Presidents Report

Well here we are in April already and the Toledo Swap and Show is tomorrow. I hope to see some of you there. There are usually a lot of good deals to be had and it's a good place to find that certain part from batteries, kits or whatever! It also means that spring and the nice weather is just around the corner.

We have had a few nice days and there has been plenty of activity early mornings out at the field. Just remember that it takes a few days after storms like we had yesterday to allow the field and runways to dry out. Please stay off the Petro-Mat as much as possible until the ground beneath it has dried and firmed up. Please be advised that as of today the code at the field has been changed to the new 2025 gate code printed on the back of your membership cards. I have spent a few hours today updating and cleaning up existing membership information and adding new member information to the database.

For those of you who were members last year but have not joined as of yet , you cannot fly at the field or indoors without a current 2025 paidmembership. Get those membership applications and dues in as soon as possible to regain your flying /field privileges.

Monday night the 7th of April is our next monthly meeting. Paul Sousa has donated all the stuff that he didn't have room for in his recent move after he sold his house. I spent several hours going through and sorting out the garbage and mouse poop . There are two ele. planes (requiring some work) ,transmitters,cases, nitro motors new and used, hardware and covering equipment and on and on. Paul said to have an action at our next meeting with all proceeds going back to the club. So come out and join in the mayhem! Meeting starts at 7:00 so see you then. CheersMurray Inverarity

Meeting Sunparlor RC Flyers

Meeting February 3, 2025

Meeting at the Windsor Flying Club was called to order by President Murray Inverarity @ 7:01 pm. We had no new members but two guests were introduced.

Treasurers Report

Jim Bridge gave us a briefing on our bank account and budget vs actual numbers. No questions were fielded from the floor. Jim motioned the report be accepted as posted and read. Second was Dave Borland. Carried.

Old Business:

The executive had no old business to discuss and none was brought forward from the floor.

New Business:

Murray reported the new field lock combination has yet to be changed to this years code. Anyone wanting access to the field will have to use last years code until the new code is set.

Murray reported the indoor flying event at the Lebro Centre in Amherstburg has enjoyed fabulous participation and is drawing in new members. Average attendance is between 15 to 25 participants.

Mark Isherwood led a procedural review for renewing your RPS Pilot Recency Requirement to satisfy the 24 month recurrent training program requirement He went through the 30 questions pilots are required to answer to pass. Mark has a PDF version of the of the study program available to the membership.

Jim Bridge reported Dave Borland will continue to maintain our field grass cutting tasks for the coming flying season. Thanks Dave!

There was no other new business brought to the floor.

At 8:10 pm Murray requested a motion to close the meeting. Dan Wright made the motion with the seconder being Gary Wolf. The motion carried.

Note - I was unable to attend this meeting so a special thanks goes out to Jerry Beneteau for stepping up and duly recording these minutes. Thanks again, Larry.

The 50/50 draw winner was not duly recorded. Sorry!

Ramblings off the Green

There was no meeting in march, So this February Emitter is a little later than usual.

Indoor is over for the season, Was lots of fun.

A few of us made it to the Toledo swap meet. Tons of stuff to be had. Have a few pics Ill post so you get an idea how big it is.

Hopefully we can keep our Wednesday night BBQ going this season. Bob Veres is unable to haul all the stuff to the field but is willing to man the BBQ. If we can get a couple of volunteers to bring the food and drinks then we can continue this fun get together. I will step up if I can get someone else to help.

FIELD RULES AND GUIDELINES

FIELD RULES

- 1) Any actions contravening to the following rules and / or the M.A.A.C. rules are subject to a warning. Continued disregard for the rules and guidelines by any individual will be reviewed by the executive board with the possibility of not being welcomed to return to our club.
- 2) The field and facilities are to be used by members who are in possession of a current M.A.A.C. and SPRCF club membership. Any out of county guest may use the club's facilities up to three times per year if accompanied by a club member. This guest must have proof of a current M.A.A.C. membership. (insurance)
- 3) Access to the Tower Field is from the 4th concession by the road adjacent the south boundary of the field.
- 4) Parking will be limited to the gravel lot which is bordered by railroad ties, on the south side of the pits and runways, with exception to special event.
- 5) All areas of the field will be kept clean. Each member is responsible to remove their own garbage. If you are a smoker do not throw your butts on the field or in the portable toilet you must take them home with you.
- 6) Pets are permitted in the parking area on a maximum 10-foot (3 meter) leash. It is the owner's responsibility to clean up after their pet.
- 7) No smoking beyond the spectator safety fence will be permitted at any time.
- 8) Cell phone use is to be limited to spectator and parking area only.
- 9) Any member under the age of 16 years must be accompanied by a parent or guardian when at the field.
- 10) There will be no alcohol or illicit drugs consumption permitted at the field at any time.
- 11) You must show proof of current M.A.A.C. membership before being issued a club membership.
- 12) Members who have not obtained their level 1 restricted wings (fly only the aircraft you were trained on or one similar in performance) are not permitted to fly without an instructor alongside said member during flight.
- 13) You must have your MAAC number and either MAAC's phone number or yours placed inside or outside the aircraft.
- 14) You must taxi out to runways via taxi ways only.
- 15) **NO** internal combustion engine operation (except for field maintenance equipment) is permitted between 8:00PM and 9:00AM on any day of the week.
- 16) All aircraft with combustion engine MUST meet the noise limitations of 90 dB at a distance of 7 meters before allowed to be used at Tower field. Suspect aircraft will be tested at a 360-degree perimeter at full throttle with the average recorded reading by the sound meter set to level "A" and "Slow" being used.
- 17) It is the responsibility of anyone operating a gasoline or turbine powered (not Glow) aircraft to always have a suitable fire extinguisher with them at the starting box at all times.
- 18) Any turbine powered aircraft must use a reasonable means of deflecting exhaust during start up as to not damage the field and surrounding properties.

SPRCF GUIDELINES

- 1) PLEASE RESPECT YOUR FIELD

- 2) Flyer's will cooperate with the method of frequency control approved by the club. If you cause an aircraft crash due to interference and it is proven that you are at fault, you will be required to replace the lost aircraft or provide the cash value for damages.
- 3) Aircraft will be prepared for flight on one of the cement starting pads or raised starting stations with the aircraft's forward direction facing the flight field. Do not start or arm engines in the pits. This also applies to battery powered electric aircraft
- 4) All flyers are required to display their current membership card at the frequency box while occupying the field.
- 5) No flying over the pits, parking lot, spectator area or restricted (no fly) zones. Know that the flight line is always beyond the petro mat.
- 6) All runways and grass landing area should always be kept clear for emergency landings. Please note it is mandatory to call out landing prior to a landing attempt.
- 7) Landings will be made with the pilots back to the pits.
- 8) Prior to a low fly by, no person should be on the field beyond the pilot line. All low fly-bys must be called out.
- 9) When more than one aircraft is in the air, pilots must fly in the same circuit or in different sections of the field as decided by mutual agreement between the pilots flying at that time.
- 10) NO Flying in the no fly zones that are posted at the field and included in this document.
