Six feet of earth make all equal

Six feet of earth make all equal

R.N.I. REGD. NO. 70959/99; (PB) 1048/99; Zirakpur, Wednesday 19th November, 2025 Vol 22, Edition 48 Page 6 Rs 2/-

"Oasis Ethanol Industries" operates sans functional Effluent Treatment Plant

A chain of diseases like Cholera, Typhoid, HepatitisA, Bacterial infection, Dehydration, Dysentery, Gastroenteritis stem from the aquatic vicinity of the Oasis Ethanol Industries

Commissioner News Service
Jatwar (Ambala) : The untreated contaminated polluted water has often attacked the growth of plants, growing animal and the ecology by transmitting chain of several types of commonly experienced diseases. The clandestine discharge of hazardous waste, effluents, contaminated polluted water, micro organism have been noticed being channelised into the closeby passing Tangri River. The toxin polluted water triggers destruction of habitats, causes biodiversity loss through persistent contamination by disrupting the food chain. Further bio-accumulation of toxin

catalyses to health issues like water borne diseases. The contamination stems from untreated industrial chemicals, effluents, toxin water, agriculture run off and improper waste liquid disposal. The untreated water pollutants can viciously transform an aquatic environment into an inhospitable arena of human life. The chemical contaminants and excessive nutrients can destroy habitats leading to aquatic plants and growing animals. The reproductive system can directly be affected by habitat loss and toxin substance, if the aquatic life is not nourished with naturally clean, uncontaminated and properly

treated water. The potential extinction of sensitive species here may be pointed out, as the phenomenon does destroy successive composition of the eco system in the arena of Tangri tangency. The contaminated fish may generate vulnerable environs where dis-

eases may overtake the life span of wild life and sprawling environment under which all living bodies are surviving. Water pollutants do seep into the soil and can negatively affect plant growth, agricultural productivity, and hence can adversely affect the nutri-

tious food supply. On a visit to the nearby village Jatwar and neighbouring villages Gobindpur, Tasrauli, Khara Jattan, Sadanpur M u k k a n d p u r , Chajjumajra. CNS explored from Ram Avtar, Swaroop Singh, Ram Kumar Tyagi, Ashwani

Verma bonafide residents about the flow of contaminated, polluted water into "Tangri River" by the "Oasis Ethanol Industries, and learnt the virtual taste of fish has developed all repulsive and unpalatable tastes which never existed in the past history.

The pot water is nowhere available as the water level for pure drinking water has gone far down beyond 1000 feet in the vicinity of Oasis Ethanol. The persistent onslaught on purity of natural water of Tangri is not being checked by the accountable pollution control sleuths. All protection and ecology gradation be safe guarded by the Central as well Haryana Pollution Control Department nevertheless it becomes clear here that no official is worried to see the functionality of the treatment plant of the ethanol industry and the safe drinking water is available all times for the local

inhabitants of the Jatwar as well neighbouring villages, flags the latest survey of the CNS. With regard to the incalculable harm being perpetrated to the ecology and environment by the unscrupulous management of the Oasis Ethanol Industries, the Regional Environmental Engineer Sukh Ram said he long ago had visited the ethanol factory and now would inspect, if the untreated water was being channelised into Tangri river yet the gross negligence was tantamount to the abuse of pollution control authorities, if the news contents are seriously taken into account.

Tibetan Market comes on PACL land suo motu order under purview of Apex Court

Commissioner News Service
Zirakpur : An illegal encroachment has been made by the owners of the Tibetan market, the land reportedly belongs to the farmers who had invested for fast returns with the PACL (Pearl Agro tech Corporation) but have been bamboozled by the PACL who have now lost their legacy. The case was filed by the investors in the court of law and is under suo motu order by the Supreme Court. It can not be sold/alienated/rented out as the owners have been deprived of

their genuine share. The disputed land is closely located to Chd-Delhi highway, where traffic snarls are often seen, said a traffic police constable. The illegal power connection to Tibetan Market too has been

pointed out by the social functionaries and scrupulous personnels of the town. Sukhdev Choudhry, President JAC Residents Welfare Society deplored the way, how the owners of the Tibetan Market have taken over the reins of the disputed land which is under the suo motu of Apex Court as the land still belonged to the investors of the PACL, now stand disputed and is under the revenue department. The Pearl Agro Corporation never paid back their claimed returns of the hard earned landed property.

Ups & downs remain inevitable in life -- RJD on Bihar poll defeat

Commissioner News Service
Patna : The Rashtriya Janata Dal (RJD) on Saturday said that the "ups and downs" are "inevitable" in the "endless journey of public service", a day after it faced one of its worst setbacks in the Bihar assembly elections. In a post on X, " it is the "party of the poor" and will continue to raise their voices," said RJD "Public service is an unceasing process, an endless journey, Ups and downs are inevitable in it. No sorrow in defeat, no arrogance in victory," it wrote in Hindi. The Tejashwi Yadav-led party won just 25 seats in the 243-member assembly, its second-worst performance in a Bihar election after 2010, when it had

received 22 seats. The RJD, which bagged 75 seats in the 2020 elections, the most by any party, however, recorded the maximum vote share this year. It secured 23 per cent of votes, 2.92 per cent more than the Bharatiya Janata Party (BJP) and 3.75 per cent more than Chief Minister Nitish Kumar's Janata Dal United (JDU). The RJD-led Opposition bloc, Mahagathbandhan, could only

manage 35 seats, with the Congress getting six seats, down from 19, the CPI(ML) 2 seats, the CPI(M) one, and the CPI zero. The ruling NDA overcame anti-incumbency and won 202 seats, with the BJP securing 89, the JDU 85, Union Minister Chirag Paswan's Lok Janshakti Party (Ram Vilas) 19, Union Minister Jitan Ram Manjhi's Hindustani Awam Morcha five, and Rajya Sabha MP Upendra Kushwaha's Rashtriya Lok Morcha four. While Hyderabad MP Asaduddin Owaisi's AIMIM won five assembly seats, the former poll strategist Prashant Kishor-led Jan Suraj Party and Mukesh Sahani's Vikassheel Insaan Party (VIP) couldn't open their accounts.

