## EO Gurbakshish Singh sits on shamlat land files, colludes with encroacher of illegal property

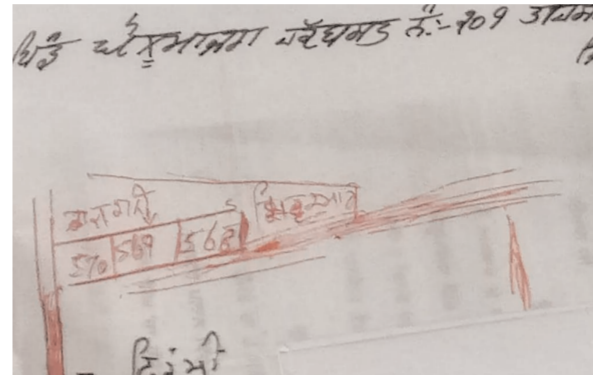

Commissioner News Service

**LALRU** : Even after the certification undertaken by the Sub Divisional Tehsildar, the requisite Nishaan Dehi was performed before 3 years at the Gholumajra village. The land was allocated to Shiv Kumar by the gov-

ernment Revenue Department vide khasra no. 396 (Of 2 Bishwa) and 568 (Of 5 Bishwa) at the said village. The government aimed at removing the then scourge amongst the landless citizens in Punjab and hence fulfill the long

A copy of official fard in the name of Shiv Kumar S/o Bidhi Chand and Nishaan Dehi executed by Tehsildar in favour of Land owned by Shiv Kumar S/o Bidhi Chand.

pending demand of the populace.

What is the ultimate use of registered deed of the land tract but now stands forcibly usurped by a unscrupulous landlord in the village abaadi deh.

It is impertive that the government

land should be retrieved as the law does not permit any one to raise construction on the shamlat which is being overlooked by the Executive Officer perhaps in collusion by making bucks from the illegal beneficiary.

## 'Chandigarh Sweets' owner smears validity date with fake one

*Outlet selling stale lived quality of sweets*

Commissioner News Service

**ZIRAKPUR** : The sweets sold here on Chd-Amb road in Chandigarh as per Health Department directives are not having clear validity period but is shown smeared date of validity. The consumers

have to helplessly purchase the old smelt sweets, said a visitor while arguing with the sweet shop owner Ram Goel. The disgruntled customer groaned and said even the medicines have expiry

date, on taking expired medicine one may get fainted also and medical reactions there after multiply. Several consumers have the urged the food safety authority to increase the frequency of the raids on

violators of health standards. It is pertinent to mention never any food outlet is excluded from the harmful ingredient and harmful colour and product, said Mamta Verma a retired physics lecturer.

## Smashed eggs, polluted water, used for manufacturing icecream

Commissioner News Service

**CHANDIGARH :** Adulteration in food items is seen very common in order to earn fast bucks but such practice very seriously hampers children mental and physical growth. The other day industrial area Lotus icecream manufacturers were surrounded by disgruntled consumers who were objecting to sub-

standard food safety procedures. Containers of food contamination were found as proper sanitation and storing was lacking utterly. Despite many efforts of Commissioner News Service, communication could not be established with the owner of the Lotus Ice Cream outlet Harinder Singh Bhuddi Raja.

The hazardous use of untreated water was being made and Food safety standard were pushed aside since there was no raid from Health, Food and Safety Department. The ice cream parlour did not follow requisite specification of providing minimum 10% milk (Fat) solid contents as one medico comment-

The food item ice cream is also known as ultra processed food rather is junk item. The food is not nutritious fat in calories but often bacterial contaminations is witnessed in the not easily layers. The quality of Vanilla is not often found authentic still being widely used as no. 1 in the ice cream manufacturing.

## 6 acre land earmarked for judicial complex at Jawaharpur

Commissioner News Service

**Mohali / DeraBassi :** A stretch of 6 acre land has been approved for the construction of Judicial complex at Jawaharpur besides specific land identified for residences of judicial officers, police and civil officers in sector 96. Mohali, revealed an official of the district administration.

