The CODES are obtained and "fresh" CODES are infused in the Frequency and sent to the clinic; the Frequency contains the DNA benefits of "intelligent plants" (i.e., mimosa) to help the Immune System so the body can produce its own collagen to maintain the youth look; yearly return for "touch-up" is given at the resort to maintain the 5-10 year younger appearance. Note: The science is 5:1 ratio. Maintaining 5 -10 years younger means your friends will look 5 to 10 years older; it also means in 5 years your friends your same age will seem 20 years older.