MAA ka bharosa, Pyar se parosa 'Patanjali' brand desi ghee, shahad, chyawanprash dominates market

Commissioner News Service
P'kula: Patanjali cow sudehi ghee has gained popularity on account of its fragrant quality , purity and economic rates in tricity markets claimed PK Rao Marketing Manager. He adds saying this pure cow ghee is preferred by those who prioritise natural and organic options. During 2024, the claim of high purity was made in August 2025, sample BKD 2458 was taken for purity test and won clientele applause and wide acceptance . For the quality emergence

conventional ayurvedic Bolana procedure is adopted by the dairy engineers. Cow pure milk is manufactured from white butter/curd. The quantum of cow milk is put on mild flame specific span of time until it got melted for ghee . It is widely claimed that cow milk is scared substance , oftenused

in regious rituals besides Aurvedic treatments . Cow ghee must be used before 9 months from date . Milk fat is inherently expensive . Its current exdairy price of Rs 460, -- 470 / is way above Rs 125 - -130, wholesale range for refined palmolien , soyabean or sun-flower.

Use of ammonium nitrate in Delhi blast and Faridabad haul

Commissioner News Service
New Delhi : Usage of Ammonium nitrate had been widely used in terror-related blasts in India, especially before 2012, when it was found in nearly every major attack. Evidence gathered in the Red Fort blast case has been

sent for forensic analysis to confirm whether ammonium

nitrate was the primary explosive. The findings are crucial, as investigators are examining a possible link between the Delhi blast and the Faridabad terror module, where 358 kilograms of ammonium nitrate and other bomb-making materials were seized.

Tejashwi Yadav elected to lead Bihar Opposition

Commissioner News Service
Patna : Having faced a crushing defeat to the Mahagathbandhan and RJD in the Bihar Assembly elections, Tejashwi Yadav has been elected as the Leader of Opposition in the state Legislative Assembly. He will reportedly meet the newly-elected MLAs of his party to discuss the future course of action for his party. Tejashwi Yadav would "discuss the poor performance of the INDIA bloc in the 2025 Bihar polls" and decide on the "future course of action for the party". The development comes amid the ongoing family feud surrounding Tejashwi Yadav, after his sister Rohini Acharya's big allegations. The INDIA bloc suffered a major setback in the Bihar elections on November 14, with the NDA securing a decisive victory.

The RJD, which won only 25 of 143 seats, is simultaneously dealing with internal turmoil following Rohini Acharya's exit from the party and her decision to step away from politics. Acharya has alleged mistreatment within the family and expressed deep personal anguish in multiple posts on X, describing herself as abandoned and criticising the behaviour of those around her. The controversy has drawn sharp reactions from NDA leaders, who have criticized Tejashwi Yadav for what they describe as a failure to safeguard the dignity of women within his own family, and questioned his moral authority to promise better governance for Bihar.

Chandigarh bus shelters to go to transport deptt from engineering deptt

Commissioner News Service
Chandigarh: About 350 bus shelters afresh would be developed as a revenue generating asset for the authorities, revealed sources of Chandigarh Administration. The hand over exercises be completed by the engineering department. In the pursuit of gathering advertisements, the transport department will float a tender to engage a competent agency to carry out advertising on these shelters. We are currently studying

tender models from other cities where this system is successfully implemented. For cleaning ,maintaining bi shelters along with managing advertising was already handed over to MC Panchkula in around 2016" said Ashok Rana, the Superintendent Engineer HSVP.

Power light imbroglio in sector 14 mkt remains unsolved

Commissioner News Service
Panchkula: The long standing jurisdictional imbroglio remains perpetrating the situation in the town. The responsibilities of street lights maintenance are not reportedly being shouldered by the Civic body or Haryana Shehri Vikas Pradhikaran (HSVP) The power lights opposite to SCO 285 are not being repaired. The frequently visited area by students, young women have been under focus yet the accountable authority had not taken seriously the combustible issue of dark environs where safety, security had become an alarming issue. Mohit Gupta had lodged a complaint with the

Municipal Corporation but nothing substantial has culminated. The HSVP in its grievance tracking system highlighted that ' the area under ambiguity was already handed over to MC Panchkula in around 2016" said Ashok Rana, the Superintendent Engineer HSVP.

Nitish set to become CM for record 10th time

Commissioner News Service
Patna : JDU President Nitish Kumar is destined to take oath on 20th" as Chief Minister of Bihar, sources revealed. Besides JDU, BJP, the subsidiary parties alike LJP (RV) led by Chirag Paswan, HAM(S) led by Jitan Ram Manjhi and Rashtriya Lok Morcha (RLM) by Upendra Kushwaha might also join the new government. Most probably, one deputy chief Minister too will be appointed, revealed the sources. The administration has mostly finalised the prepara-

tions for swearing in ceremony at the sprawling Gandhi Maidan , where Prime Minister Narendra Modi would also make his distinguished presence to bless the conspicuous innovative ministry. In a state crowded by sub regional satraps, identified with their castes, I P Gupta

of Indian Inclusive Party has come into lime light by successfully mobilising members of other castes which always remained neglected and on margins. IP Gupta, 56 yrs, defeated his BJP rival by more than 2000 votes in Sarhasa of Maha Gath Bandhan. Chirag Paswan might bag 3 berths in newly planned state cabinet , along 1 each from HAM (S) and RLM. As scheduled, Chief Minister of JDU with 14 ministers, maximum 16 ministers of BJP will take oath on Thursday at famous Gandhi maidaan.

Former PM Sheikh Hasina sentenced to death, Bangladesh govt says 'historic'

Commissioner News Service
Dhaka : The International Crimes Tribunal in Bangladesh has found ousted Prime Minister Sheikh Hasina, former home minister Asaduzzaman Khan Kamal, and former Inspector General of Police Chowdhury Abdullah Al-Mamun guilty of committing crimes against humanity during the student protest of 2024 that ousted the Hasina regime. This verdict, which was read on Monday, comes amid high security in Dhaka based on an order by the interim government led by Muhammad Yunus, has

increased security across Dhaka and neighbouring regions as tensions brew. Sheikh Hasina and the top two aides were tried on a total of five charges. These include murders, attempted murders, torture and use of lethal force on unarmed student protesters; issuance of orders to deploy lethal weapons, helicopters and drones; and spe-

cific killings in Rangpur and Dhaka. The five charges listed in court are - a)Orchestrating mass killings of protesters in Dhaka. b) the use of helicopters and drones to fire on civilian crowds c) the murder of student activist Abu Sayed d) the incineration of bodies in Ashulia to destroy evidence e)the coordinated killing of demonstrators in Chankharul. The ousted leader has denied all charges against her. However, the tribunal on Monday, sentenced her to death.