Disclosed that

approval has been received for the construction of 24 residences at Mohali and funds would be got sanctioned from the

government by getting the drawings approved from the chief architect and determining the construction cost. The existing potable water supply, sanitation, department office rooms, a water tank and borewell would be required for dismantling work. Thereafter an estimated budget would be prepared.

## Extension of maternity, child care leaves for women in Armed forces approved -- Defence Minister

Commissioner News Service

**New Delhi :** The benefit of extension of maternity, child care and child adoption will be applied to all women in the Armed forces, regardless of their position as an officer or otherwise. This measure would help improve the work conditions of women in the military and also aid them to balance the

spheres of professional and family life in a better manner. Defence Minister

Rajnath Singh has approved a proposal for extension of the rules for Maternity, Child

Care and Child Adoption Leaves for women soldiers, sailors and air warriors in the Armed Forces at par with their officer counterparts. With the issuing of the rules, the grant of such leaves to all women in the military, whether one is an officer or any other rank, will be equally applicable.

EDITORIAL ~

US dual rack policy envisages to chastize Iran

In recent years, Iran has emerged as an important X factor in West Asian politics with its export of a clergy-led model of political governance to other nations to establish a ‘Shiite crescent’ of power from the Persian Gulf to the Mediterranean. The Sunni Ba’athist party government in Iraq was an effective bulwark against the spread of the Iranian influence till its leader Saddam Hussein was executed in December 2006.

For a long time, the US followed a dual-track policy of penalising Iran for its destabilising behaviour in the region with the imposition of sanctions on the export of oil coupled with its readiness to hold a dialogue on important issues, such as its nuclear weapon capability. This policy worked well till the US was able to exercise significant pressure on Iran with the help of Russia and China, and Iran had an incentive to improve relations with the US to get relief from sanctions.

In a speech in November 2020, Iranian Supreme Leader Ayatollah Khamenei exuberantly declared that the “USA is not the world’s dominant power, it is melting away. Asia will become the centre of economics, political and military power. We are in Asia.” In another speech, he said the Iranians should not expect any foreign assistance or changed policies from the Western governments: “Our officials should improve Iran’s capability to face hardships on its own. Future talks with the West should be limited to the nuclear issue.” He described Iran’s missile programme and other military efforts (supporting its foreign

spread of the Iranian influence till its leader Saddam Hussein was executed in December 2006. For a long time, the US followed a dual-track policy of penalising Iran for its destabilising behaviour in the region with the imposition of sanctions on the export of oil coupled with its readiness to hold a dialogue on important issues, such as its nuclear weapon capability. This policy worked well till the US was able to exercise significant pressure on Iran with the help of Russia and China, and Iran had an incentive to improve relations with the US to get relief from sanctions.

In a speech in November 2020, Iranian Supreme Leader Ayatollah Khamenei exuberantly declared that the “USA is not the world’s dominant power, it is melting away. Asia will become the centre of economics, political and military power. We are in Asia.” In another speech, he said the Iranians should not expect any foreign assistance or changed policies from the Western governments: “Our officials should improve Iran’s capability to face hardships on its own. Future talks with the West should be limited to the nuclear issue.” He described Iran’s missile programme and other military efforts (supporting its foreign

proxies, such as Hezbollah) as ‘defensive’, aimed at deterring its enemies. Iran would look at China as its future political, economic, energy and security partner became clear when the two countries signed a 25-year strategic partnership agreement in March 2021; it provides for deeper cooperation in the export of crude oil, civilian nuclear energy, the use of national currencies for trade as well as cooperation in science & technology and security. China has facilitated Iran’s induction into the SCO and BRICS. China brokered an agreement between Iran and Saudi Arabia in March this year to restore diplomatic ties and de-escalate tensions.

