Environmental law being ruthlessly transgressed by Rama INDUSTRIES Ltd

XEN Incharge
Pollution Control

Regional pollution control authorities fail to take stringent action against the law offender

Commissioner News Services

Lalru (Mohali) : It is well known , the issue of stubble burning and dissemination of carbon smoke is being crucified in the columns of local as well National Press . The Supreme Court has taken the environmental factor very seriously, since whole of the National Capital Region has become vulnerable and a dangerous gas chamber. The chief secretaries of the Punjab as well Haryana were summoned last week by the Apex Court as to how they were time and again miserably failing to initiate stringent action and the environ-

ment was persistently being threatened by the barrage of poisonous carbon gases. Under the environmental protection act 1986, the act necessitates protection and improvement of precious life. The prevention of hazards to human beings

and other living creatures, plants and property would have to be safe guarded by all means. The persistent violation of (Air) pollution section 21, 22 act 1981 and (water) pollution sec 25, 26, 1974 directly impacts the environmental sanctity and its

much sought after pious preservation. The transgression of the act help germinate scores of the diseases like Jaundice, Glucoma, Diarrhoea, Burning skin, Joint pain, Asthma, Bronchitis, conjunctivitis skin and pigmentary disorder.

said a doctor anonymously in Larlu. On visiting the premises of the industrial unit CNS desired to contact the General Manager of the pharmaceutical unit to know the exact causes of dissemination of toxic carbon smoke and the untreated effluents of the

Gelatin -DI Calcium and phosphate capsule. The accountable official never thought to convince the scribes, with the reasons of polluting the environment. The defaulter must remember not miniscule fraction of carbon is permissible under the law to vitiate the sanctity of biosphere . One security personnel

Mr RS Walia however was deputed to explain but he too half heartedly executed his assigned task. The CNS had shown him the propagating toxic smoke over the nearby Choundehri village. It should be underlined environmental pollutants do cast harmful effects even on prenatal disorders, unborn infants leave behind

with deficient organs. The horrendous pollutants trigger global warming, acid rain, depletion of ozone layer . While interrogating XEN Incharge Pollution Control, Rantej Sharma about the persistent discharge of carbon smoke, he said that it was not in his knowledge.

Prime Minister Visiting My Home For Religious Event , nothing wrong : CJI DY Chandrachud

Commissioner News Services

New Delhi : DY Chandrachud, Chief Justice of India on Monday (November 4) said that there was absolutely nothing wrong in the Prime Minister visiting his home for a private religious ceremony. The outgoing Chief Justice of India, due to retire on November 10, was speaking at a discussion hosted by The Indian Express. Vandita Mishra, the Opinion Editor of The Indian Express, sought the CJT's views on two recent controversies - one, the participation of PM Narendra Modi at a Ganesh puja festival at CJI's residence; two, CJI's recent statement that he prayed to the deity to solve the Ayodhya-Babri Masjid dispute. Regarding the first controversy, CJI reiterated the

explanation he gave at another recent public event that the meetings between the heads of the executive and the judiciary are regular for administrative purposes and that such interactions are not for influencing any judgments. "First and foremost, at a doctrinal level, the separation of powers does not pos-

tulate that the judiciary and executive are antagonistic in the sense that they will not meet or engage in reasoned dialogue," CJI said pointing out that meetings between Chief Justices and Government Ministers are necessary to discuss the budgetary outlays and administrative needs of the judiciary.

"We have to realise, the budget comes from the executive. You can talk on paper and wait for another 5 years to get your issues resolved. There is a robust dialogue which takes place between the executive and judiciary on the administrative side, nothing to do with the judicial work," CJI said. He recalled that when there was an impasse regarding judicial appointments during the beginning of his tenure, the doyen of the bar, Fali S Nariman, had suggested that the Chief Justice should talk to the Law Minister.