EDITORIAL ~

Bihar preferred stability to regime change

The Bihar assembly elections have thrown up a massive victory for NDA. BJP has emerged with marginally higher seats than JDU and inched closer to fulfilling its long-stalled ambition of having its own chief minister. But the stellar surprise is the remarkable performance of Nitish.

Despite two decades of anti-incumbency working against him, and his switching sides so many times, voters have again expressed support for him.

Other NDA partners have also done exceptionally well. But without doubt, the key factor for the alliance's resounding success is the enduring mojo of Nitish.

From 2010 to 2015 he was the senior partner within NDA. This gave Nitish the freedom to run govt in an unfettered manner, since his will could hardly be challenged. Then 2012-13 saw the rise of Modi, who became BJP's choice to lead the party, replacing stalwarts like Advani. Nitish was comfortable with the older BJP leaders, and particularly close to Atal Bihari Vajpayee.

But in the 2014 parliamentary Zelections, when Nitish and JDU fought alone, the party was wiped out, securing only two of 40 seats. It was Nitish's most ignominious defeat. He resigned, accepting moral responsibility for the debacle, and made an

unsuspecting Jitan Ram Manjhi the CM. In the 2015 assembly elections he, however, bounced back again, this time in alliance with old-time foe and pre-BJP ally, Lalu Yadav. Mahagathbandhan won a resounding victory, and Nitish, even with a seat tally lower than Lalu's, was back as CM.

This alliance lasted only till 2017. After that, Nitish's credibility suffered serious damage due to his frequent flip-flops, joining BJP first, then RJD again, and returning again to BJP. However, in this month's elections, despite anti-incumbency, credibility erosion and rumours of poor health, three factors appear to have strongly been in his favour empathy, sympathy and gratitude.

Empathy for what he had done for Bihar after Lalu's misrule, and for his many women-centric schemes. Sympathy for what was done to him and his party in the 2020 elections, when BJP-his ally - used Chirag Paswan as a trojan horse to target JDU candidates, thereby enabling BJP to emerge as the decisive bigbrother. Gratitude because although his governance record in the last few years has been patchy, the very fact that this could perhaps be his last election after 50 years in public life, was reason enough to prompt a final pledge of support. To that one can add the Rs 10,000 distributed by him

(and NDA) to 1.5cr women by direct benefit transfer literally an hour before the Model Code of Conduct was clamped.

Will he now be sworn in as CM for a record tenth time? I think he will at least for the immediate future. Will he remain as CM for longer? That is dependent on the pleasure of BJP which, even without Nitish, can cobble up a majority with its smaller alliance partners, and a few JDU MLAs could always be lured to create a more comfortable majority, with the supporting MPs in Lok Sabha suitably per suaded to do like wise. None of this may happen, but it could if Nitish asserts himself. For BJP, with an appreciable larger mandate this time, will be itching to finally have its own CM.

BJP should be forewarned. Never take Nitish for granted. Nitish's great USP is his resilience. His indispensable asset is that he is the perennial bridge between parties with completely opposed ideologies and his strength is that no one really knows what he is going to do next.

For the moment, this Bihar election's X factor is the survivability of Nitish, a factor that may have even taken BJP by surprise. Somehow, it appears that l Anne Marg in Patna, the official residence of Bihar CM, is his natural habitat.

3rd wildlife census in Sukhna sanctuary to be held from Nov 20

Commissioner News Service
CHANDIGARH : The UT Forests and Wildlife Department has decided to carry out the third wildlife census in the Sukhna Wildlife Sanctuary from November 20.

Saurabh Kumar, Chief Conservator of Forests-cum-Chief Wildlife Warden, UT, said for the first time, the Sukhna Choe reserve forest, Patiala Ki Rao reserve forest and the Lake reserve forest would be included in the census, which would be completed in four to five days.

A two-day training of the staff would begin on November 18, at the behest of Dehradun-based Wildlife Institute of India (WII). A wide range of environmentalists, representatives of NGOs and biology and zoology students from Panjab University have been approached to carryout the survey.

A workshop aimed at enhancing awareness and ensuring effective coordination among all stakeholders involved in the census activity would be held on November 19. The Dehradun-based Wildlife Institute of India (WII) was providing all technical support to the department. The first wildlife census was

carried out in the Sukhna Wildlife Sanctuary, spread over an area of 26 sq km in the catchment area of Sukhna Lake, in 2010. The second census could not be carried out in 2020 due to the Covid-19 pandemic and subsequent imposition of lockdown in the country. However, the second wildlife survey of the sanctuary was carried out in May 2021. As per the report of the WII, Sambar was the most abundant ungulate species in the sanctuary with the highest density similar to the Rajaji Tiger Reserve. The main animals spotted at the sanctuary include sambar, chital, pangolin (anteater), wild boar, jackal, small Indian civet, jungle cat, porcupine, langur, rhesus monkey, Indian hare, common mongoose and three-striped palm squirrel. Leopard pugmarks were spotted at the Sukhna Wildlife Sanctuary while carrying out the second wildlife census.

For green city, Centre approves 328 electric buses

Commissioner News Service
CHANDIGARH : "This major approval is the outcome of sustained efforts by the Chandigarh Administration and continuous engagement with the Union Ministry of Housing and Urban Affairs to shift the city's bus fleet to electric mobility" said Punjab Governor and UT Administrator Gulab Chand Kataria. He has expressed gratitude to Union Minister for Housing and Urban Affairs Manohar Lal Khattar for according the approval.

A total number 328 more electric buses has been sanctioned under the PM-e-Bus Service Scheme, marking a significant milestone in its journey towards becoming a carbon-free city. With this, the total number of e-buses approved for the city has

increased to 428. The UT Administrator said Khattar responded positively to the initiative to promote clean transportation and reduce environmental pollution, approving UT's additional demand under the scheme. Kataria said the allocation of 428 e-buses was a decisive step towards transforming Chandigarh into a model green city. Under the Phase II of the FAME India scheme, a fleet of 80 electric buses is already operating in the city on tricity routes.

Vini Mahajan joins UT Administrator's Advisory Council for guiding on governance and public welfare issue

Commissioner News Service
CHANDIGARH : The Chandigarh Administration's official order has listed name of former Punjab Chief Secretary Vini Mahajan. She stands among the newly appointed members of the Council constituted to advise the Administrator on key policy and developmental matters concerning the Union Territory.

