage its biology, especially when herbicides are applied to it).
66	New playground for sure! (both parks) One playground for 1-5 year olds and one for older kids by the soccer field.
67	Hot tub!!!
68	Security lighting on multi-use pathways
69	Improve basket ball court. Needs ball stop in back of basket
70	I think a sand volleyball court would add to the community value.
71	New playgrounds/kid spaces! The tot lot playground set needs to be replaced. It's very old and run down. Possible sprinkler/splash pad? The swings next to the south pool need to be replaced with play equipment for older kids.
72	Expand the recycled water pipes to more parts of the neighborhood for irrigation; probably doesn't belong in this question, but another staff member for our management company so they can properly enforce neighborhood rules and regs
73	Volleyball court
74	Playground at South pool area, including lowering swings! Dog park at one of the small grassy parks we have. And I don't even have a dog!
75	fenced dog park
76	New pool loungers; Adirondack chairs in some park areas on grass; misters at pools and town center.
77	More public garbage cans as the ones we already have are frequently full.
78	Pool bathrooms repainted, area between community garden & bocce ball leveled and new gravel or updated surfacing.
79	All is good.
80	1. new playground in tot lot with better shading. 2. playground by soccer field area, for example remove the swings and put playground equipment. 3. all the grass areas are always too wet to play on - the drainage and watering issues need to be figured out in grass areas so they are usable. 4. pull-up bars, dip bars around dirt path (soccer field area). 5. The paved path needs to be re-paved, the coating this summer only made it look more black. Should be re-paved so people can more easily ride it with wheeled equipment. 6. A bike repair station would be helpful. 7. splash pad by the south pool would be fun. There is plenty of space over there and that is a huge benefit for families.
81	A splash pad would be a nice addition to the Civano neighborhood. My girls were excited for the new one down Drexel, but that one is now private for that neighborhood only.
82	Keep pools and walking paths maintained.
83	I would prefer to see the landscaping improved. For example: tree across from my house removed (it was a dead Mesquite) with nothing done to the area. Just a blank, empty spot now. Many of the neighborhoods look sad, when you compound the lack of landscaping with the lack of enforcement re: maintaining home exteriors. Two homes I see from my front patio are in desperate need of paint and stucco repair
84	speed bumps along high traffic roads or roads where people drive too fast, like Nightbloom and Seven Generations where the businesses are. More parking in high traffic areas around the business areas.
85	Heated pools

COMPLETE ON LINE SURVEY RESULTS: What equipment or infrastructure would you like to see revitalized or introduced here in Civano? (example: new playground)

86	Would like the pools to be heated during the winter months. Playgrounds for the chicklets are always good. Would like the pools to be covered during the winter months.
87	Are there any undeveloped neighborhood spaces where we could place new development? For example is the space directly east of the Civano School owned by the HOA? Would be good to be specific about areas that are available for upgrades or new development. If not seems like we have very limited options to introduce new infrastructure. Redo the large south field. It is full of weeds and low spots that collect water. It needs to be re leveled and shaped to shed water better.
88	exercise stations on the wider walking path around civano. ( i can provide examples) Volleyball net with sand In the same area where the horse shoe and Bocce ball area is, or in the south pool area (looks like room at either location. Now for the big one. Solar photovoltaic panels installed on the roof of the pool area instead of passive solar water to heat the pool with an electric heater, provide lighting and power for pool equipment, and lighting for surrounding area, including the tennis court.
89	Better/updated playground, more lighting on walking paths, holiday lighting at park every year (last year it was great)
90	Playground for school aged kids. Coffee shop!!! (We loved the tot lot but outgrew it and aren't quite ready for the big swings at the pool.)
91	Benches along walking paths
92	The more trees the better!
93	A co op coffee shop
94	dog park; hummingbird and/or butterfly flower garden (milkweed attracts monarchs); meditation garden (perhaps as part of, or next to, a hummingbird/butterfly area, & with birdhouses)
95	Dog park and a coffee shop!
96	A dog park and new/updated playgrounds for the kids
97	More playground equipment in the south pool area. Current equipment is insufficient.
98	I would like to see a playground for older children in addition to the tot lot. I don't even have playground-aged kids anymore but a multi-generational neighborhood needs amenities for all stages of life. We should also get charging stations for electric cars which are going to be more common in the coming years.
99	New playground without sand without roundup sprayed nearby. Rubber cushioned ground for fall safety and 100% shade. Also a cafe.
100	Splash Pad.
101	Dog park Small (indoor/outdoor) restaurant with a limited menu and limited hours which could offer a changeable two item dinner and takeout menu such as lasagna, a home made chicken pie, a prosciutto cheese plate, etc. Garden/landscaping class to offer ideas, advise newcomers on appropriate climate sensitive plantings, and provide rough estimates of costs related to creating and maintaining such environments.
102	- Adequate soccer nets that hold a soccer ball when a goal is scored. - Brighten up the pool area - freshen up with some new paint, thoroughly clean pool furniture, empty trashcans more regularly in the summer.
103	New playground and another good coffee shop.
104	Keep up the pools Keep up the landscaping It's great
105	Basketball courts, soccer field. Introduce pickle ball court and/or new playground.
106	consideration of adding a spa to both of the pool areas. That would really help folks that have joint issues. It would be nice to have the walkways particularly the ones going down near the Pantano wash cleared out. All of the sand at this time is an obstacle in walking. Also some type of signage particularly on Civano and Nightbloom to indicate a limited speed limit. I have seen cars going down Civano at a very high speed.