Commissioner News Services

Chandigarh: The innovative technology at five community health centres at Bathinda, Ropar, Khanna, Baba Bakala and Patti, along with a sub divisional hospital has been operationalised in Sardulgarh. The AI system analyses chest X- ray images, and if radiological signs of TB are flagged, stakeholders receive real-time notifications on their phones. The

patients are immediately contacted for further testing to confirm or rule out TB, allowing doctors to diagnose and begin treatment promptly.

ly. The use of artificial intelligence (AI)-assisted tools in Punjab has markedly improved the outcome of pre-

sumptive tuberculosis (TB) tests, identifying cases that may have otherwise gone undetected. It has also cut the diagnosis time from several days to just a few hours. Caused by the bacterium Mycobacterium tuberculosis, TB primarily affects the lungs, and spreads through the air from person to person. It is preventable and curable at early stage.

1st free air ambulance from AIIMS Rishikesh

Commissioner News Services

Dehradun : The country 's first free helicopter emergency medical service (HEMS) at AIIMS Rishikesh was virtually inaugurated by the Prime Minister Narendra Modi. The first of its kind health care initiative envisaged to bring faster life saving medical assistance to accident victims and patients from remote and critical areas in Uttarakhand during the golden hour, disclosed Gaurav Talwar. The service would help deliver speedy medical care. This initiative was launched under Sanjeevani

Yojna along with other healthcare projects, with an outlay of Rs 12850 crores for various regions across our country. Pushkar Singh Dhami, Chief Minister joined the event virtually from AIIMS. Rishikesh highlighted the transformational impact of

the new air ambulance service ,describing it as a life-line for people of remote and inaccessible areas. Unlike road ambulance, this service would ensure that medical assistance reached areas with limited ground transportation access, said Mr Dhammi.

Commissioner News Services

NEW DELHI : In the manifesto unveiled by Amit Shah Union Home Minister for the Jharkhand assembly elections, promised a uniform civil code (UCC) for the state while exempting tribal communities from its implementation. Mr Shah accused illegal Bangladeshi immigrants of grabbing tribal land "by marrying tribal girls through false pretensions". "The tribal population is dwindling due to infiltration. Soren govt is in denial. We halted this in Assam and will do it here," he said. "We will identify and deport each and every one of the infiltrators and take back the lands they usurped from the tribal people through gift-deeds."

Mr Shah added UCC will be implemented in Jharkhand along the lines of Uttarakhand if NDA is elected to office: "UCC is an important step to protect the tribal population. He outlined a range of pledges aimed at preserving 'Jharkhandi Asmita' and countering what he described as the current govt's "appeasement politics".

'Canada purportedly wants to teach India a lesson...'
Robinder Sachdev

Commissioner News Services

New Delhi : India-Canada relations have not been sailing in turbulent waves, Mr Robinder Sachdev Foreign Affairs activist has alleged that it "seems like Canada wants to teach India a lesson". Mr Sachdev said that Canada is "spewing global propaganda" against India and trying to show the West, "that India is becoming a threat to our western dominated order". What India is saying is that the Canadian intelligence is gathering intelligence about Indian diplomats. My point is that there is a commission of enquiry right now going on Canada regarding all these foreign influences and

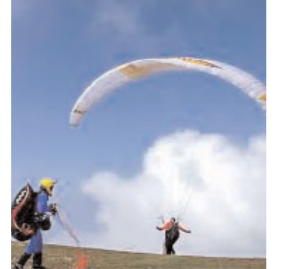

failures of their intelligence," revealed Mr Sachdev. He added, "Canadian intelligence should be investigated to see how and why are they carrying out these nefarious activities. The Parliament of Canada should know how its intelligence is operating...maybe there are some gaps...maybe some foreign powers have influenced the intelligence..."s

More than 100 contestants participating in Paragliding World Cup 2024

Commissioner News Services

Kullu : For the second time, Paragliding World Cup Association is holding paragliding competition for more than 100 pilots hailing from Germany, United States, Hungary, Kazakhstan, Mexico, Australia, Norway, Canada, Singapore, Austria, Italy, Iran, Spain, Israel, China Poland and

United Kingdom.
The names of more than 3

dozens Indian paragliders have been approved by the PWCA ,said Suresh Thakur ,the event director. Notwithstanding , the superb standard of the site for paragliding . Bir Billing also has seen over a dozen deaths of paragliders including foreign pilots in the. Pat one decade.

