Half strength of industrial units functioning bereft of consent to operate

Gursharan Das Garg, Chief Environnonmental Engineer does not spare time to rope in defaulters

Commissioner News Service
DERABASSI : Media have time and again failed to comprehend the motive of Punjab Pollution Control Board of enforcing the policy on entrepreneurs of (a) Consent to establish the industrial unit (b) Consent to operate the mechanism. The very objective of the board might be to preserve the pristine sanctity of the environment under that we daily have to breathe. The NOC for issuing

consent under the act of Prevention and control of Air pollution act 1981 had been mis-utilised. The sanction of the authority from the pollution board has driven away half of strength of industrial units functioning bereft of consent to operate. The display of latest stats with regard to air pollution, water pollution and environmental poorly manifest on the upkeep of data, ought to be precisely main-

tained. Reason being ,considerably more than half of the industrial units have not procured the periodic consent to operate and continue to enjoy the immunity as their is no check and no challan from the pollution control sleuths. Why the long rope is being given is it the freedom to destroy the sanctity of the environment and fortify the germination of different diseases, question several afflicted per-

sons who have incurred medical expenses by discarding other fee like school, power etc. They wilfully discharge the effluent (sewage or trade effluent into a stream or well or sewer or on land) or emission of air pollutants into the atmosphere . The water (Prevention and Control of Pollution) act 1974 Under Section, 25 & 26 and the environmental protection) act 1986. The clearance accorded by the union ministry

of Environment forest or S E I A A for new project/ expansion or modernisation of any activity has been serving no constructive purpose. Emanation of air pollution including noise pollution into atmosphere has created nuisance. All other chemical toxic waste/hazardous waste and their management and handling of trans boundary movement rules 2008 would have to be complied with.

Administration of "pollution free" justice remains at the loggerhead as the interest of the industrialists community would always be maximising their profit motives and also seek cheap fuel expenses where as the victim local masses would keep crying with frequent germination of the diseases unlike of heart, tuberculosis, skin and cancer., comment a retired biology teacher at Chaudehri .

Balakrishna. A bench of Justices Hima Kohli and Ahsanuddin Amanullah which had on Feb 27 issued notice to the

company and its MD, decided to also arraign Ramdev in the proceed- ings as he, too, addressed the press along with Balakrishna just a week after SC 's last year order in which he again reiterated the misleading the claim. The bench took strong exception to Balakrishna for not responding to the court 's notice despite the hearing date being fixed as sought by him.

Opposition comrades invigorate Kejriwal ' ventures

Commissioner News Service
New Delhi : A sitting chief minister's arrest exactly before five months of the lok sabha polls sans concrete evidence remains akin to murder of democracy, echoed Ashitosh, a former AAP activist.

I don't reconcile with Arvind Kejriwal on different issue nor I do support AAP party ' ideology. But the manner , chief minister Arvind Kejriwal was arrested in the capital, has really become a hilarious joke , derided the situation becoming intolerable by many as well by Mr Yogendra Yadav, founder of Swaraj India. The centre 'move is not to end corruption but crush the emanating opposition voices, bemoaned Mr Yogendra Yadav.

There was not a shared of evidence against Kejriwal in the alleged excise policy scam, stressed Advocate Prashant Bhushan. In a social media post, Mr Prashant Bhushan criticised, " It is astounding that ED has arrested the Chief Minister of a State, just before the election,after the model code of conduct has been enforced and there is yet no documentary proof to show the Arvind was involved in corruption.