COMPLETE ON LINE SURVEY RESULTS: What equipment or infrastructure would you like to see revitalized or introduced here in Civano? (example: new playground)

107	I would like to see an outdoor space developed for folks that are older: along the kind of free park places developed for seniors in Amsterdam : Civano began with innovation and environmental leadership ! Let's move forward in this spirit ! Kid playground: of course ; hands on interactive equipment : tactile, colorful :
108	Trees planted on streets that don't have them (Drexel, west of school for example). improve parking situation for residents and visitors.
109	Nothing
110	Improve the rock area between the community garden/horseshoe & bocce ball.
111	Dog run, road resurfacing
112	Bike service stations, at least 2; hot tub in both pool areas
113	Dog Park
114	A real basketball hoop would be great. The current hoop is loud and outdated.
115	Repair roads even though they are city of Tucsons
116	Trees along common areas and parking lots trimmed up, walkways cleaned up
117	Better landscaping. Trees that are pruned attractively, not the "butchering" of trees that is ubiquitous.
118	A new playground for all age groups would be awesome!
119	Outside exercise stations.
120	Get the sex offender amendment done!!! Add a light on corner of Civano (leading to Houghton) & Thundersky
121	Improved tot playground, new playground for older kids, coffee place, small grocery store, ice cream cart
122	
123	Coffee shop! Seriously, I'm a teacher and LOVED having a coffee shop. It was great for community morale, tutoring, and I LOVED walking to get a cup! I thought there was a bike fixing station going in but if not, that'd be cool too. Additional benches at Mary Webber Park?
124	The playground for small children is a mess. New equipment. I also would like to see a big playground on the big grass field for older kids. Maybe on the grass done soccer nets. Permanent ones.
125	Tennis courts cracks, new furniture and updated kitchen in community center.
126	Walking trails and bike paths
127	Dog park using one of the many pocket parks. Dogs need a place to run! We dog owners would love to play frisbee with them. There are accommodations for many interests from swimming to pickle ball, etc but not for we dog owners.
128	Badminton/Volleyball courts w/nets Better trimming/cleanup of parkway mesquite trees
129	Lights at basketball court!!! Nighttime games are impossible there! Paved walking trail around soccer field. Dog park (there has to be a small area somewhere! Glass Recycle bin
130	Update the furniture in the Rotunda. Make the area more inviting, comfortable, attractive. Now that we no longer have a coffee shop, it could be a place to meet and visit with our neighbors.
131	Playground for older children.
132	Dog Park
133	Playground/exercise area for seniors with equipment.
134	I hated to see the coffee shop close and wish that something could be done to add an eatery in the shops area. I cannot imagine it not being a HUGE success. Is it a zoning issue? How did the bakery go about it?
135	New playground!!! Yes
136	Solar panels that actually heat the pool is my only wish - besides a hot tub. That is all I've been wishing for since I built here in 2001. Thanks for asking!!!! <3