Time cries for survival of UN charter

The UN Summit of the Future held in September 2024 demonstrated Agenda 2030 with its 17 Sustainable Development Goals (SDGs) as the “central objective of multilateralism” and called for strengthening the UN Charter to “keep pace with the changing world”. The summit adopted a “Pact for the Future” predominantly to reiterate the agreed commitments on Agenda 2030, without proposing any time-bound process for reviewing and strengthening the Charter. The consequent ambiguity for the future of multilateralism bodes ill for “we the peoples”, in whose name the UN Charter was adopted in June 1945 “to save succeeding generations from the scourge of war”. Article 24 of the Charter puts the “primary responsibility” for maintaining international peace and security on the UNSC. The track record of the UNSC’s failure in recent years to fulfil its responsibility is well documented. It failed to provide political leadership to the UN’s fractured response to the unprecedented Covid-19 pandemic in 2020. It has compromised on countering terrorism by adopting double standards based on the political agendas of its permanent members. Its inability to resolve conflicts globally has undermined national efforts of UN member-

states to implement Agenda 2030 in an increasingly polarised, confrontational and unpredictable world. Aggravating its acts of omission, the UNSC has been unable to enforce its own unanimous decisions, denting the declared objectives of the SDGs. The highly publicised human suffering and destruction in recent years in Afghanistan (despite UNSC Resolution 2513 of March 2020), West Asia (despite UNSC Resolution 242 of November 1967), and Ukraine (despite UNSC Resolution 2202 of February 2015), are only a few examples of the inability of the UNSC to lead the way to sustainable peace. The Prima facie UNSC should not be in such a situation. Article 25 of the Charter makes the UNSC decisions legally binding obligations for all UN member-states. The UNSC is given powers to impose economic sanctions under Article 41 and use armed force under Article 42 of the Charter to enforce its decisions. Any attempt by the UNGA to assert predominance on issues of peace and security are restricted by Article 12 of the Charter, which prevents the UNGA from making any recommendation on any dispute or situation on the UNSC’s agenda unless requested to do so by the UNSC, while Article 10 of the Charter makes the U N G A recommendations voluntary, not mandatory like the

UNSC decisions. The crisis in multilateralism is due to the biggest anomaly of the UN Charter, which is the coexistence of two contradictory processes of decision-making within one treaty. Article 18 of the Charter upholds the democratic principle of sovereign equality in decision-making in the UNGA on the basis of one-country one-vote, providing for decisions being taken by consensus or by a majority vote if there is no consensus. Article 27.3 of the Charter, on the other hand, gives a dictatorial power of “veto” to China, France, Russia, the UK, and the United States as the five permanent members (P5) of the UNSC, allowing them to override without any explanation decisions proposed by each other, or by any of the 10 democratically elected non-permanent members of the UNSC representing the world’s geographical regions. While the vast majority of the UNGA membership may have firm views and proposals on how to respond to the growing political fragmentation of the multilateral system, only the UNSC can take decisions that oblige members of the UNGA under the Charter to uphold international peace and security. The first step towards strengthening the multilateral system must, therefore, begin with removing the contradictions within the Charter on decision-making.

Monika Gupta posted as new DC, Panchkula

Commissioner News Service PANCHKULA : Deputy Commissioner Yash Garg has been replaced by Haryana cadre’s 2014-batch IAS officer Monika Gupta who is currently posted as Mahendgarh DC. On the other hand, 2018-batch Haryana cadre IAS officer Aparajita who is currently the Ambala Additional Deputy Commissioner has replaced Sachin Gupta as the MC Commissioner. In latest transfers after the formation of new government in Haryana, Panchkula

got two new appointments — Deputy Commissioner and Municipal Corporation Commissioner. On Saturday itself, a 2003-batch IPS officer, Rakesh Kumar Arya, had taken over as the new Panchkula Police Commissioner, replacing Sibash Kabiraj.