More pacts of trade needed for boosting exports

India has so far not been able to become a major trading nation in the merchandise segment, although services exports in contrast are growing at a swift pace. The situation is not helped by the fact that we are not part of any major regional trade grouping. The decision to stay away from the Regional Comprehensive Economic Partnership stemmed from a fear of being overrun by imports from China. But it has not been possible to make up this lacuna by merging into any of the overarching larger groups like the Trans-Pacific Partnership. In this backdrop that one must view the drive to tie up more regional and bilateral trade pacts. After concluding major agreements with leading trade partners like the UAE, Australia and Mauritius, a deal has now been struck with the four-member European Free Trade Association (EFTA). Others are being negotiated, including one with the country's biggest trade partner, the European Union (EU), the UK and Oman. There are also reports of discussions with the Gulf Cooperation Council comprising seven countries in the region. Such talks are now proceeding apace indicates the country's increasing clout on the world stage as its concerns over protecting domestic interests are being given more thoughtful consideration by trading partners. The previous intractable approach in negotiations taken by the country's trade diplomats also seems to have been replaced by an appreciation of the larger picture. The fact is that allowing foreign business to have easier access to the domestic market will similarly ensure deeper access for Indian agriculture and industry to the lucrative developed economy markets. It has also been accepted that issues like sustainability, which were earlier dismissed as non-trade barriers, should

be brought on board. The difference in approach is on both sides that is leading to a much quicker conclusion of such pacts. In the case of the India-EFTA agreement, talks had originally been launched as far back as 2008, but they were called off in 2013. It took another decade for them to resume in 2023. The pact has now become a reality within a year. Similarly, negotiations with the country's largest trading partner, the EU, began in 2007 but were suspended in 2013. These were revived in 2022. With elections round the corner, it looks as if agreements with both the EU and the UK will have to await the formation of a new government. The tie-up with the EFTA, however, has been made in time to ensure that the benefits are available by next year. This particular one did not initially attract much attention, given the few countries in the grouping. This is unlike the one with the EU, which has been under much greater scrutiny. The EFTA, on the other hand, comprises only Switzerland, Norway, Iceland and the tiny principality of Liechtenstein, with two-way trade estimated at \$18 billion. The biggest trade partner of India in the group is Switzerland and the bulk of transactions with it comprise gold imports. It must not be forgotten that this relatively small country is a major global financial and business hub. Apart from its legendary banking system, it is known for its pharmaceuticals and dairy production. It is also, in a sense, a window to Europe. Thus, the opening up of as many as 120 out of the 156 services in the pact will give a boost to Indian professionals in the IT and financial sectors. Significantly, services exports to EFTA countries are about \$5 billion annually, as compared to \$2 billion of merchandise exports. In contrast, India is not likely to benefit much from the pact in terms of

tariffs as Switzerland has just announced the abolition of import duties on industrial goods from all over the world. Effectively, this means that India will have no advantage over other countries in terms of tariffs on its exports. Even so, the trade pact has become path-breaking for including investment commitments. EFTA members have pledged to provide \$100 billion of investment over the next 15 years to India. This will be facilitated by the concerned governments but will have to come from private companies. A disappointing aspect of the investment plan is the exclusion of sovereign wealth funds from the commitments. Their exclusion will mean there is little certainty of investment growth up to the target of \$100 billion. There is also an expectation that these investments will result in the creation of one million jobs, but only in case of the investments becoming a reality. The India-EFTA trade agreement is, thus, not an ideal document, but it is certainly indicative of some innovative solutions to ensure that India is able to benefit from opening up its markets. As expected, there was pressure on this country to relax its rules on the issue of patents, given the presence of big pharma in Switzerland. Initial reports indicate that there was no easing of the current rules on intellectual property rights as laid down by the World Trade Organisation, though there have been genuine concerns on this score. On the European side, the impetus to push forward with the deal has much to do with the change in the geopolitical situation in recent years. There is greater interest now to support infrastructure development in this country as a counterbalance to China. The Indian side is also keener on bilateral trade arrangements than ever before, especially with recessionary conditions sweeping the world.