COMPLETE ON LINE SURVEY RESULTS: What equipment or infrastructure would you like to see revitalized or introduced here in Civano? (example: new playground)

137	Lighting along walkways
138	Maintenance of our roads, landscaping and curb appeal of homes is vital. Where it's beyond our control, constant pressure on appropriate officials is key.
139	The Rotunda and walking paths. The Rotunda looks like a cave in my opinion. It needs a remodel badly. Walking paths could be expanded maybe, etc.
140	Playgrounds and pools
141	Another Basketball Hoop at the South pool location that does not face the sun. We believe the best revitalization would be if we could socially benefit from having another coffeehouse. Somehow offer a free rental location for a coffee truck/store, to entice them into our neighborhood.
142	I would like to see swings for older kids with longer, normal chains. The ones by the pool are up so high on short chains and they are hard to use.
143	Replace broken benches, remove and replace dying trees, plant more trees, replace irrigation system, remove or repair bocce ball/ horseshoe pits, stabilize eroded slopes, repair erosion in stormwater drainage areas.
144	coffee house - or a "coffee truck" or some sort of social gathering place like the coffee house used to be
145	We would like better roads in the development which I'm sure the HOA can't do anything about.
146	Adult exercise equipment such as a chin up bar, sit up bench, etc.; dog park; drop in coffee meet up location,
147	We would like to see a sauna by the pool to soothe old, sore muscles. Playground is great for the kids, but there are older folks like us around too. Please consider our presence. We would also like to see refill water bottle stations with filters for bottles so as to keep hydrated when taking a walk. Like the ones they have at the airports. Thanks!
148	Update and improve the tot lot playground. We also need more playground equipment etc for children older than 4 years old.
149	Pools resurfaced in the winter, community coffee shop, more doggy bags near all trash cans
150	Please ensure all light posts on the walking paths are in working condition. I also believe the common area on Rust Lane could incorporate grass.
151	New pool area furniture. Saguaro Trails has really nice furniture. Full basketball court. High quality soccer nets.
152	We need a new playground with real equipment and not just plastic toys.
153	New playground equipment; a gym or some basic workout equipment; bringing more businesses into the complex
154	Maintain status quo of infrastructure

INFRASTRUCTURE - IN PERSON RESULTS FROM COMMUNITY ROTUNDS VISION BOARDS 11/5/21 & 11/6/21		QTY	BUCKET
1	Labyrinth & Centering Gardens Achieve a contemplative state, walking among the turnings, one loses track of direction and of the outside world and thus the mind. Possible locations: SE Corner lot of Civano Blvd & 7 Generations or NW corner of 7 Generations and Thunder Sky	10	CA
2	Sand Volleyball court	3	CA
3	Put another park where swings sets are located at South Pool	2	SP
4	Repurpose half of the soccer field remove grass from new area and put large climbing structure	3	SP
5	Make a basketball court a full court	3	CA
6	Exercise equipment along the pathways through Civano (ie chin up bar, sit up bench, etc)	7	R
7	Remove spiders and bushes from tot lot	2	RM
8	Plant fruit trees in and around tot lot pomogranate, apples, orange	1	RM
9	Older childrens playground both playgrounds at South pool soccer field	1	SP
10	Upgrade bathrooms in pools	1	SP/NP
11	Do not upgrade bathrooms in pool	1	SP/NP
12	Create intergenerational recreation areas and/or centralized recreation zone	1	R
13	No I like recreation areas spread out. We don't want every kid in the neighborhood on one play set	1	R
14	Move tot lot to central creation zone babies and business parking don't mix	2	R
15	Adult exercise equipment Parkour equipment throughout the community this is great for all ages	11	R
16	More equipment middle school/tweens toddler basketball, soccer pitch	3	R
17	Increase temperature of pool in winter, too chilly for old bones	2	NP/SP
18	Vision for elder playgrounds	1	R
19	swings lowered at south pool	1	R
20	Keep tot lot	1	R
21	Add more playground equipment south pool and maybe north pool	1	NP/SP
22	More swings	2	R
23	Toddler playground adding music elements	1	R
24	Age 6 Monkey bars, swings with shade, big kid slide, no gate, climbing equipment for big kids, new tot lot playset, bird watching for kids, climbing things, basketball court	4	R
25	Exercise stations along walking path	6	R
26	Texttile playground, elder playground, intergenerational playground (photos submitted)	3	R
27	Dog Park	5	CA
28	Volleyball court/pit	1	R
29	Community Garden Have some plots that are open to anyone to work or selecting food with published days for community members without their own plots to meet and work together. Bob Small and others should not have to do all the routine maintenance work!	1	E
30	Please put speed bumps on Nightbloom make spaces for bicycles along speed bump. I live on Nightbloom and watch school kids going to school. Please before someone takes a life	4	RM
31	Slow down traffic on Drexel and Nightbloom & Civano. It seems people use our Civano as a cut through from Drexel to Houghton. Not a fan of speed bumps but they work. Also on Creosote Ridge.	5	RM
32	Speedbumps on Nightbloom many cars and motorcycles speeding there	1	RM
33	slow traffic especially on Nightbloom & Civano Walkable nature of our community is marred by the traffic speeding	6	RM
34	Streets put a stop sign on Nightbloom at Cerulean. Nighbloom is the longest street in Civano with no stop signs and only one intersecting street. Speed limit should be 20 not 25 too many people walk in th street.	4	RM
35	Add speed bumps on Civano Too many speeding vehicles don't mix with children, walkers, bikers, etc.	4	RM
36	Security cameras in common areas as there have been several breakins	1	SF
37	Complete Northridge remediation project	3	CA
38	Green spaces are over watered and very unusable. Watering of these areas needs to be better figured out. Lots of wasted water. Grass is soggy for too long. Grass should be more usable for people to use.	1	RM