The US sanctions on the export of oil by Iran, while hitting its economy, have failed to dampen its revolutionary fervour or extension of support to Shiite groups in Bahrain, Kuwait, Saudi Arabia and other countries. The clergy has been able to regroup the hardliners, marginalise the liberals and buttress the IRGC and other groups of its liking to stay in power. It has bred a number of militant proxies, such as the Hezbollah in Lebanon, Houthis in Yemen, Hamas and Islamic Jihad in Gaza, some with the ability to make ballistic missiles and carry out

drone attacks to balance its adversaries’ superiority in conventional weapons. Iran was able to endure an eight-year war (1980-88) with Iraq when the West and almost all Arab states supported the Saddam Hussein regime; it managed to protect its allies in Syria and the Houthis in Yemen in recent conflicts and become a nuisance to US-backed Saudi Arabia. It has revived the sidelined Palestinian issue by supporting Hamas, created complications for the extension of the Abraham Accords between Israel and Saudi Arabia and bred a new spectre of instability and escalating war in the region.

After the failure of Trump’s “maximum pressure” campaign, the Biden administration has tried to improve relations with Iran by making quiet deals through Qatar. One of these involved allowing Iran to export oil by relaxing the imposition of sanctions in the expectation that Iran would either delay or stall its uranium enrichment programme for a bomb. Another deal was for the release of five American hostages by Iran in return for billions of dollars held by South Korea for the import of oil.

Bursting of crackers affects respiratory health

**Commissioner News Service**  
**MOHALI** : In view of the festive season, District Magistrate Aashika Jain has issued orders to regulate the sale and use of green firecrackers and permissible timings for bursting crackers. The guidelines were issued ahead of Diwali, Gurupurb, Christmas and New Year, which are often celebrated with the bursting of crackers that can adversely affect the respiratory health of vulnerable groups, including the elderly. In accordance with the directions of the Punjab Government, the manufacturing, stocking, distribution, sale and use of joined fire crackers (series crackers or laries) has been banned in the district as well. Only green firecrackers, which do not use barium salts or compounds of antimony, lithium, mercury, arsenic, lead or strontium chromate, will be allowed for sale and use. The sale of permitted crackers shall be permitted through licensed traders only. Meanwhile, residents will only be allowed to burst green crackers that

too for a very short duration. Besides, an endeavor shall be made to explore the possibility of community fire cracking. No e-commerce websites will be allowed to accept any online orders and effect online sales within the district. “The Mohali SSP shall ensure that the sale and use of only allowed green firecrackers takes place during the permitted time and at designated places. Similarly, XEN, the Punjab Pollution Control Board, Mohali, shall carry out short term monitoring in all parts of the district as per the guidelines of the Central Pollution Control Board said Aashika Jain. MC Commissioner and EOs in the urban areas, and BDPOs in rural areas shall undertake special precautions after taking into account ambient air quality of the area.

Rs 19.38 cr multi-level parking inaugurated by Anil Vij

**Commissioner News Service**  
**AMBALA** : Parking facility in the local town has been constructed at a cost of Rs 19.38 crore and will be managed by the Municipal Council, Ambala Sadar. Home and Health Minister Anil Vij inaugurated a multilevel parking facility in Ambala Cantonment. Congested lanes, absence of parking spaces, and haphazardly parked vehicles have been an ordeal for commuters. “To decongest the market, there was a need to develop a

multi-storey parking lot, but there was no space available for the facility, following which a three-storey parking facility has been developed on Gudgudia drain. The parking lot has a capacity to park 350 cars and 300 two-wheelers” commented Mr Vij. Subdivisional Magistrate-cum-Administrator, Ambala Sadar MC, Satinder Siwach said, “Tenders were invited but bids were not received. Hence, it was decided to start the operation by engaging the MC staff.