She has been inducted as a member of the Administrator's Advisory Council of the Chandigarh Administration. Mahajan, a 1987-batch IAS officer of the

Punjab cadre, previously served as Punjab's first woman Chief Secretary and later held significant roles in both the state and the Centre. Her inclusion adds senior bureaucratic experience to the Council, which comprises experts, officials, and eminent citizens to guide the Administrator on governance and public welfare issues.

Civic body to formalise new MC limits by December end

Commissioner News Service
MOHALI : Residents of TDI City, Balongi, Badhmajra, Baliyali, Green Enclave have resented the decision to exclude the villages from the new civic body Limits and have even threatened to approach the court if their villages are not included in the new limits.

The expansion of the Municipal Corporation (MC) limits is set to be formalised before December 31, Local Bodies Department sources have disclosed.

After the deadline for suggestions and objections regarding the draft notification finished on November 6, the department has intensified the process to formalise the new MC limits as the government is keen to complete the process after much delay.

Mohali MLA Kulwant Singh said, "The government has taken the decision after much deliberation keeping in mind the pros and cons of the move. However, after the residents expressed their desire to include their villages in the notification, government is considering their demand sympathetically and the decision will be taken in the benefit of all concerned."

Mayor Amarjit Singh Sidhu, meanwhile, "The House had resolved to include these villages in the new limits in 2021. But now the government

has taken a decision arbitrarily. We will support the residents of these village and will knock on the doors of the court if AAP government does not reconsider its decision."

Significantly, the government will have to complete the entire process before December 31 as the Registrar General of India and Census Commissioner Mrityunjay Kumar Narayan in a letter to Chief Secretaries of states and UTs has stated that the administrative boundaries will be frozen on December 31, disallowing the states and Union Territories to change the boundaries of its municipalities, panchayats, police stations, sub-districts and districts from January 1 2025 to March 31, 2027.

The first phase of the Census 2026 will begin from April 1. The house-listing operation will begin on April 1, 2026 whereas population enumeration will start on February 1, 2027.

Base rate of plots in Mohali shoots up : GMADA

Commissioner News Service
MOHALI : About 10% rate in different categories of plots in Mohali district has been escalated for 2025-26 by GMADA.

In Sectors 53 to 71 rate for the plots have been hiked to Rs 71,500 from Rs 65,000 per square yard. The rate for Sector 62 has been fixed as Rs 71,500. The prevailing rate of plots in Sectors 76 to 80 has been fixed at Rs 70,000 per square yard from the earlier Rs 63,400.

Sector 81 and above, IT City, Eco City-1, Aerocity, Sectors 90- 91 land-pooling plots, Aerotropolis land-pooling plots in Blocks A, B, C, D, E, F, G, H, I and J, Ecocity-2 (100 to 300, 400 and 500 sq yards) have been fixed at Rs 65,000 from the existing Rs 51,500. Same rates are applicable for plots in Ecocity-3 measuring 100,

300, and 400 to 500 sq yards.

The appreciation for plots measuring above 500 sq yards in the Ecocity-2 has been much steeper at Rs 68,000; earlier, it was Rs 61800 for plots measuring 1,000 and 2,000 sq yards. The industrial plots in Sector 57-A and Sector 101 now command a base rate of Rs 45,000 sq yard as against a rate of Rs 36,900 per sq yard a year ago.

The rate for SCOs in Sector 101 measuring 100 and 200 sq yards has been hiked to Rs 2,25,000 this year; earlier, it was Rs 1,99,600. Single-storey shops measuring 60 yards in Sector 101 now command a rate of Rs

1,50,000 per sq yard as against a rate of Rs 1,33,100 last year.

There has been a slight uptick in the rate of industrial plots in Rajpura Focal Point with rates changed from Rs 16,600 to Rs 18,000 per sq yard this year. Similarly, the Rajpura Urban Estate has gone up from Rs 22,500 to Rs 25,000 per sq yard now, officials said.

The market rate of these plots is significantly higher than the rates fixed by the development authority. The base rates, however, will be applicable for allotment to government, semi-government, and non-government organisations.

The revised rates will also be applicable for implementing court orders and fixing non-construction fee, said Gmada Chief Accounts Officer Ajay Mittal.

Residents seek 200-ft road from Dara Studio to Khanpur

Commissioner News Service
MOHALI : In a gathering near the Sector 124-125 road, a large number of residents, representatives of market associations and members of the 200 Feet Master Plan Road Sangharsh Committee participated to press for the construction of a 200-foot-wide road from Dara Studio to Khanpur as proposed in the master plan.

Anandpur Sahib MP Malvinder Singh Kang met the people gathered on the road and assured them of starting the road work soon.

More than 25 Resident Welfare Associations and Market Associations of Sectors 123, 124 and 125

of Mohali demanded the Punjab Government and the Greater Mohali Area Development Authority (GMADA) to immediately start the construction of the road.

"Builders and property dealers have also sold plots and colonies highlighting this proposed 200-foot road in the master plan. Houses, showrooms and entire markets have been

developed within the perimeter of this road but the construction has not started yet," The residents said more than 20,000 families had built houses in these sectors, said the disgruntled persons.

A traffic jam-like situation is often witnessed at Balongi, the Gopal Sweets point and Nijjar Chowk.

Meanwhile, Kang said, "Talks will also be held with the GMADA officials, the minister concerned and Chief Minister. People's concerns will be conveyed to the government and this matter will be resolved on a priority basis."

HC questions outsourcing of MC tasks in Sector 26 mandi

Commissioner News Service
CHANDIGARH : "Can a municipal body outsource a basic municipal service? Is it there in the Act itself? There are certain very foundational municipal functions, which have to be performed by your own employees, so that you have control over them," asked Chief Justice Sheel Nagu.

The Punjab and Haryana High Court questioned whether basic municipal functions such as sanitation and repair work could legally be outsourced by the Chandigarh Administration, while observing that such duties were required to be performed by employees under direct administrative and disciplinary control.

Taking note of an affidavit filed by the UT Administration in a suo motu case arising from unhygienic conditions and encroachments in Sector 26 mandi,

The Bench, which also included Justice Sanjiv Berry, was told by UT senior standing counsel Amit Jhanji that the

responsibility for sanitation and supervision in the mandi had been entrusted to a sanitary inspector appointed through an outsourced agency. The market committee, he said, had issued several show-cause notices and warnings to the outsourced sanitary inspector between February and July 2025 for lapses in cleanliness.