Congress-AAP count anti-incumbency factor in polling for all 10 LS seats, Karnal Assembly segment on May 25

Commissioner News Service
CHANDIGARH : The Election Commission of India announced the seven-phase poll schedule for the Lok Sabha poll, with elections in Haryana falling in phase 6. The counting will be held on June 4. Polling for all 10 Lok Sabha (LS) seats in Haryana and byelection to the Karnal Assembly segment will take place on May 25. In 2019, the BJP had won all 10 LS seats, and is hoping to repeat the performance. It has already announced candidates for six seats and recently replaced the CM to mitigate anti-incumbency and dropped the JJP from the government. On the other hand, the Congress-AAP alliance is counting on the anti-incumbency factor and farmers' unrest against the BJP government. The BJP had bagged 58 per cent of the vote while the Congress could gather 28 per cent in the 2019 Lok Sabha poll. State Chief Electoral Officer Anurag Agarwal has informed that the state has added 23 lakh new voters in the past five years. In Haryana, a total of 1.98 crore voters will be eligible to participate in these elections. The maximum voters are in the 30-39 age group at 46.36 lakh, followed by 39.51 lakh (40-49 age group) and 39.27

lakh (20-29 age group). The number of voters in the 18-19 age group is 3.63 lakh, including 1.2 lakh female voters, who will be participating in the electoral process for the first time. Similarly, the number of voters in the age group of 100-109 is 10,759. There are 41 voters above the age of 120, of which eight voters are from Gurugram. Agarwal said the final publication of the voter list was done on January 22. The list had been made available to representatives of all parties. To ensure no violation of the Model Code of Conduct during the General Election, the Election Commission has developed the C-Vigil app, which would function as the "third eye" of the commission. Any reports of malpractice can be updated on the app, and the reporter's identity would remain confidential. Any citizen can report violations of the poll code by providing photos, audios, and videos via their mobile phones.

Only sterilised ferocious dogs be allowed for registration : MC

Commissioner News Service
PANCHKULA : The decision over dog breeds was being taken in a bid to control the population of these ferocious dog breeds, said officials. The MC had banned the breeding and keeping of such ferocious dogs in residences in October 2022 and directed the owners of such dogs to get their pets registered or face a hefty fine. However, the pet owners in continue to ignore MC's directions and have failed to register these canines. Over a year and a half after imposing a complete ban on the breeding of ferocious dog breeds — pitbulls and rottweilers — the Municipal Corporation is mulling the registration of dogs of such breeds only if these have been sterilised. The MC had recently issued directions for the registration of pets. The MC Commissioner had said

teams might take dogs into their custody in case these were found roaming in streets without leash. As per data accessed from the MC, residents have registered 128 pet dogs with the civic body in fiscal 2023-24. MC officials said physical applications were not accepted. "The applications for registration of pets are accepted through the Saral Haryana website," said an official. Panchkula MC Commissioner Sachin Gupta said the MC had given residents one month to register their canines, after which they would initiate action against pet dogs found roaming in streets without leash. He said, "In a bid to deter people from breeding the banned dog breeds, we are mulling issuing directions that only sterilised dogs of ferocious breeds will be registered by the Panchkula Municipal Corporation."

Commissioner News Service

CHANDIGARH : The state has nine general constituencies, including Gurdaspur, Amritsar, Khadoor Sahib, Anandpur Sahib, Ludhiana, Ferozepur, Bathinda, Sangrur and Patiala. The four reserved seats (SC) include Jalandhar, Hoshiarpur, Fatehgarh Sahib and Faridkot. With the Election Commission announcing seven-phase Lok Sabha poll schedule elections on 13 parliamentary seats in the state will be held on June 1. The General Election will commence on April 19 and the votes will be counted on June 4. As of March 1, the state has 2,12,71,245 voters out of which 1,19,29,959 are men, 1,07,75,543 women and as many as 744 are transgender voters. The

state has a total of 24,433 polling stations. In the 2019 Lok Sabha poll, the Congress recorded victory on eight seats, SAD and the BJP won two seats each and AAP one. So far, only AAP has announced eight candidates—Ministers Gurmeet Singh Meet Hayer (Sangrur), Dr Balbir Singh (Patiala), Kuldeep Singh Dhaliwal (Amritsar), Laljit Singh Bhullar (Khadoor Sahib) and Gurmeet Singh Khuddian (Bathinda). The three others include Sushil Rinku (Jalandhar), Karamjit Anmol (Faridkot)

and Gurpreet Singh GP (Fatehgarh Sahib). Meanwhile, three prominent Congress leaders— Rinku, GP and Chabbewal—have switched their loyalty towards AAP. There's a buzz of more leaving shortly incase their "political aspirations were not respected by the party high command". So far, SAD and the BJP have neither released list of their candidates nor have they announced an alliance. During the year-long farm stir in 2020-21, the Akali Dal had pulled out of the pact with the BJP. In February, Home Minister Amit Shah had mentioned about the talks between the two parties. However, the issues related to farmers and 'Bandi Singhs' have kept the tie-up lingering.