Voter list to be amended by Dec 9 - Sushil Sarwan

**Commissioner News Service**  
**PANCHKULA** : Following instructions of the Election Commission of India (ECI), claims and objections of voters of the Kalka and Panchkula Assembly constituencies will be taken up till December 9. Persons who are 18 years of age or more as on January 1, 2024, can register their names in the voters’ list. Deputy Commissioner and District Election Officer Sushil Sarwan said the entries recorded in the voters’ list could be corrected and the name

transfer could also be done from one polling station to another under the Assembly constituency, for which the eligible person had to enter the new name in the voters’ list. He said if the name of a voter had been removed from the voters’ list for any reason and the voter was present at his place, he could get his name included in the voter list by filling form number 6 by December 9. He said any form could also apply online through NVSP, VHA app issued by the Election Commission.

Face interviews for the post of RERA chief, falling on November 18

**Commissioner News Service**  
**CHANDIGARH** : Eyeing post-retirement rehabilitation, atleast 16 Haryana bureaucrats are in race for the posts of chairpersons and the member. A total of 34 candidates are vying for each post of chairperson while 63 are in fray for member’s post. Now Decks have finally been cleared for the appointment of chairpersons for Panchkula and Gurugram Benches of the Real Estate Regulatory Authority (RERA) and a member of the Panchkula Bench. The Haryana government has invited the candidates for interview for the post of chairperson on November 18, and for the member’s post on November 17 and 18. Among the former IAS officers, who are eyeing both the posts are Varinder Singh Kundu, Sunil Kumar Gulati, Arun Kumar, Alok Nigam, Mahavir Singh, Rajeev Arora and Dheera Khandelwal, all former IAS officers, and Yogender Chaudhary, former IRS.

The Haryana Government constituted two benches of RERA—Gurugram (with jurisdiction in Gurugram) and Panchkula (with jurisdiction in rest of Haryana) in 2017—to provide an institutional grievance redressal mechanism to property buyers and regulate the largely-unregulated real estate sector across the state. KK Khandewal and Rajan Gupta, chairpersons of the Gurugram and Panchkula Benches, respectively, retired earlier this year. A substantial number of bureaucrats and other professionals apply for these lucrative posts which carry handsome salaries and other perks, including palatial bungalow and official car.

## Modi eulogises innovative spirit of youth for 31% spike in patent pleas

Commissioner News Service

**NEW DELHI :** The rise in patent applications is based on the World Intellectual Property (WIPI) report, an annual release by the World Intellectual Property Organisation (WIPO), a specialised agency of the United Nations. Prime Minister Narendra Modi took to social media to celebrate the remarkable increase in patent applications by India. In a post on X, he praised the growing innovative spirit of the country's youth, emphasising the positive outlook for

the future. This report sheds light on India's exceptional growth in patent applications, which has continued for 11 years, outperforming other top nations. While the report acknowledges global uncertainties due to geopolitical instability and economic challenges, India's innovators remain undeterred. In 2022,

they submitted patent applications at a growth rate of 31.6 per cent, reinforcing India's prominence in the field of intellectual property. The leading countries in patent applications for the year were China, the US, Japan, Republic of Korea and Germany, with China contributing to nearly half of all global patent applications. India was also one of the only five countries amongst the top 20 nations with the most industrial design applications- designs applied to products intended for mass production.

## India developed economy for \$30 trillion by 2047 - Think tank

Commissioner News Service

**NEW DELHI :** The draft "Vision India @2047" by Niti Aayog will be ready by December this year and publicly unveiled in the next three months, he said. "Consultations with sectoral groups of secretaries and thought leaders, including industrialists Gautam Adani, Mukesh Ambani and Google CEO Sundar Pichai, will take place in November," CEO Subrahmanyam, the think-tank disclosed on Monday. Busy in preparing, the NITI Aayog a vision document for India to become a developed economy of about \$30 trillion by 2047, said the Central Government's think-tank. The PMO had initiated the preparation of this vision document in 2021 with the formation of 10 sectoral groups of secretaries. In 2023, the NITI Aayog was asked to consolidate the 10 sectoral thematic visions into a combined vision. In