However, when the Chief Justice questioned whether such critical functions could be delegated to outsourced staff, Jhanji conceded: "Your Lordship is correct... I have not gone through the rules. I can find out. If it is required to be filled up, we will do that also."

Pointing to the photographs placed on record, the Chief Justice remarked that the images "don't show any improvement,"

adding that garbage was still littered around despite repeated undertakings. Jhanji submitted that the cleaning operation in the mandi began at 9 am and the photographs were taken a few minutes earlier.

The Chief Justice further observed that outsourcing created a situation where "employees functioning and performing municipal duties are not under the direct control and supervision, especially disciplinary control, of the marketing committee." The court also noted that penalties had been imposed on the private contractor responsible for sanitation and repair works.

Seeking clarity on the legality of the outsourcing arrangement, the Bench directed the UT Administration and the marketing committee to apprise the court of the provisions under the Act that allow outsourcing of essential municipal functions such as sanitation, cleanliness and repair work." The matter has been listed for further hearing after four weeks.

Datesheet of CBSE Class 10, 12 released, exams to begin on Feb 17, 2026

Commissioner News Service
CHD/NEW DELHI : In accordance with the revised datesheet, Class 10 exams will conclude on March 10, while Class 12 exams will end on April 9, 2026.

The Central Board of Secondary Education (CBSE) on Thursday announced the final schedule for the Class 10 and Class 12 board examinations, which will commence on February 17, 2026.

The final timetable replaces the tentative version released last month and includes several modifications, such as the addition of an extra examination day for Class 10.

CBSE Examination Controller Sanyam

Bhardwaj said that the schedule was prepared with students' convenience in mind. "A sufficient gap has been provided between major subjects for both classes. The dates of entrance examinations for Class 12 students have also been considered, ensuring that board exams finish well in advance," he said.

"This will help students manage their time effectively for both board and

entrance exams." The board has also made subject-specific changes from the earlier draft.

For Class 10, the revised dates affect subjects such as Data Science, French, Urdu, Punjabi, Bengali, Tamil, Security, and Automotive. For Class 12, changes have been made to the exam schedule for Business Studies, Business Administration, Psychology, and Accountancy.

Army Chief warns Pak against misadventure as Op Sindoor only ‘88-hour trailer’

Commissioner News Service
NEW DELHI : For the Chanakya Defence Dialogue 2025 (CDD-2025) to be hosted by the Army in collaboration with Centre for Land Warfare Studies (CLAWS) from November 27-28, General Upendra Dwivedi said “Operation Sindoor” was “just an 88-hour “trailer””. The theme of the CDD is “Reform to Transform: Sashakt, Surakshit aur Viksit Bharat”. Army Chief on Monday said India gave a befitting reply to Pakistan through “Operation Sindoor”. “We are prepared for any circumstances in future. If Pakistan gives a chance, we will teach it how to behave responsibly with a neighbouring nation,” he added. The General stressed the national resolve against terrorism, emphasising that “blood and water cannot flow together” and that accountability was essential for those supporting terror activities. “Our deterrence is very

strong and it’s working,” he said. India, he said was committed to progress and development, but would not hesitate to act against those who attempt to derail its path. “India focuses on progress and prosperity. If someone creates obstacles in our course, then we will have to take some action against them,” said the Army Chief. Speaking about the situation along the LAC, India-China relations and diplomacy in handling the crisis, General Dwivedi said, “There has been a lot of improvement in our relations since last October, following a dialogue between leaders of the two nations to bring normalcy.” He was referring to the

meeting Prime Minister Narendra Modi had with Chinese President Xi Jinping in Kazan last October. “Troops of both sides have had almost 1,100 interactions in the past one year. There have been meetings between battalion commanders and brigade commanders. We are attempting to resolve several issues at the ground level, while major decisions will be taken at the higher level of military leadership,” he said. “Some flexibility is coming and both sides are trying to find solutions,” said the Army Chief. “When the issue of boundary limitation comes, these ground level discussions will be very helpful,” said General Dwivedi. He cited how an “expert group” and “working group” have been formed under the Working Mechanism for Consultation and Coordination on India – China Border Affairs. He recalled the Ministry of Defence’s declaration of 2025 as the “Year of Reforms” and underlined that security and development must advance together.

23 daily departures to be held by Navi Mumbai International Airport from Dec 25

Commissioner News Service
MUMBAI : In the first month, Navi Mumbai International Airport (NMIA) will operate for 12 hours between 8 am and 8 pm, handling 23 scheduled daily departures. During this period, the airport will manage up to 10 flight movements per hour, a release said on Monday. NMIA will start commercial flight operations from December 25 and initially, there will be 23 scheduled daily departures. The airport has been developed by Navi Mumbai International Airport Pvt Ltd (NMIAL), a special purpose vehicle jointly owned by Adani Group and the City and Industrial Development Corporation of Maharashtra Ltd (CIDCO). NMIA, the second main airport in the Mumbai Metropolitan Region (MMR), was inaugurated by Prime Minister Narendra Modi on October 8. In the initial phase, the airport will handle around 120 air traffic movements daily. From February 2026, the airport will transition to round-the-clock operations,

expanding to 34 daily departures. “The inaugural flight to arrive at NMIA will be IndiGo 6E460 from Bengaluru, scheduled to touchdown at 8:00 am. Shortly after, IndiGo 6E882 will depart for Hyderabad at 8:40 am, marking the first outbound service from the new airport. “During the initial launch period, passengers will benefit from services operated by IndiGo, Air India Express, and Akasa Air, connecting Mumbai to 16 major domestic destinations,” the release said. The first phase of NMIA has been built at a cost of Rs 19,650 crore. Spread across 1,160 hectares, the airport will have one terminal and one runway in the first phase with an annual passenger handling capacity of 20 million.