It has been noticed while storing, packaging, certain quantity of detergent particles enter the openly placed quantity of bare milk.The demand for the genuine quality milk is not being met hence the glut of synthetic milk would continue to rein in the prevailing market. Artificial imitation of natural milk remains harmful to human health. Its excessive use inflict very serious damage on

human body causing swelling in the eyes and many other complication in the liver and kidney. The journey of synthetic milk, now a days, has been heading from urban area to rural populace to acclimatise to their propensities. Our nation has been notoriously becoming famous, leaving concentration away from genuine natural milk. Now fait accompli, we are tolerating assortment by of chemicals, urea, by compulsion as the occupation of genuine dairy farming has been going in very lackadaisical race even government controlled units are losing curiosity in natural milk. What a catastrophic approach, but against whom? remains puzzling.

‘Maha Rally’ in Delhi by INDIA bloc on March 31 to ‘safeguard democracy’

Commissioner News Service
NEW DELHI : Delhi Chief Minister Arvind Kejriwal (55) was arrested by the Enforcement Directorate (ED) on Thursday from his official residence in connection with an excise policy-linked money-laundering case. A court on Friday sent the AAP national convener to the central agency’s custody till March 28.

The opposition INDIA bloc will hold a “maha rally” at Delhi’s Ramlila Maidan on March 31 to safeguard the country’s interests and democracy, AAP leader Gopal Rai said on Sunday.

Addressing a press conference, INDIA bloc allies AAP and Congress announced the rally. “We will hold a ‘maha rally’ at Ramlila Maidan on March 31 against what is happening in the country. The top leadership of the INDIA bloc will participate in the event,” Rai, the AAP’s Delhi convener, Rai said.

“Democracy and the country are in danger. All INDIA bloc parties will take part in this ‘maha rally’ to safeguard the country’s interests and democracy,” he added.

Rai claimed that Kejriwal’s arrest has angered people who

respect the Constitution. “It is not only about Arvind Kejriwal. The entire opposition is being threatened. Either they use money to buy people or scare them by using the ED and the CBI (Central Bureau of Investigation). If someone refuses to bow, they get them arrested under false cases,” Rai alleged.

The Delhi minister cited the arrest of former Jharkhand chief minister Hemant Soren and alleged that West Bengal Chief Minister Mamata Banerjee and RJD leader Tejaswi Yadav were also being targeted.

Soren’s Jharkhand Mukti Morcha, the Banerjee-led Trinamool Congress and the RJD are all members of the opposition INDIA bloc.

“All INDIA bloc leaders are being framed in false cases.

They turned Delhi into a fortress. Elected MLAs, ministers were detained when they were protesting. Kejriwal’s family was placed under house arrest. They sealed our party office. Yesterday (Saturday), at Shaheed Park, they behaved with us as if we were criminals,” Rai further charged.

He further said the BJP is claiming that opposition leaders are being arrested because they are involved in corruption but no money trail has been found in the excise policy case, the investigation into which has been going on for two years.

“However, a Rs 60-crore money trail has been found. They arrested Sarath Reddy in the excise policy case but he was released on the condition that he give a statement against Kejriwal and donate Rs 60 crore to the BJP through electoral bonds. The bank accounts of the oldest party of the country were sealed so that they could not even campaign for the Lok Sabha elections,” Rai said.

The AAP leader said the entire Opposition is coming together to save the country.

Progressive Law were not reaching Ladakh, J & K under article 370, says Foreign Minister Jaishankar

Commissioner News Service
SINGAPORE : The Indian community members in Singapore, were present while Jaishankar said that the benefits of the change are now visible.

