## Extraordinaire with high banking professionalism wins hearts of many !!

Commissioner News Services

Zirakpur : Since now, we are ensconced in banking sector , we have to complete the span of our occupational , biological life , contemplate many staffers in their respective banks. Nevertheless , such type of concept doesn't rest with usual employees. Existing variations in different philosophies keep functioning. The exceptional services

of Ms Monica Mittal are incredible ,as she leaves indelible print on the visitors ' mind. The propensity of Ms Mittal is intriguing and very

pleasant, "PI baithiye , abhi ho jayega, is wondrous in her professional approach, infact derives pleasures in serving the humanity, particularly clientele of Union Bank of India.

This scribe, an old client of this bank as well a frequent visitor didn't find any other aficionado absorbed passionately in her work assignments as much was seen here in the case.

# EDITORIAL - Agniveers ensure bringing down pension perks

A good army does not keep the country secure by fighting a war, but by preventing one. It does this through deterrence by remaining fully equipped, trained and ready. To keep it thus ever ready entails costs. When an annual review is done, all ministries and departments show a tangible utilisation of the allocated funds. This is done by counting additional highways, universities, hospitals, airports, etc. But those entrusted with keeping the country safe have nothing to show in physical terms. Their contribution is not perceptible, and their expenses are liable to be misconstrued as being wasteful. Consequently, they are the first to come in the crosshairs of the cost-cutting measures. The Army's manpower is internally reviewed regularly. However, it needs to be remembered that weapons and technology per se do not win wars; it is the soldier who does. If that were not true, Israel, with far superior weapons and technology, would have achieved its avowed aim of finishing the ragtag Hamas a long time ago. But Israeli Defence Minister Yoav Gallant is desperately asking for 10,000 additional soldiers. India has over 15,000 km of land borders. These run through the toughest terrain in the world. The situation on some 7,000 km of the land border remains perpetually active, calling for the deployment of troops. It is debatable whether the 12 lakh-strong Army is too large. Although Pakistan is no pole star, it is pertinent to remember that our

western neighbour — with less than one-fourth of our size and nearly one-seventh of our population and an economy in a shambles — is maintaining 6.5 lakh personnel. By that yardstick, our defence forces' strength should be around 33 lakh instead of the present more than 14 lakh personnel. With our booming economy, the incessant drumbeat of our Army being too large and causing a burgeoning expenditure needs to be muted. Sustaining peace and security is not the purview of the Army alone. It requires a synergy of diplomatic, economic, political and other factors. Unfortunately, our relations with our immediate neighbours have remained strained over the years. It falls to the Army to 'manage' those relations by keeping the adversaries at bay. This underscores the need for keeping a strong army. Consequently, the suspension of recruitment in the Covid-19 years, while retirements continued, the Army manpower had come down by nearly two lakh. Luckily, there was no war during the period. If considered prudent by the security policymakers, that reduced strength can be institutionalised. But whatever is retained must be homogenous. A hybrid army comprising a mix of regular and contractual soldiers cannot match a cohesive force. After controversy erupted, certain benefits of the Agnipath scheme were put forward. One is the lowering of the age profile by two/three years. It may be

mentioned that after the 1962 war debacle, the Army had sent out teams to different theatres to carry out physical tests at varying altitudes. Based on their findings, mandatory standards were prescribed for annual battle physical efficiency tests. Interestingly, the standards for all aged from 18 to 35 years were exactly the same. The age factor, therefore, is more of a post-event justification than a factor in favour of the continuation of the scheme. It is true that the short service commission officers who served for five or 10 years performed laudably well in wars. But officers serve as leaders, where they take individual decisions at the cutting edge. The soldiers, on the contrary, always work as a team in which esprit de corps is their glue. This is difficult to achieve in a disparate group. It has also been reported that an internal survey of the Army found the scheme to have merit. The reality, however, is that the system does not allow the Army to publicly express disagreement with a government scheme. All internal analyses get dovetailed into support for the decision that has already been taken; it is not examined critically. The scheme is designed to inculcate discipline in the country's youth, as some have said, this can be achieved through less risky options. For one, the NCC (National Cadet Corps) scheme can be expanded and more Army personnel can be involved in the training than at present.