Combat drills over European skies by Indian, French fighters reflect strategic outreach

Commissioner News Service
CHANDIGARH : “The Indo-France two nations engagement reinforces strong interoperability and deep defence cooperation,” the post X-handle read the contents. Indian Air Force’s Sukhoi-30 MKI frontline fighter aircraft took to the skies over France along with the French Air and Space Force’s Rafale jets as both forces commended a 12-day long joint training exercise. “#ExerciseGaruda25 takes off. Indian Air Force Su-30MKI and French Air and Space

Force Rafale aircraft soared into the skies, c o m m e n c i n g coordinated missions as part of the bilateral air exercise,” the IAF posted on its X-handle on Monday. The IAF contingent had landed at Mont-de-Marsan Air Base in France last week to participate in the bilateral air exercise that is being held from November 16 to 27. It comprises the Russian-

origin Su-30MKI fighter aircraft supported by the US-made C-17 Globemaster III heavy-lift aircraft and the Russian IL-78 air-to-air refuelling aircraft. Located in south-western France, the Mont-de-Marsan Air Base is home to the 30th Fighter Wing comprising two squadrons of the Rafale, the most advanced fighter in France’s inventory. Manufactured by French aviation major Dassault, the 4.5 generation aircraft is also the IAF’s latest combat platform that was inducted in 2020.

7,000 km high-speed rail corridors would be built by 2047: Vaishnav

Commissioner News Service
NEW DELHI : High-speed routes, designed for maximum speeds of up to 350 km per hour and an operating speed of 320 km per hour, will mark a transformative leap in India’s rail infrastructure, said the Union railway Minister Ashwini Vaishnav while inaugurating the 16th International Railway Equipment Exhibition (IREE), 2025, at Bharat Mandapam in New Delhi. Unveiling an ambitious roadmap for the Railways, on Wednesday announced that the government plans to build 7,000 km of dedicated passenger corridors by 2047 under the Viksit Bharat vision. Vaishnav said the proposed corridors would be powered by indigenously developed signaling systems and modern operations control centres, ensuring both speed and safety. He also outlined the

government’s futuristic vision for Vande Bharat 4.0, Amrit Bharat 4.0, and next-generation railway manufacturing standards. Highlighting the success of the Vande Bharat series, he said the third-generation train already meets global parameters, with acceleration from 0 to 100 kmph in just 52 seconds, faster than many trains in Japan and Europe, while maintaining low noise and vibration levels. “Vande Bharat 4.0 will be a new benchmark in performance and passenger experience,” said Vaishnav, adding that the upcoming

model will focus on superior seats, enhanced toilets, and refined workmanship. Discussing the Amrit Bharat series, the minister said the 2.0 version is already operational and the 3.0 model, based on push-pull technology, is being developed for long-distance routes. The 4.0 version, he added, will bring in new-generation trainsets and locomotives, expected to be ready for testing within 36 months. Vaishnav credited Prime Minister Narendra Modi’s leadership for what he termed “a decade of modernisation,” noting that more than 35,000 km of new rail lines have been laid and 46,000 km of electrification completed in the past 11 years. “Our budget allocation for the Railways has consistently risen, reflecting the government’s commitment to a modern, self-reliant network,” he said.

Next CJI awaits Nov 24 to take charge

Commissioner News Service
NEW DELHI : Arjun Ram Meghwal, the Union Minister of State for Law and Justice (Independent charge) took to X to break the news. “In exercise of the powers conferred by the Constitution of India, the President is pleased to appoint Justice Surya Kant as the Chief Justice of India with effect from November 24. I convey my heartfelt congratulations and best wishes to him,” Meghwal wrote. President Droupadi Murmu appointed Justice Surya Kant — the senior-most judge of the Supreme Court — as the next Chief Justice of India. Chief Justice of India BR Gavai had on Monday recommended Justice Kant for appointment as his successor and the 53rd CJI. Justice Kant succeeds CJI Gavai, who is due to retire on November 23 on attaining the age of 65. He will be administered the oath of office on November 24 and will hold the office for nearly 15 months till February 9, 2027. Justice Kant brings a wealth of experience spanning two decades on the Bench, marked by landmark verdicts on

abrogation of Article 370, free speech, democracy, corruption, environment and gender equality. Born in a middle-class family on February 10, 1962, in Hisar district of Haryana, Justice Kant obtained a bachelor’s degree in law in 1984 from Maharishi Dayanand University, Rohtak. He has the distinction of standing ‘first class first’ in his Master’s degree in law in 2011 from Kurukshetra University. He earned the distinction of being appointed the youngest Advocate General of Haryana on July 7, 2000, at the age of 38. He was appointed judge of the Punjab and Haryana High Court on January 9, 2004, and assumed charge of the office of the Chief Justice of the High Court of Himachal Pradesh on October 5, 2018. Justice Kant was elevated as a judge of the Supreme Court on May 24, 2019.

Resentment over Punjabi University’s Rs 53K ‘golden chance’ for exam scheme

Commissioner News Service
PATIALA : The fee being charged to avail the opportunity has sparked strong criticism among students and teachers alike. Under the scheme, the university has fixed an examination fee of Rs 50,000 plus Rs 3,000 in taxes, drawing flak for what is being termed an exorbitant charge. To commemorate the 350th martyrdom anniversary of Guru Teg Bahadur, Punjabi University, Patiala, has announced a “golden chance” for the students who were unable to complete their degrees for various reasons. The Association of United College Teachers (AUCT) and student organisations have accused the university of exploiting students in the name of the Guru’s commemoration. “The recent circular issued by Punjabi University to mark the 350th martyrdom anniversary of Guru Teg Bahadur, announcing a

‘golden chance’ for students to appear in their supplementary or improvement examinations with a fee of Rs 53,000, is nothing more than a money-making move. We strongly oppose it and demand that the fee be kept nominal for students. That would be a real tribute to Guru Teg Bahadur.” the move was rubbished by AUCT president Prof Tarun Ghai. The university authorities, however, have justified the fee structure, maintaining that the “golden chance” scheme is not new and that the same fee had been in place for several years. The last date to apply is November 15. Exams for odd semesters (first, third, and fifth) will be held in December, while even semester (second, fourth,

sixth) exams will take place in May 2026. This opportunity is open only for courses under the semester system introduced after May 2011. The exams will follow the current syllabus and will be conducted exclusively at Patiala. The university has clarified that the fee once paid will not be refunded under any circumstances. Gurdas Singh, district president, Punjab Student Union, termed the move “exploitative” and “insensitive”. “This is not a ‘golden chance’ for students, but for the university itself,” they said. Gurdas Singh said, “Instead of earning money in the name of Guru Sahib, the university should allow students to complete their degrees free of cost. The administration must roll back the decision so that more students can genuinely benefit from this opportunity and secure a better future.”