2019, PM Narendra Modi had forecast that India would become a \$5 trillion economy by 2024-25. However, with a declining growth rate, it is expected to reach only \$4 trillion by 2024-25. Perhaps conscious of this slippage, Subrahmanyam said the vision document would outline the required institutional and structural changes and reforms to become a developed nation by 2047. "The whole purpose of the vision document is to avoid the middle-income trap," he told the media. The middle-income trap is a situation where a country reaches a

stage of development where it can no longer compete internationally in labour-intensive areas because wages are relatively higher. It also cannot compete in higher value-added activities because productivity is relatively lower. Subrahmanyam did not mention the growth rate required to become a \$10 trillion economy by 2047. Speaking last month, Union Minister Hardeep Puri had forecast that the Indian economy would touch \$10 trillion by 2030. Economists had then calculated that it would require India to grow at 9 per cent for the remaining period.

## Shimla-Amritsar flights to begin by Alliance Air from Nov 16

Commissioner News Service

**AMRITSAR :** Alliance Air, will run three days a week — on Tuesday, Thursday and Saturday. The airline will take off from Shimla at 8.10 am and reach Amritsar at 9.10 am. From Amritsar, the flight will take off at 9.35 am and reach Shimla at 10.35 am. The introductory fare from Shimla to Amritsar is Rs 2,000. The Shimla airport is located at Jubbarhatti, 22 km from the main city. Yogesh Kamra, convener, Fly Amritsar Initiative, said, "We welcome the new direct non-stop flight from Shimla, the capital city of Himachal Pradesh, to Amritsar. The journey by road is long and can take up to 10 hours whereas the Shimla-Amritsar flight can cover this distance in only an hour." After the Amritsar-Kullu

Manali flight, Alliance Air is now going to start a direct flight from Shimla airport in Himachal Pradesh to Shri Guru Ram Das Jee International Airport in the holy city. The airline would start operating flights from November 16. The flight would be operated through ATR 42-seater aircraft thrice a week. "This convenient connection would boost both in-bound and out-bound tourism in Amritsar. Many domestic and international tourists want to visit Amritsar during their North India tour when travelling to the Upper Himalayan tourism circuit," he added. Earlier, the Alliance Air had initiated a flight from Kullu-Manali to Amritsar on October 1, which is getting a good response.

## Now Chandigarh gets 4% hike in DA

Commissioner News Service

**CHANDIGARH :** The Administrator has implemented the October 20 order of the Union Government to enhance the DA rates with effect from July 1. The UT also approved non-productive linked bonus (ad hoc bonus) equivalent to 30 days' emoluments for 2022-23 to eligible employees in Group C and all non-gazetted

employees in Group B, not covered by any productivity-linked bonus scheme stated the UT Finance Department orders. The UT Administration has increased dearness allowance (DA) for its and Central Government's employees by 4 per cent. With this, the DA has now gone up from 42 per cent to 46 per cent.

## ED finds 28 OMR sheets tampered in Haryana recruitment scam

Commissioner News Service

**CHANDIGARH :** The OMR (optical mark recognition) sheets of 13 candidates for the dental surgeon recruitment test and 15 for the Haryana Civil Service (Executive Branch) preliminary examination conducted in 2021 were tampered with, the Enforcement Directorate has said citing a forensic report. In its prosecution complaint filed in the multi-crore Haryana Public Service Commission (HPSC) scam before a Panchkula court, the ED maintained that former Deputy Secretary Anil Nagar and one of his middlemen, Ashwani Sharma, "used to fill the blank circles left by candidates in the original and the carbon copy of OMR sheets". Of the 24 roll numbers of the HCS exam, written on a paper found in Nagar's pocket during a search, 15 matched with the data recovered from Sharma's mobile phone. The