## Fill in correct information for new Aadhar card : Chandigarh DC

**Commissioner News Service**  
**CHANDIGARH :** Out of the 1,190 applications received for aadhar card in the past one year, 627 have been rejected, mostly because the applicants were not found residing at the mentioned address during field verification. Chairing the district-level Aadhaar monitoring committee, Deputy Commissioner Vinay Pratap Singh urged people to submit complete applications with correct details for new enrolment as the Administration conducts physical verification of each and every application. Jagdish Kumar, Director, UIDAI, Chandigarh, said residents must keep their Aadhaar updated and 'upload

document' feature was available on mAadhaar app and on 'my Aadhaar portal' where one could upload latest proof of identity (POI) and proof of address (POA) in cases where no updation was done in the past 10 years. The feature is accessible free of cost till September 14 online or at all Aadhaar enrolment centres for a fee of Rs 50. The DC also appealed to parents to get their children enrolled for Aadhaar and further get the biometrics updated of children aged 5 and 15 years at

nearby Aadhaar enrolment centres. The facility is free of cost and provided in select government schools in Chandigarh as well as at Sampark centres, select post offices, bank branches, aanganwadis centres and Aadhaar Seva Kendra. Sachin, project manager, UIDAI, suggested to update email ID in Aadhaar so that residents could get updates. At present, only 17% of Aadhaar cards from UT Chandigarh are seeded with email ID.

In addition, there will be a special class for local, novice riders from each zone.

## Special campaign for pending proceeding by Haryana Excise & Taxation Dept's till July 31

**Commissioner News Service**  
**PANCHKULA :** The Haryana Excise and Taxation Department is running a special campaign for the settlement of pending proceedings and the rectification of orders from July 3 to July 31, said

Hanish Gupta, DETC Sales.

## Councillors seeks special powers to spend Rs 1 lakh per project

**Commissioner News Service**  
**PANCHKULA :** The issue of approving cash Rs 1 lakh to councillors has already been discussed in a meeting of MC Councillors and employees and is awaiting approval from the Commissioner. The Municipal Corporation is set to give additional powers to corporation councillors to get small works done in their respective wards. After approval, the councillors would not need to bring matters falling below an expenditure of Rs 1 lakh per project to the MC House, as they would be allowed to approve and get them completed on their own. Officials said, post-approval, the councillors would be able to execute petty and emergency works in their respective wards. They would be able to spend up to Rs 1 lakh per project on 10 different projects in a year. As such, the councillors

would be able to spend Rs 10 lakh per year without approval from the house. The MC would thus spend a maximum of Rs 2 crore on behalf of its 20 councillors in a year. Sources said the matter has been approved by the Mayor and two Councillors Suneet Singha of Ward 13 and Gurmail Kaur of Ward 10. They said it has not been approved by the Commissioner; however, it has been sent to the Urban Local Bodies Department for approval. Ward 13 Councillor Suneet Singla said the decision has been taken to ensure that the small works of residents are completed on time. He said, "At times, people come with

All the taxpayers of the district or their authorised representatives should contact their respective competent officer for settlement of pending proceedings and settle the cases by July 31 said Mr Hanish Gupta.

small problems like pits in front of their houses or broken gates in parks, which could lead to mishaps. These works need minimal expenditure; however, they remain pending as all works being carried out by the MC need to go through the officer concerned, a proper process of preparation of the tender, calling the tender, allocation and getting the work done, all of which takes at least 45 days. This new decision will eliminate the needless delay in work and will be carried out through the approval of the councillor." Mayor Kulbhushan Goyal said the MC is faced with enough issues of broken walls on public properties and non-functional street lights, among others. He said that after approval, these would be done with the approval of the councillors, adding that there would be no delay in the completion of such works.

## Retest of NEET if paper leak is while spread : Supreme Court

**Commissioner News Service**  
**NEW DELHI :** "One thing which is very clear is that the leak has taken place... That the sanctity of the exam has been breached is beyond doubt. The question is how widespread is the leak," three-judge Bench led by CJI DY Chandrachud said, while hearing petitions seeking scrapping of NEET-UG 2024 over alleged paper leak and other malpractices. Asking the Centre not to be in self-denial, the Supreme Court on Monday highlighted several 'red flags' in the NEET-UG 2024 examination held on May 5 and made it clear it will order a retest if it's found that the paper leak is widespread. "Is it the case of NTA that there is no (paper) leak? We take it that there is an admitted position that there is a leak. The nature of the leak is the fact we are determining," the CJI said. "The top court, however, said: 'Before we decide to order a retest, we must understand what is the nature of (paper) leak... is it widespread or isolated... Asking 23 lakh plus students to appear for a retest is tough.' However, it said: "In a situation where breach affects the entirety of the process and it's not possible to segregate the

beneficiaries from others, it may be necessary to order a retest." Around 24 lakh students appeared for NEET-UG 2024 examination conducted on May 5 by the NTA across 4,750 centres in 511 cities and 14 centres abroad for admission to MBBS, BDS, AYUSH and other related courses in more than 700 government and private institutions to fill 1.08 lakh seats. Highlighting the red flags, the Bench noted an unusually high number (67) of students got a perfect score of 720 out of 720 in the results declared on June 4 and some of the rank 1 holders had the same sequence of roll numbers, which raised suspicion of malpractice and irregularities. The Bench, which also included Justice JB Pardiwala and Justice Manoj Misra, directed the CBI to submit a status report on the