The advertisement features a collection of Patanjali personal care products. In the foreground, there are several bottles of 'Kesh Kanti' hair oil and 'Divya Dant Manjan' (tooth powder). Behind them are boxes of 'Kesh Kanti' hair wash and 'Divya Dant Manjan'. The products are arranged on a reflective surface. The background is a soft-focus image of a person's face. The Patanjali logo is prominently displayed in the center, with the tagline 'Prakriti ka Ashirwad' (Blessing from Nature) written below it.

Tejashwi Yadav Blames Sister Rohini Acharya For Bihar Rout, Throws Slipper At Her

Commissioner News Service

Patna : Tejashwi Yadav Rashtriya Janata Dal (RJD) leader had a heated argument with his sister, Rohini Acharya, after his party faced a rout in the Bihar assembly elections, reported sources on Sunday. During the argument on Saturday afternoon, Yadav, who was the chief ministerial face of the Opposition bloc, blamed Acharya for the drubbing. "Tumhare karan ham chunaav haar gae" (We lost the election because of you). Tumhara haay lag gaya ham logo ko (We are cursed because of you)," Yadav told his

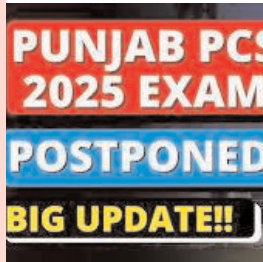

elder sister, according to sources. Tejashwi angrily threw a slipper at her and abused her, sources said. Rohini Acharya, who is one of RJD chief Lalu Prasad Yadav's nine children, on Saturday afternoon said she was disowning her family and quitting politics. In a cryptic post on X, she said that she had been asked to do so by senior RJD leader

Sanjay Yadav, who is a close aide of Tejashwi, and Rameez, apparently referring to Rameez Nemat Khan, a long-time friend of Tejashwi and member of his core team. Acharya, who unsuccessfully contested last year's Lok Sabha polls from Saran, also said that she is "taking all the blame", without specifying whether she was referring to the Bihar election, in which the RJD won just 25 seats in the 243-member assembly, its second-worst performance in a poll after 2010, or something else.

Pb postpones preliminary exam to 7 Dec

Commissioner News Service

Patiala: The Punjab State Civil Services Combined Preliminary Examination -25 would now be held in 2 session on 7 Dec, said Charanjit Singh PPSC Secretary. On the commission's web site, admit cards before the actual 10 days of the exams would be uploaded. By using their registration number and password through the Download admit

card linkage system over <http://ppsc.gov.in>. On admit card itself details about the exams would be indicated. On the web site, candidates are advised to check regularly the latest updates, said the Secretary.

Dictatorial profile of power hungry personnels may rock the Pak into any ditch

Commissioner News Service

Islamabad : The staggering military balance of Pakistan's defence overhaul may further ruin its economic pedestal. Pakistan has codified the most ambitious restructure of its military and judiciary in decades after President Asif Ali Zardari signed his assent to ratify the country's 27th Constitutional Amendment on Thursday. The amendment, which passed in both houses of parliament earlier in the week amid opposition protests and criticism from a range

of civil society activists and sitting judges, makes major changes to Pakistan's higher judiciary. But many analysts believe that its most consequential feature is a sweeping overhaul of Article 243, the constitutional clause defining the relationship between Pakistan's civilian and government

uncalled military regime. The changes grant lifetime immunity from criminal prosecution to the country's top military leaders, significantly reshape the military's command structure, and further tilt the balance of the tri-services – the army, navy and air force – substantially in the army's favour. Analysts warn that this contentious reform risks colliding with entrenched institutional cultures and could rock the country's fragile civilian-military equilibrium.

Synthetic milk dominates market unchecked by health authority

We over 70% of populace digest daily the pulverised synthetic milk which comprises a definite quantity of detergent, urea, caustic soda, sodium hydroxide and fats, cautioned the otherday, Dr Harsh Vardhan, former Union Minister for Science & Technology.

In accordance with Food Safety & Standard Authority of India, the quality of milk in question doesn't conform to the parameters laid by the stipulated law. The excess water added to the milk may destroy the intake of nutritious specific values, which are immensely harmful.

The unnatural milk also comprises certain quantity of insecticides and metal which are destructive to human health. One day, skimmed milk sample of 548, only 577 were found to be carrying ample quantity of glucose. It has been noticed while storing, packaging, certain quantity of detergent particles enter the openly placed quantity of bare milk. The demand for the genuine quality milk is not being met hence the glut of synthetic milk would continue to rein in the prevailing market.

Artificial imitation of natural milk remains harmful to human health. Its excessive use inflict very serious damage on human body causing swelling in the eyes and many other complication in the liver and kidney.

The journey of synthetic milk, now a days, has been heading from urban area to rural populace to acclimatise to their propensities.

Our nation has been notoriously becoming famous, leaving concentration away from genuine natural milk.

Now fait accompli, we are tolerating assortment by of chemicals, urea, by compulsion as the occupation of genuine dairy farming has been going in very lackadaisical race even government controlled units are losing curiosity in natural milk. What a catastrophic approach, but against whom? remains puzzling.

Putin to visit India on 5-6 Dec for annual summit

Commissioner News Service

NEW DELHI : Russia and India are considering Dec 5-6 as dates for the 23rd annual summit of both the countries. Russian foreign minister Sergey Lavrov will travel to India next month to finalise the agenda for the summit, sources revealed. This will be the Putin's first India visit since the start of the Russia-Ukraine war in Feb 2022. Putin last visited India in Dec 2021 for

the annual summit that is held alternatively in India and Russia. PM Modi travelled to Moscow for the last summit in July last year. During his visit, Modi stressed before Putin that no solution can be found on the battlefield. The leaders last met on the margins of the

SCO Summit. Modi hopped into Putin's car for an informal chat that lasted for almost 45 minutes. The summit is a key opportunity to review bilateral ties in trade, energy, connectivity, and joint defence manufacturing, as India faces US penalties for energy ties with Moscow. India last week denied NATO chief Mark Rutte's claim that US tariffs pushed Modi to confront Putin on Ukraine strategy.

Chirag Paswan once bete noire, congratulates Nitish Kumar

Commissioner News Service

Patna : While congratulating Nitish Kumar, Chirag Paswan, said he went to felicitate the JD(U) chief for being top candidate for the post of Chief Minister.

rumour mills are on an overdrive, suggesting Paswan may be eyeing the post of deputy chief minister.