ED said HPSC employees Deputy District Attorney (DDA) Gautam Nariala, Assistant Jitender Singh and Steno Satpal had revealed that Nagar used to continue scanning OMR sheets even after they had left the service commission's office after 8 pm. The ED's case is based on an FIR lodged by the State Vigilance Bureau (now Anti-Corruption Bureau), dated November 17, 2021, against Nagar, Sharma and others. A total of Rs 3.30 crore was recovered, of it Rs 1.08 crore from Nagar's room in the HPSC office. Also, Rs 66 lakh was recovered from the residence of Nagar's friend

Ashish Kumar and his father Satish Garg, while another Rs 1.44 crore (belonging to Nagar) was surrendered by Ashish, the ED said. Another Rs 12 lakh was recovered from Nagar's house, it said. Sharma's firm M/s Paru Data Solutions Pvt Ltd had got the contract for scanning OMR sheets from the HPSC. Upon his arrest on November 18, 2021, the Vigilance Bureau made him contact Nagar to tell him that "he had brought a scanning machine". He came to Nagar's office and left the trolley bag. The bag was full of cash. Thereafter, the Vigilance Bureau raided Nagar's office and arrested him. Vineet Kumar, from whom Sharma had hired the scanning machine for the HPSC work, told the ED that he had seen Sharma filling up the circles in the OMR sheets in the room assigned for scanning.

## GMDA draws infra roadmap for Gurugram 2041

Commissioner News Service

**GURUGRAM :** The augmentation plan of roads in the metropolitan town has been approved by CM Manohar Lal Khattar. Based on a projection that the city's population is likely to swell to 55 lakh by 2041, the plan put together by the School of Planning and Architecture in New Delhi draws a comprehensive infrastructure augmentation roadmap. Gurugram will be transformed into the city of future by 2041, according to the first ever Social Infrastructure Development Plan prepared by the Gurugram Metropolitan Development Authority (GMDA). This roadmap shall help authority in deciding, approving and executing its projects and planning budgets. "The authority's sole purpose is the transformation of Gurugram into millennium city and achieve the target in next two decades. This can be called the blue print of the vision, which will systematically direct the development of the city," said CEO PC Meena. The plan focuses on a roadmap for authorities to follow in five areas education, healthcare, public safety,

recreation and socio-cultural facilities. The plan underlines the need for more schools, daycare centres in residential clusters, multi-purpose campuses of institutes, government healthcare facilities within three kilometres, parks in colonies, police posts and old-age homes. In the education sector, the assessment concluded that the five existing universities and another eight nursing and paramedical training institutes would meet the needs of the residents at the district level by 2041. But the city would need another 750 nursery schools, 430 more primary schools, and 686 secondary and senior secondary schools over the next two decades. Currently, there are 545 nursery schools, 279 primary schools, and 412 secondary and senior secondary schools in the city. On the health front, the city would need two more general hospitals, a civil hospital and

six veterinary hospitals. It currently has two government-run civil hospitals and five veterinary hospitals. About 210 speciality hospitals, diagnostic centres would be needed by 2041, 250 dispensaries and clinics, 25 nursing homes and maternity centres too. On public safety, the plan noted that there are 25 police posts in sectors, which need at least nine more, especially in Old Gurgaon and the new sectors that are now lined with housing societies. For recreation the plan seeks four district parks, 26 community parks and 747 neighbourhood parks in addition to sports complexes and a stadium. On socio-cultural activities, the key takeaway was the need for cultural centres, old-age homes (22), orphanages (16), night shelters (5), hostels for working people (3), and cremation and burial grounds (24) over the next 18 years.

## Needle recovered from left lung of 7 yrs

Commissioner News Service

New Delhi : AIIMS doctors were successful in pulling out an embedded 3 cm long needle from the lungs of 7 years old boy, claimed the medical staff of the AIIMS. The department of Paediatric Surgery performed intricate endoscopic procedure. In a life threatening conditions, the boy

was admitted having encountered the moptysis -- cough bleeding. The medical radiological tests revealed a long sewing machine lodged

deep in the left lung, disclosed Dr Vishesh Jain, additional professor in the department of Paediatric Surgery.