probe into the paper leak and posted the matter for further hearing on Thursday i.e. July 11. It asked the Centre and the NTA to clarify if it's possible to identify and segregate the 'wrongdoers' from honest candidates. "If we have to separate the grain from the chaff, we have to identify the red flags," it said. The Bench sought to know the timing of paper leak and duration between leak and actual test as also the number of wrongdoers identified so far and methodology adopted for the paper leak. The court asked the NTA to inform it about the steps taken to identify the centres and cities where the question paper leak took place, the modalities followed for identifying the beneficiaries and their numbers ascertained so far. Noting that the Centre had already set up a high-level committee headed by former ISRO Chairman Dr K Radhaa Krishnan to suggest effective measures "for conducting transparent, smooth and fair conduct of examinations" by the NTA, the CJI hinted at adding a few more experts to the panel to make it a multi-disciplinary committee.

## 67 industrial units served notice in Yamunanagar by HSPCB

**Commissioner News Service**  
**Yamunanagar :** Under the provisions of the Water Act, 1974, and Air Act, 1981, over non-renewal of the consent to operate (CTO) certificate before the expiry date notice has been issued to as many 67 industrial units. Tightening its noose on violators, the Haryana State Pollution Control Board (HSPCB) here has issued show-cause notices to 67 industrial units in Yamunanagar district. Industrial units in the district, including plywood factories, food and beverage industries, brick kilns, stone crushers and screening plants, were recently inspected by field officials of the board, sources

revealed. The officials found that owners of 67 industrial units had failed to get the CTO certificate renewed. These units were found non-operational at the time of the inspection. Diksha Pandey, Scientist-B at HSPCB, said the inspections were conducted at the units whose CTO certificate had expired. She said during the inspection, it was found that those units were non-operational. "Virender Singh Punia, Regional Officer of HSPCB, has directed the owners of these units not to proceed with the operation without obtaining prior permission from the HSPCB," said Pandey.

## Prior to NOC, RERA no law of registration existed : General Secretary

**Commissioner News Service**  
**CHANDIGARH :** Plot holders lament that clauses like licence number issued by the Real Estate Regulatory Authority (RERA), details of coloniser, issuing date of the coloniser licence and requirement of the NOC from the regulating authority concerned have created confusion at the office of the sub-registrars. The registration of sale deeds in the approved colonies in the state has been severely affected following recent guidelines issued by the Revenue Department. Aimed at checking unauthorised colonies, the guidelines are leading to harassment of property owners in approved colonies. A senior official in the Revenue Department said a clear distinction between approved and illegal colonies had been made in the instructions issued by the government. Accordingly,

the provision of the NOC from the enforcing authority — the Local Government or the Housing Department — had been introduced. Explaining the lack of clarity in the instructions, Gurvinder Singh Lamba, general secretary, Punjab Colonisers' and Property Dealers' Association, said projects approved prior to 1995 or before the RERA came into existence did not have provision of the NOC or RERA number. "In many cases, the layout plans have been approved by the enforcement agency concerned or the area falls within the jurisdiction of the municipal limits. The

Revenue Department needs to segregate the cases. Everyone can't be clubbed in broader provisions. There are many sub-classifications," he said. The Revenue Department has already directed the Local Government and the Housing Department to publish the list of licensed projects with area details and approved layout plans specifying where the no objection certificates (NOCs) are not required for registration of sale deeds. But the software being used to register sale deeds does not support the instructions. It has been specified that the NOC is not required if the first sale deed of the property is prior to August 9, 1995, and also in case of subsequent sale deed of the plot, provided the property has not been sub-divided further. But property owners are not able to get their property registered upon subsequent sale or purchase.

## Except Manali, garbage from other areas would not be accepted after July 15

**Commissioner News Service**  
**KULLU :** "After July 15, if need be, we will stop trucks from other areas, except from Manali and its suburbs, from dumping garbage at the Rangri site." He added it was for the government to look into solid waste management of other areas said Chaman Kapoor, president of the Manali Municipal Council. MC has decided to accept garbage from Kullu town, its suburbs and Lahaul at the Rangri Refuse Derived Fuel (RDF) plant till July 15 only. The president said if the contractor at the Rangri facility carried out operations in a proper manner, it was sufficient to manage the garbage of Manali and surrounding panchayats. He said an ultimatum had been given to the contractor over alleged irregularities and default in payments. The MC president alleged that the contractor had failed to instal machines to generate energy from waste, as per the agreement done by the

previous body of the MC in 2017. He said yesterday about 150 tonne of garbage in five trucks from other areas reached the Rangri plant. Earlier, the Manali MC had stated that it would stop accepting waste from Kullu and Bhuntar towns, Manikaran and Banjar valleys and from Lahaul areas till Sarchu after June 21. In a meeting with the Kullu DC and other stakeholders on March 21, the other civic bodies and panchayats were directed to make arrangements for garbage management in their respective areas within three months. The National Green Tribunal (NGT) had imposed a penalty of Rs 4.6 crore on the Manali