Amid fervent speculation over the next chief minister of Bihar following the NDA's emphatic win in the elections, LJP(RV) chief

Chirag Paswan met JD(U) supremo Nitish Kumar on Saturday, triggering buzz in political corridors. While Paswan, once Nitish's bete noire, said he went to congratulate the JD(U) chief, rumour mills are on an overdrive, suggesting he may be eyeing the deputy

chief minister post for his party following its strong show. Images posted by Paswan showed the Union Minister receiving a warm welcomed from Nitish Kumar and the duo, leaving behind the bitter animosity and fraught history,

National Capital Region continues to breathe toxic air

Commissioner News Service

New Delhi : Reaching beyond 500 Air Quality Index, Delhi, Noida and Gurugram as AQI remains 'severe', the region continues to breathe toxic air. How long will residents have to endure toxic air and suffer respiratory ailments.?

With no respite in sight, a blanket of haze continued to engulf Delhi-NCR on Sunday, with several areas in the capital recording an air quality index (AQI) above 400 – categorised as 'severe'. The 24-hour average AQI stood at 386 in the 'very poor' range of 385, only a point less than Saturday's 386, according to data from the Central Pollution Control Board (CPCB).

Parts of the city continues to breathe toxic air, with several stations reporting 'severe' AQI on Saturday. At 7 am, Anand Vihar recorded 412, Bawana

436, Burari 405, IGI Airport 338, ITO 417, Najafgarh 364, Punjabi Bagh 409, and Wazirpur 435. In Noida, the AQI at 435 was in the 'severe' category. Similarly, Greater Noida reported an AQI of 452, Ghaziabad 448, and Gurgaon 377. There is no relief expected anytime soon in Delhi-NCR, as the Indian Institute of Tropical Meteorology has forecast the air quality to remain in the 'severe' to 'very poor' range in the coming days.

According to the CPCB, an AQI between 0 and 50 is considered 'good', 51-100 'satisfactory', 101-200 'moderate', 201-300 'poor', 301-400 'very poor', and 401-500 'severe'.

6 Congress candidates dominated poll arena, 12 BJP stumbled

Commissioner News Service

Patna : Only six of the Congress' 61 candidates could survive the onslaught of the ruling NDA. Even as the BJP made a spectacular show in the Bihar assembly elections with almost all of its 101 candidates registering massive wins, 12 of the nominees missed the jubilant bus.

A few of those contestants lost the polls by slender margins such as 30 or 178, according to the Election Commission. On the other hand, only six of the Congress' 61 candidates survived the onslaught of the ruling NDA.

Of the 12 BJP nominees who failed to win, Vinod Kumar was handed a crushing defeat by AIMIM's Ghulam Sarwar in the Baisi seat by a margin of 27,251 votes.

Kumar polled 27,251 votes.

The saffron party's Haribhushan Thakur lost the Bisfi seat to RJD's Asif Ahmad by a margin of 8,107 votes. Thakur polled 92,664 votes, as per the Election Commission data.

Umakant Singh of the BJP lost the Chanpatia seat by a slender margin of 602 votes. He polled 86,936 votes as against the Congress's Abhishek Ranjan, who bagged 87,538 votes.

Vidya Sagar Keshari lost the Forbesganj seat by a wafer-thin margin of 221 votes, as Manoj Bishwas

of the Congress emerged victorious, polling 1,20,114 votes.

The BJP's Sweety Singh polled 76,875 votes and lost the Kishanganj seat to Congress' Md Qamrul Hoda by 12,794 votes.

Compared to other BJP candidates, Bina Devi's performance was below par as she secured the third position in Kochadhaman by bagging 44,858 votes. AIMIM's Md Sarwar Alam won the seat bagging 81,860 votes, followed by RJD's Mujahid Alam who got 58,839 votes.

BJP candidate Alok Ranjan was defeated in Saharsa by a margin of 2,038 votes. He lost to Indrajeet Prasad Gupta of the Indian Inclusive Party who polled 1,15,036 votes.

'Persistent attacks Of Stray Dogs Endangers Public Safety' : Supreme Court

Commissioner News Service

New Delhi :Systematic failure in stopping attacks of dog has aggravated the issue further many folds. The Supreme Court has expressed grave concern over the rising number of stray dog attacks across India, observing that the persistence of the stray dog population has continued to imperil public safety.

The Court noted that repeated incidents of dog bites, particularly in educational institutions, hospitals, transport hubs, and other public spaces, highlight serious administrative lapses and a systemic failure to secure citizens' right to safety under Article 21 of the Constitution. Citing multiple media reports, the Bench said it had been apprised of an "alarming increase" in dog-bite incidents in schools, hospitals, railway stations, and sports complexes. The Court men-

tioned instances of children being attacked in school campuses, patients and attendants bitten within hospital compounds, and even athletes and officials attacked inside sports stadiums.

"The recurrence of such incidents, particularly within institutional spaces meant for learning, healing, and recreation, reflects not only administrative apathy but also a systemic failure to secure these premises from preventable hazards," the Court observed, adding that the situation warranted "immediate judicial intervention" to safeguard citizens' right to life and safety.

Fluoride contaminants in groundwater, a threat to public health

Commissioner News service

DeraBassi : Fluoride habitation carrying water contaminants with the fast depletion of ground water and distant access to safe drinking water has been evolving a serious concern with the ministry of Jal Shakti.

As public health has been the intimate concern of Punjab Pollution Control, Ministry of Health and Family Welfare, steps must be initiated to eradicate flow of untreated sewage, effluents into the ground water.

The community water purification plants need to be augmented. The control over expansion of fluorsis need to be endemic, sources revealed. The accessibility to safe drinking water has been eloping with the discharge of untreated chemicals, effluents into the ground water, and depletion not halting for a cause. The multiplying cases of cancer are not being contained duo to the surge in bacterial growth.

Pathogens like bacteria and viruses are being experienced as a very common hazard with the rural public life. Afflicted several health issues might be arthritis, infertility, hypertension, neurotoxicity and increased risk of skeletal cancer, reveals an official.

Additionally prolonged exposure can damage organs like liver, kidneys, lungs and testis. Water contamination has been posing immediate and chronic health threats, needs seriouses contemplation, medication and panacea.