External Affairs Minister S Jaishankar on Sunday said that Article 370 was a temporary measure and it prevented very progressive laws from being extended to Jammu and Kashmir and Ladakh.

The minister said that Article 370 was a temporary measure of the Indian Constitution

and by extending it, two things happened, which harmed us as a nation.

“One, it created an ethos of separatism, violence and terrorism. And this became a problem for the security of the entire country. Second, it prevented very progressive laws from being extended to Jammu, Kashmir and

Ladakh at that point,” he added.

In August 2019, the Indian government abrogated Article 370 of the Constitution, revoking the special status of Jammu and Kashmir and bifurcating the State into two Union Territories.

“You can see the benefits of the change that has happened,” he said while responding to a question.

Jaishankar is in Singapore on a three-day visit from Saturday.

20 promoters taken to task by RERA stringent measures

Commissioner News Service
GURUGRAM : Adhering to its commitment of transparent functioning and zero tolerance towards any wrongdoing, the Real Estate Regulatory Authority (RERA), Gurugram, on Friday seized security deposits of 20 city-based real estate promoters for “non-compliance” of conditions of registration certificates.

The RERA said these promoters were granted conditional project registration certificates, but they failed to meet the conditions within the stipulated time, leading to violations. Therefore, their security deposits have been forfeited, the authority said.

“In view of the facts that the promoters failed to submit the required documents as per the conditions of the registration certificates

within the stipulated time, the security amounts, deposited by the promoters for the timely submissions of the required documents, are being forfeited,” the authority said in its order.

The collective security deposit amount of 20 promoters stands at Rs 7 crore.

“These promoters were granted conditional registrations on their requests and they deposited security amounts for the submission of requisite clearances that they had to compulsorily adhere to within the time specified in the conditional registrations. It

was clearly mentioned in the registration certificates that the security amounts shall be forfeited in case the respective conditions were not fulfilled by the promoters within the stipulated time period mentioned in the conditions,” said the order.

The authority took action after multiple hearings over the past year.

The promoters had applied for registrations of their individual projects under Section 4 of RERA Act 2016 and after due considerations, the RERA granted them conditional registration certificates.

“It is worth noting that RERA Act 2016 makes it mandatory for promoters to obtain a registration certificate from the authority without which promoters cannot advertise and execute bookings,” it said.

NEW DELHI : A Bench led by Supreme Court CJI DY Chandrachud -- which had last month pulled up the AAP for encroaching on the land meant for expansion of judicial infrastructure -- however, allowed the AAP to apply to the Land and Development Office (L&DO) of the Centre for alternative land.

“The Supreme Court permits the AAP to move the Centre (L&DO) for allotment of land and LN&DO to process the application in accordance with law in the meantime and communicate its decision within four weeks,” it said.

The top court said the Delhi High Court was in urgent need of the allotment of premises for housing the new recruits, for which courtrooms were not available.

The Supreme Court on Monday directed the Aam Aadmi Party to vacate by June 15 a bungalow on land allotted to the Delhi High Court for expansion of judicial infrastructure in the national capital.

The AAP’s party headquarters is situated on that land.

“In view of impending general election, we grant time till June 15 to vacate the premises so that land allotted to extend district judiciary footprint can be duly utilised on an expeditious basis,” the Bench said.

Noting that the the MTNL building, which was earlier proposed, has been found to be unsuitable, it directed the Chief Secretary of the Delhi government to come up with an alternative proposal in two weeks and communicate it to the Chief Justice of the Delhi High Court.

Anguished to know that the AAP has built its office at Rouse Avenue in the national capital over a piece of land originally allotted to the Delhi High Court for expansion of judicial infrastructure, the Supreme Court had last month

directed the Delhi government and the Delhi High Court Registrar General to hold a meeting for removal of the encroachment.

“How can a political party sit tight on that? Unencumbered possession must be given to the High Court,” the CJI-led Bench had said while hearing a plea related to the condition of district judiciary in India.

