January 3, 2025

Greetings!

We are excited to announce the revitalization of our member-based lending and savings credit union. Our mission is to provide loan facilities to our members, fulfilling financial needs that traditional banks may not address.

Our operations are funded by members' savings and share purchases, enabling us to lend to our community and generate a surplus. This surplus is distributed annually to our members, providing opportunities to increase savings or purchase additional equity.

Our immediate goal is to strengthen the foundation of the LFTC Credit Union through active member engagement and robust savings accumulation. We aim to welcome **400 new members** and accumulate **\$50,000** in savings. These robust savings will allow us to lend and invest in the future of our members.

We are supervised, regulated, and authorized by the Liberia Credit Union National Association and by the Central Bank of Liberia. As a non-depository financial institution our members' funds are held in Ecobank Liberia Limited - a premier regional bank established since 1985.

We warmly invite you to join us and become part of a remarkable movement. Together, Diaspora Africans and Liberians can unite in impactful service, innovative financial solutions, and strict adherence to regulatory standards.

For more information, please check out our "**What You Need to Know About LFTC Credit Union**." page. Our website <https://liberiafinanceandtrust.com/credit-union> also has more information about LFTC Credit Union.

Yours truly,

William Thomas Bernard King, Manager
LFTC Credit Union
