**VERY IMPORTANT! PLEASE READ THIS  
BEFORE PLACING AN ORDER!**

For any private orders there is a minimum order amount of R2000.00.

If you wish to get the flowers delivered - we will work out the delivery cost based on quantities ordered and location.

Please note we only deliver to certain locations in and around kzn.

If you are from a different province we will box the flowers and send them via airfreight using the Pietermaritzburg airport.

This catalogue is just an outline as to what we have planned for the seasons ahead however, we are farming flowers and are susceptible to damage and loss of crops. Thus, please always find out if certain flowers are DEFINITELY in stock.

Please keep the above point in mind when placing an order with us however, we will communicate with you if an unforeseen upset occurs in our production. Please arrange Plan B from the onset in case we are not able to supply.

Orders must be placed two weeks before the event/collection date.

Cut stages per flower may vary.  
stem length of bunches varies between 30 to 70cm depending on the flower variety.

If you have any other questions or wish to place an order please do so via email:  
[keanonflowers@gmail.com](mailto:keanonflowers@gmail.com)

Thank you. We look forward to working with you and supplying you with fresh blooms off the farm.