Rakesh Arya takes over charge as Panchkula Police Commissioner

Commissioner News Service PANCHKULA : On joining as Police Commissioner of District Panchkula. Rakesh Kumar Arya, a 2003 batch IPS officer, gave important guidelines to officers. He said it would be his priority to curb all types of crimes in the district. He also holds the charge of IGP Administration, Law and Order. The Commissioner was welcomed by DCP Himadri Kaushik, DCP (Crime and Traffic) Virendra Sangwan and other officials. He inspected all branches at his office in Mansa Devi

Complex and directed the officers to ensure timely completion of work. Arya has served as Police Commissioner, Faridabad; IG, Rohtak and Hisar; DIG CID, SP CID and DCP and SP in Gurugram district, DCP, Karnal, Kurukshetra, Palwal, Bhiwani, Jind, Rohtak.

UT brings ‘Colours of India’ in 10-day mela at Kalagram from November 29

Commissioner News Service CHANDIGARH : Chandigarh National Crafts Mela is a joint initiative of the UT Administration and the North Zone Cultural Centre (Union Ministry of Culture). The UT Administration has decided to hold 10-day 14th Chandigarh National Crafts Mela at Kalagram from November 29 to December 8. A meeting in this regard was held under the chairmanship of Hari Kallikhat, Secretary Culture. The main objective of the mela is to display traditional

Indian handicrafts, handlooms, folk traditions, flavours of rich Indian cuisines, folk music, folk instruments and folk dances of India. The timings of the mela will be from 11 am to 9.30 pm daily. The theme of the mela will be “Colours of India”. During the 10-day mela, there will be star cultural nights in which renowned artists/groups will perform. To draw more footfall, theme-based photography competition will be organised by Lalit Kala Akademi.

45 acres land orchestrated by Punjab for Metro depot in New Chandigarh

Commissioner News Service MOHALI : Forest Department, the Punjab Government has now confirmed that the land was ready to be released, pending final approval of the Chief Minister. In a boost to the long-awaited Tricity Metro project, the Punjab Government has finally agreed to allocate 45 acres (18 hectares) in New Chandigarh for the construction of a Metro depot. The depot will be crucial for inspection and maintenance works related to the upcoming Metro lines. The issue of land allotment for the depot had been a persistent hurdle in the project’s progress. The UT Administration had sent multiple reminders to the Punjab Government, urging them to clarify their stance on the matter. A senior official said it had been decided to release 45 acres in New Chandigarh for the construction of the depot. The file has been sent to the Chief Minister for final approval, which is expected within a week. Once approved, the land will be handed over to the UT Administration, he

added. The matter was a key agenda item during the Unified Metro Transportation Authority (UMTA) meeting held on September 2. While this marks a positive step for the New Chandigarh depot, the Punjab Government has declined to provide land for another proposed depot in Zirakpur. In its place, an alternative depot will now be constructed in Sector 27, Panchkula, with approval already secured from the Haryana Government. The depot allotments are part of the larger Metro development plan for the Tricity, which will see construction beginning in 2027 as part of the first phase, with completion expected by 2034. Phase 2 of the project will commence post-2037, further expanding the city’s metro connectivity.

Shallow water body to come up for protection of Rock Garden from untreated sewage

Commissioner News Service CHANDIGARH : In order to halt the on going flow of sewage, a project, estimated to cost more than Rs 10 lakh, is aimed to stop the malaise. The flow has turned parts of forest into a swamp, threatening trees, wildlife and nearby Sukhna Lake. The UT Forest Department and Wildlife Department has initiated the project to construct a shallow water body near the Rock Garden to control the spread of sewage water in the forest area for the protection of flora and fauna, Lake beat and Chandigarh Range. For years, untreated sewage from Kansal in Punjab has flowed into Chandigarh, damaging several acres of forest and leading to the loss of hundreds of trees. This swampy build-up has not only harmed the land and vegetation but also endangered wildlife, posing