MC on May 29 for polluting the Beas through discharge of untreated waste from the Rangri plant. The MC has approached the HC to seek relief in the matter. As of now, waste from many areas of Kullu was being sent to the RDF plant at Manali by paying Re 1 per kg to the Manali MC, as many urban, semi-urban and rural areas do not have adequate waste management systems in place. The Rangri plant was also working beyond its capacity. Over the past 5 years, the Kullu MC had been looking for a site to set up a waste treatment plant after the garbage dumping at a yard at Pirdi near Kullu town was stopped from January 2, 2019, following the orders of the NGT and later protests by locals, besides directions issued by the Supreme Court. Many sites were earmarked for setting up the waste treatment plant for Kullu town and its suburbs, but local panchayats had raised objections.

## Rs 1L cr in Odisha to be invested by Railway in next 5 yrs

**Commissioner News Service**  
**Bhubaneswar :** New railway projects worth Rs 1 lakh crore would be undertaken in Odisha in the next five years said Ashwini Vaishnaw Railway Minister on Sunday. The minister said this while addressing a programme organised by the Odisha BJP to felicitate the party's 20 MPs and 78 MLAs elected in the recently held Lok Sabha and

Assembly elections in the state. The Congress government and then the BJD government had neglected the development of the railway sector in Odisha. With the formation of a double-engine government of the BJP in Odisha and the Centre now, the gap created during the past years would be met by creating a new record in these five years, he said.

## India envisages developed economy for \$30 trillion by 2047 - Think tank

**Commissioner News Service**  
**NEW DELHI :** The draft "Vision India @2047" by Niti Aayog will be ready by December this year and publicly unveiled in the next three months, he said. "Consultations with sectoral groups of secretaries and thought leaders, including industrialists Gautam Adani, Mukesh Ambani and Google CEO Sundar Pichai, will take place in November," CEO Subrahmanyam, the think-tank disclosed on Monday. Busy in preparing, the NITI Aayog a vision document for India to become a developed economy of about \$30 trillion by 2047, said the Central Government's think-tank. The PMO had initiated the preparation of this vision document in 2021 with the formation of 10 sectoral groups of secretaries. In 2023, the NITI Aayog was

asked to consolidate the 10 sectoral thematic visions into a combined vision. In 2019, PM Narendra Modi had forecast that India would become a \$5 trillion economy by 2024-25. However, with a declining growth rate, it is expected to reach only \$4 trillion by 2024-25. Perhaps conscious of this slippage, Subrahmanyam said the vision document would outline the required institutional and structural changes and reforms to become a developed nation

by 2047. "The whole purpose of the vision document is to avoid the middle-income trap," he told the media. The middle-income trap is a situation where a country reaches a stage of development where it can no longer compete internationally in labour-intensive areas because wages are relatively higher. It also cannot compete in higher value-added activities because productivity is relatively lower. Subrahmanyam did not mention the growth rate required to become a \$10 trillion economy by 2047. Speaking last month, Union Minister Hardeep Puri had forecast that the Indian economy would touch \$10 trillion by 2030. Economists had then calculated that it would require India to grow at 9 per cent for the remaining period.

## Athletes to retain dominance for Olympic gold medals: PM

Commissioner News Service

New Delhi: "Mera choorma abhi tak aaya nahi (I haven't received my choorma yet)," PM Modi jokingly told the gold medallist, who is a favourite to retain his dominance in Paris. The champion thrower, responded, "Is baar Haryana wala choorma khilayenge sir, pichli baar Delhi ka cheeni wala khaya tha" (This time I will treat you with choorma from Haryana; last time we had the sugary one from Delhi)." Prime Minister Modi wholeheartedly wished Neeraj and the entire Indian contingent the very best for the Paris Olympics. His words of encouragement, urging them to stay fit and injury-free, resonated with the athletes' determination and resilience. "Don't get lost in the magnitude of the Olympics

because that can break your focus. We need to have faith in our talent, and the focus should be on it, and it will produce results," Modi said in his address. "Whether you get medals or not, there is no issue, just give your 100 per cent stamina." Modi emphasised on the need to give the body ample rest, saying, "In the world of sports, practice and

consistency are important, but the same level of importance should also be given to sleep. Good sleep is very important for sports or any other field." During interaction, Chopra shared his fitness concerns, PV Sindhu talked about the significance of self-belief and Nikhat Zareen shared her excitement about being a first-time Olympian.