## Farm groups to protest on tractor trailers from 26 Nov for 3 days

Commissioner News Service

Bathinda : A total of 32 farm groups from Punjab, affiliated to Sanyukt Kissan Morcha would hold 72 hours protest in Chandigarh. The farmers group against proposed farm laws would from 26 to 28 Nov. The decision was taken in a meeting

of 32 farm groups The Sanyukt Kissan Morcha had given a call for 72 hours protests from Nov 26 to Nov 28. The farmer leaders had also decided to start an indefinite protests at Jalandhar from Nov 9 to demand an fixing of sugarcane price at Rs RS 450 per quintal.

## Review petition of coordinate bench rejected by Apex Court

Commissioner News Service

New Delhi: "It is a well-settled proposition of law that a coordinate bench cannot comment upon the discretion exercised or judgment rendered by another coordinate bench of the same strength. If a bench does not accept as correct the decision on a question of law of another bench of equal strength, the only proper course to adopt would be to refer the matter to a larger bench, for authoritative decision, otherwise the law would be thrown into the state of uncertainty by reason of conflicting decisions," the bench said. In a verdict impacting scope of review petitions, the Supreme Court has held that review of judgment cannot be allowed merely because of any passing reference made against it by another bench of equal strength and the petitioner cannot be per-

mitted to reagitate and reargue the case on that ground. A bench of Justices A S Bopanna and Bela M Trivedia rejected a review petition seeking re-examination of last year's verdict pertaining to the Corporate Insolvency Resolution Process (CIRP) of a firm Rainbow Papers Limited. The review was sought on the basis of observation made by another bench, which had said that certain provisions of insolvency law were not considered while deciding the case. The court said that the ground taken in the petition that the court had not exam-

ined Section 53 of Insolvency and Bankruptcy Code (IBC) was incorrect as all provisions of the IBC were referred in the verdict for deciding the priority for the purpose of distributing the proceeds from the sale as liquidation assets. "Apart from the well-settled legal position that a co-ordinate Bench cannot comment upon the judgment rendered by another co-ordinate Bench of equal strength and that subsequent decision or a judgment of a co-ordinate Bench or larger Bench by itself cannot be regarded as a ground for review.

## Interest of justice demands probe into graft

Commissioner News Service

New Delhi: Certain complaints had been received against Yogesh Gaur, who was posted as sub-registrar in Janakpuri office, in the year 2019 and 2020. VK Saxena lieutenant governor has granted permission to conduct an

inquiry under the Prevention of Corruption Act against a former sub-registrar of there venue department who was accused of demanding bribe from applicants for registering their documents. Certan that complaints

had been received against Yogesh Gaur, who was posted as sub-registrar in Janak puri office, in the year 2019 and 2020. In the interest of justice, there was a need to conduct an inquiry into the allegations made against Gaur and the directorate

of vigilance should be directed to process the request received from the anti-corruption branch, after due diligence," said an official from the "The LG also noted that there was irrefutable evidence of acts of omission and commission against the

officer concerned," the official added. According to officials, the ACB had sought sanction to probe the complaints against the accused officer under the provisions of the Prevention of Corruption Act.

## Yamunotri, Badrinath dhams, dates announced for closure

Commissioner News Service

### CNG to be produced from wet garbage

**Commissioner News Service**  
**CHANDIGARH:** Epitomising the Indore standard of CNG (Compressed Natural Gas), Chandigarh city seems to be all set to generate the natural gas production. For the experiment purpose, the expertise of National Environment Engineering Research Institute is being brought from Indore to see the efficacy of the CNG conversion. The CNG operations will be conducted in 10 acre land to meet the challenge of Liquefied Petroleum Gas (LPG) about 8 to 10 of plot would be needed for the perfect allotted task. The objectives of the safe living berefet of flies would be taken into account on recycling. The firm running the plant would produce bio methane and CNG (Compressed Natural Gas). The facility would also be produced by treating 200 tonnes of wet waste and dairy waste in a day, said the sources.