health risks that could lead to the spread of diseases among animals. The new water body is expected to trap the sewage flow and prevent it from spreading further into the forest area. Officials from the Forest Department have confirmed that the tender process has already begun, and construction work will commence once a contractor is selected. Discussions with the Punjab government are ongoing to address the root cause — a lack of sewage treatment. Punjab has previously proposed installing a 5 MLD sewage

treatment plant (STP) to prevent sewage from reaching Chandigarh, but delays persist. Now, Punjab officials have been requested to provide a timeline for the STP’s completion to ensure the sewage problem is permanently addressed. Environmentalists and local residents hoped the Forest Department’s action would help in restoring and preserving the natural environment around Chandigarh’s forest areas and this initiative is essential for safeguarding both the city’s green cover and the well-being of its wildlife.

Preventive clinic to promote heart health at PGI

Commissioner News Service CHANDIGARH : A dedicated preventive clinic in the Cardiology OPD complex has been inaugurated. The significant step towards promoting heart health and preventive care, has been initiated in the Postgraduate Institute of Medical Education and Research (PGIMER) here. Prof Vivek Lal, Director, PGIMER, launched the clinic and shared his personal journey towards better health, emphasising the impact of preventive measures. “By focusing on weight management, physical activity such as cycling and practices like yoga, we can prevent many

lifestyle diseases. Health is a lifelong journey and I encourage everyone to prioritise it,” he said. The clinic aims to offer guidance and targeted interventions for adults who are health conscious and keen to minimise their risk of heart diseases. Dr Neelam, associate professor and in-charge of the new clinic, outlined the services provided. “The clinic is designed to serve those who want to

stay healthy and prevent heart diseases. Every visitor will undergo a comprehensive evaluation covering diet, psychological issues and physical activity. Based on this assessment, we will provide personalised advice and interventions,” she explained. The clinic will operate every Wednesday and Saturday from 9 am to 10 am.

Mohali CCTV surveillance project gets new deadline

Commissioner News Service MOHALI : The September-end deadline for the installation of CCTV cameras under the City Surveillance and Traffic Management System project has now been reset to mid-November following certain delays at the end of GMADA in executing the project. The Punjab Police Housing Corporation had planned to install over 400 CCTV cameras in the city at the cost of Rs 17.70 crore. The project is aimed at curbing traffic violations, hooliganism and illegal activities by monitoring 18 busy junctions in the city with CCTV cameras. Besides, two speed detectors will be installed on the Airport Road. Reviewing the progress of work during a meeting of the

District Road Safety Committee, Deputy Commissioner Aashika Jain asked the project officials to speed up the project. She was apprised that 80% of the project had been completed. She asked the project incharge to integrate the project with the VAHAN app so that challans could be automatically issued to the offenders. The DC directed various agencies responsible for fixing the black spots, including the National Highway Authority of India, GMADA, the Municipal Corporation, the PWD and the Zirakpur civic body, to

complete the work by November 12 to ensure the safety of commuters. She also asked NHA officials to immediately repair the non-functional lights at Zirakpur and install new ones at Dairi (Banur) T-point. The DC directed Mohali MC officials to make all defunct traffic light signals functional, especially the ones on the Phase 9/10 and 10/11 roads and the Fortis light point. Jain also directed GMADA officials to expedite the construction of eight roundabouts in the city. It was informed during the meeting that a non-official member of the committee, Harpreet Singh, has started an audit of the schools having entry gates facing towards roads to take appropriate steps for the safety of students.

New DC office building in Sector 17 to cost Chandigarh Rs 125 cr

Commissioner News Service CHANDIGARH : “The construction of the building housing Deputy Commissioner will begin in the next financial year once the budget Rs 125 crore is approved by the centre. The interior layouts have also been finalised,” disclosed the authorities. The UT Engineering Department has prepared a detailed estimate of Rs 125 crore for the construction of a new building of the Deputy Commissioner (DC) office next to Hotel Shivalikview in Sector 17 here. The construction was initially scheduled to begin in April this year, but got postponed as budget was not allocated for the project. However, sources said the estimate was now prepared and sent to the Government of India for approval. In addition, the complex will incorporate environmental sustainability measures with a sewage treatment