INFRASTRUCTURE - IN PERSON RESULTS FROM COMMUNITY ROTUNDS VISION BOARDS 11/5/21 & 11/6/21		QTY	BUCKET
39	Plant ocotillos, pink muhly, ornamental grass and more plants-trees to attract pollinators - mexican sunflowers	1	RM
40	Add bathhouses throughout the community	2	CA
41	Trees are what help make Civano so different and special. More love for trees, better care Perhaps start an ADOPT A TREE PROGRAM or work with Tucson Clean & Beautiful	4	RM
42	Phase in more sustainable landscaping, less rock, more plants/ground cover. No herbicides. We need to take steps to improve soil health, which then in turn helps sequester carbons	3	RM
43	Plant more trees! Fruit trees in and around tot lot, texas mountain laurels EVERYWHERE JL Tex live oak, Trees, figs, pomagranates	4	CA
44	ON SIGNS-put signs by wash between Nightbloom & Civano Blvd-signs at wash to let people know which streets intersect-with arrow to main streets etc. Nightbloom & Civano Blvd	1	S&B
45	Butterfly garden Pollinator plants for bees, butterflies, birds	1	CA
46	Pocket parks need more benches & tables. Park on Nightbloom near south & Cerulean no benches only a path and a few trees are there now	4	CA
47	Put up a map of Civano in Rotunda	1	S&B
48	Plant trees in right of way on Drexel and other places that are barren. Plant trees along west side of Nightbloom from Cerulean to Drexel	3	RM
49	Sponsor competition for outdoor sculptures. There are at least 5 potential locations. Stone or steel or woodpieces would give delight near some of the walking paths.	3	CA
50	Limit any electronic signage to what has been put in already ie: not a fan of Civano Nursery's big electronic signage right out front (15 yr resident)	3	S&B
51	Sign: Stop idling cards in front of businesses it pollutes	1	O
52	Fix the existing lighting on Houghton fence to illuminate 'Civano' branding if city will allow	3	S&B
53	Put up street signs along the wash area (gravel paths) between houses south of Cerulean and Drexel to facilitate finding your way walking	2	S&B
54	Commission small lapel pins with Civano logo to offer residents and others a way to show pride in our community	1	S&B
55	Coffee cart, lower overhead costs like a good truck with fancy coffees	1	CA
56	At 7 Generations & Thunder Sky Signage inside parking @ Civano Nursery stating "Caution--Drive Friendly" or something to that effect People come out of those driveways without even looking	2	S&B
57	Show some kind of appreciation to fire station across the street	2	E
58	Coffee House	1	R