“No one can take law into their own hands ... how can a political party sit tight on that? Unencumbered possession must be given to the High Court. What will the High Court use it for -- only for the public and citizens? Why was the land then allotted to the High Court?” the CJI had wondered.

The top court had asked the Delhi Chief Secretary, Secretary, Delhi Public Works Department, and the Finance Secretary of the NCT government to convene a meeting to find a solution to the issue after amicus curiae K Parameshwar informed the Bench that a political party has set up its office on the land in question.

Bribery of Re 38 Cr in Delhi Jal Board, alleges CBI

Commissioner News Service

New Delhi : Amid the legal tussle between Delhi Chief Minister Arvind Kejriwal and Enforcement Directorate (ED) over the multiple summons in Delhi liquor policy case, the central agency has now asked the AAP leader to appear for questioning in another case. Mr Kejriwal has been summoned in a money laundering case linked to alleged irregularities in Delhi Jal Board. Set up in 1998, the Delhi Jal Board is responsible for distributing drinking water across the national capital. Also called DJB, the board treats water from sources such as Yamuna river and Bhakra Dam and canals near Delhi. It is also responsible for collecting and disposing sewage from areas under New

Delhi Municipal Council and Delhi Cantonment.

The ED case is based on an FIR registered by CBI. It alleges that DJB's former chief engineer, Jagdish Kumar Arora, had awarded a Rs 38-crore contract to NKG Infrastructure Limited. This contract was for the supply, installation and testing of electromagnetic flow meters. The FIR alleges that officials of DJB and NBCC illegally favoured NKG Infrastructure for a bribe. The ED arrested Mr Arora and a contractor, Anil Kumar Aggarwal, on January 31. NKG Infrastructure, it is alleged, got the bid on the basis of forged documents and that Mr Arora was aware of the fact that the company did not meet the technical eligibility.

GMDA draws infra roadmap for Gurugram 2041

Commissioner News Service
GURUGRAM : The augmentation plan of roads in the metropolitan town has been approved by CM Manohar Lal Khattar. Based on a projection that the city's population is likely to swell to 55 lakh by 2041, the plan put together by the School of Planning and Architecture in New Delhi draws a comprehensive infrastructure augmentation roadmap. Gurugram will be transformed into the city of future by 2041, according to the first ever Social Infrastructure Development Plan prepared by the Gurugram Metropolitan Development Authority (GMDA). This roadmap shall help authority in deciding, approving and executing its projects and planning budgets. "The authority's sole purpose is the transformation of Gurugram into millennium city and achieve the target in next two decades. This can be called the blue print of the vision, which will systematically direct the development of the city," said CEO PC Meena.

The plan focuses on a roadmap for authorities to follow in five areas education, healthcare, public safety, recreation and socio-cultural facilities. The plan underlines the need for more schools, daycare centres in residential clusters, multi-purpose campuses of institutes, government healthcare facilities within three kilometres, parks in colonies, police posts and old-age homes. In the education sector, the assessment concluded that the five existing universities and another eight nursing and paramedical training institutes would meet the needs of the residents at the district level by 2041. But the city would need another 750 nursery schools, 430 more primary schools, and 686 secondary and senior secondary schools over the next two decades.

Currently, there are 545 nursery schools, 279 primary schools, and 412 secondary and senior secondary schools in the city. On the health front, the city would need two more general hospitals, a civil hospital and six veterinary hospitals. It currently has two government-run civil hospitals and five veterinary hospitals. About 210 speciality hospitals, diagnostic centres would be needed by 2041, 250 dispensaries and clinics, 25 nursing homes and maternity centres too. On public safety, the plan noted that there are 25 police posts in sectors, which need at least nine more, especially in Old Gurgaon and the new sectors that are now lined with housing societies. For recreation the plan seeks four district parks, 26 community parks and 747 neighbourhood parks in addition to sports complexes and a stadium. On socio-cultural activities, the key takeaway was the need for cultural centres, old-age homes (22), orphanages (16), night shelters (5), hostels for working people (3), and cremation and burial grounds (24) over the next 18 years.