plant and a rooftop solar power plant to generate tertiary treated water and electricity. The existing DC Office building in Sector 17 will be repurposed into a modern art gallery. An amphitheatre is also proposed to be constructed in front of it, adding cultural value to the area. The idea of relocating the DC office within Sector 17 has been under consideration since 2018. The officials said the soil testing report had cleared the proposed site, ensuring it could withstand the structural load. It was conducted to assess the chemical and physical composition of the soil, factoring in weather conditions, climate changes, and historical land usage. The project is expected to be

completed within two years. The seven-storey building will conform to a 5-star GRIHA (Green Rating for Integrated Habitat Assessment) rating, with a focus on reducing carbon emissions. The structure will have a basement parking facility for nearly 600 cars. The building will house several key departments, including Registering and Licensing Authority, Registrar Co-operative Societies, Excise and Taxation Department, Census Department, Election Department, Revenue Department, Tehsildar’s Office, Food and Supplies Department, Labour Department, Industries Department, Colony Rehabilitation Wing, Building Branch, and Red Cross Society.

Rampant corruption in MCD's online teacher transfer policy, probe ordered by Mayor

Commissioner News Service
NEW DELHI : The online teacher transfer policy, introduced by the Municipal Corporation of Delhi earlier this year, was intended to make teacher transfers transparent and limit the scope for manual interference. Mayor Shelly Oberoi directed MCD commissioner Ashwani Kumar to launch an investigation into the alleged irregularities in the online teacher transfer policy in the civic body-run schools. The mayor has asked the commissioner to look into reports of unauthorised offline transfers, which she said could lead to corruption. However, Oberoi pointed out that some transfers are reportedly being done offline, going against the policy's purpose. "It has been brought to my notice that offline transfers are also being done in the Education Department, which

is against the policy and breeds corruption. This is a matter of serious concern as the purpose of curbing corruption would be defeated," Oberoi stated in a letter to the commissioner dated November 2. She also asked the commissioner to issue clear guidelines on the policy to prevent misuse. "I would therefore advise to get the matter investigated, and the appropriate actions be taken. It is supposed to be done at the most priority and a clear guideline may be issued in this regard to improve the functioning of Education Department," the letter further read. Several teachers in the MCD schools have repeatedly

raised concerns about alleged corruption in the online teacher transfer policy, claiming that arbitrary transfers and favouritism have occurred. Many of them also demand the scrapping of the online transfer policy. "If there is an online transfer policy, then why are offline transfers being conducted? The online transfer policy should be revoked first. After that, vacant positions should be displayed in schools based on the student-teacher ratio. Then, offline transfer applications should be requested from all teachers, followed by the issuance of a transfer list in a fair and transparent manner," said Kuldeep Singh Khatri, president of Shikshak Nyay Manch, a union of MCD school teachers. A committee should be formed to finalise the transfer list, including representatives from the teachers' organisations, Khatri said.

'Deliberate attack' on Hindu temple in Canada castigated by Modi

Commissioner News Service

NEW DELHI : Taking a serious note of the clash between two groups of Indian-origin people inside the temple in Brampton, the Prime Minister Mr Narendra Modi said such acts of violence cannot "weaken" India's resolve. Mr Modi on Monday condemned a "deliberate attack" on a Hindu temple in Canada, saying that he expected the Canadian government to ensure justice and uphold the rule of law. Modi put out a post on X saying that "I strongly condemn the deliberate attack on a Hindu temple in Canada". He added, "Equally appalling are the cowardly attempts to intimidate our diplomats. Such acts of violence will never weaken India's resolve. We expect the Canadian government to ensure justice and uphold the rule of law". Modi's post came just hours after the Ministry of External Affairs (MEA) condemned the violence at the temple and said it was perpetrated by "extremists and separatists". The MEA statement said, "We

condemn the acts of violence perpetrated by extremists and separatists at the Hindu Sabha Temple in Brampton, Ontario yesterday." It said the "Government of Canada needs to ensure that all places of worship are protected from such attacks". "We remain deeply concerned about the safety and security of Indian nationals in Canada," it added. Separately, on Monday morning, the Indian High Commission in Ottawa said its consular camp saw "violent disruption" on Sunday and blamed "anti-India" elements for the disruption. The High Commission put out a statement on X: "We have seen violent disruption today (Nov 3) orchestrated by anti-India elements outside the consular camp co-organized with the Hindu Sabha Mandir, Brampton, near Toronto." The statement of the High Commission was posted on Monday morning (IST). Such camps are for the benefit and ease of "local life certificate" beneficiaries (both Canadian and Indian), the High Commission said.

Naxalism will be wiped out from country by March 2026: Amit Shah

Commissioner News Service

RANCHI : "The menace of Naxalism from the face of the country will be eradicated by March 2026. Attacking the Hemant Soren-led JMM coalition for "fuelling Naxalism", Union Home Minister Amit Shah on Sunday asserted that the Prime Minister Narendra Modi-led Union government will eliminate. Shah expressed confidence that the NDA would form the government in Jharkhand, claiming it would win at least 52 out of 81 assembly seats based on the calculations from the recently held Lok Sabha elections. "It is time to oust the

anti-Dalit, anti-tribal, anti-poor, and anti-youth Hemant government from Jharkhand, which is fuelling Naxalism for petty political gains," he said while addressing a rally in Simaria, Chatra district. "We uprooted the menace from Jharkhand during the last five years, and now the Prime Minister Modi-led Centre will wipe out Naxalism from India by March 2026." Accusing the

Soren government of devouring funds meant for poor and tribals, he said the BJP once voted to power will put all corrupt Jharkhand leaders behind the bars. "NDA will win 52 seats out of 81 in Jharkhand given people cast 47 per cent votes to the alliance in Jharkhand during the recent Lok Sabha elections," Shah said. He said the people of Jharkhand gave nine out of 14 parliamentary seats to the NDA, with a total of 80 lakh votes cast in favour of the alliance. Elections to the 81-member Assembly in the state are set to take place in two phases on November 13 and 20, with the votes to be counted on November 23.

Mata Jarnail Kaur Corpus Fund Scholarship Scheme launched by Desh Bhagat University

Commissioner News Service

CHANDIGARH : Desh Bhagat University has launched Mata Jarnail Kaur Corpus Fund Scholarship Scheme on Monday in Mandi Gobindgarh to support meritorious, needy, underprivileged, economically backward, physically challenged individuals and girl children, among other categories. This initiative reflects the university's commitment to inclusivity and equal education opportunities for students from diverse backgrounds who may face financial or other challenges in pursuing higher education. Desh Bhagat University marked this significant milestone during its celebration program held on campus.

The scholarship fund honours the legacy of Mata Jarnail Kaur and is being initiated with a generous contribution of Rs 1 crore by S Hardev Singh who is an advocate and Philanthropist. Dr Zora Singh, Chancellor, Desh Bhagat University, expressed his gratitude for the establishment of the fund and highlighted its

significance in bridging the gap in educational access. "This scholarship is not only a tribute to Mata Jarnail Kaur but also a step towards fostering equality in education by empowering students who may otherwise be deprived of opportunities due to financial or social constraints," he said.

Gurugram holistically aims zero emission by 2050

Commissioner News Service

GURUGRAM : As Gurugram features among the top polluted cities in the country, the Gurugram Metropolitan Development Authority (GMDA) has drawn a holistic plan to reduce emissions in the city. The authority has drafted a 'net zero 2050' document, contouring the goals for urban policy-making to make Gurugram a zero emission city. Net-zero refers to the point at which a specific area or city is able to remove from the atmosphere all green house gases (GHGs) it is emitting. Effectively, it ensures that no additional carbon or other GHGs are being added into the atmosphere.

The document elaborates on the way forward to implement sustainable development strategies like construction of green buildings, setting up of centralised cooling plants in housing societies, adoption of cleaner technologies and increasing the share of electric vehicles over the next 25 years. The plan deals in four major arenas — energy, waste, transport and greenery.

For questioning in MUDA case, Lokayukta police summons today Karnataka CM

Commissioner News Service

MYSURU : The Lokayukta police have summoned Karnataka Chief Minister Siddaramaiah for questioning in the MUDA site allotment case on November 6, official sources said on Monday. They had on October 25 questioned Chief Minister's wife Parvathi B M, who is also an accused in the case.

"We asked him to appear on Wednesday morning," a senior Lokayukta official. Siddaramaiah, his wife, brother-in-law Mallikarjuna Swamy and Devaraju—from whom Swamy had

purchased a land and gifted it to Parvathi—and others have been named in the FIR registered by the Mysuru-located Lokayukta police establishment on September 27.

BJP, Congress rebels withdraw from Maharashtra poll fray on last day

DIKSHA

Commissioner News Services

Mumbai : A total of 3,203 candidates bowed out of the Assembly elections as the withdrawal of nominations closed on Monday; strict warning from BJP, Cong., NCP and Sena leadership led to success.

Rebels and rivals of the Bharatiya Janata Party (BJP) have bowed out of the Maharashtra Assembly elections as the withdrawal of nominations closed on Monday (November 4, 2024). A total of 3,203 candidates withdrew from the elections. Notable withdrawals include Maratha quota activist Manoj Jarange-Patil's

candidates and former BJP MP Gopal Shetty. Maharashtra will go to polls on November 20 and results will be announced on November 23.

It was the BJP which successfully convinced several rebels such as Mr. Gopal Shetty, Swikriti Sharma, Vishwajit Gaikwad, Dadrao Keche, Karan Gaikar and Dilip Kumar Bhamre to withdraw their independent nominations. Its ally Sena was able to withdraw its rebel Dhanraj Mahale from Deolali, backing the NCP's Narhari Zirwal candidacy.

On the Maha Vikas Aghadi's (MVA) side, notable withdrawals

include Congress rebel Mukhtar Shaikh, Madhu Chavan and its candidate Madhurima Raj Chhatrapati. The Sena (UBT) withdrew its own candidates in Pen, Panvel and Alibaug, extending support to ally Peasants and Workers Party (PWP). These

withdrawals came after a strict warning from Uddhav Thackeray, Sharad Pawar and Nana Patole of disciplinary action against rebels contesting against the alliance's official candidates. It is not possible to fight elections on the basis of

one community alone," said Mr. Jarange-Patil, appealing to his independent Maratha candidates to withdraw their nominations on Monday. His announcement came a day after he backed candidates in Parvati and Daund constituencies. He had also previously pledged support to candidates in Phulambri, Kannad, Hingoli, Pathari and Hadgaon constituencies. Appealing the Maratha community to go out and vote, he claimed the reason for his withdrawal from poll fray was due to the delay in list of candidates from Dalits and other organisations.s

Commissioner News Services

New Dehli: Not all privately owned properties qualify as community resources that the State can take over for the common good, the Supreme Court said in a landmark verdict today.

The nine-judge Constitution bench led by Chief Justice of India DY Chandrachud delivered the judgment on the vexed issue with an 8-1 majority.

Three judgments were authored -- the Chief Justice wrote one for himself and six colleagues, Justice BV Nagarathna wrote a concurrent but separate judgment and Justice Sudhanshu Dhulia dissented. The judges on the bench were Chief Justice DY

Chandrachud, Justice Hrishikesh Roy, Justice Nagarathna BV, Justice Sudhanshu Dhulia, Justice JB Pardiwala, Justice Manoj Misra, Justice Rajesh Bindal, Justice SC Sharma and Justice AG Masih. The case relates to Article 31C of the Constitution that protects laws made by the State to fulfill directive principles of state policy -- guidelines the Constitution

lays down for governments to follow while making laws and policies. Among the laws that Article 31C protects is Article 39B. Article 39B lays down that the State shall direct its policy towards ensuring that the ownership and control of the material resources of the community are so distributed as best to subserve the common good.
