

mountain harmony camp

Region 12 Sweet Adelines International

A three-day camp experience for girls, age 13 and up, designed specifically to train young singers in a cappella harmony.

Sponsored by the Pacific Shores Region of Sweet Adelines International, campers are offered the highest quality instruction, by certified music educators, and professional singers in this art form.

While exploring the outdoors we learn two songs that become the literature for our specialized classes and coaching sessions. Students will apply the basics of a cappella ensemble singing and explore the finer nuances of harmony and expression through instruction in vocal production, visual performance techniques and specific part singing. We close the weekend with a show for family and friends.

Your registration fee includes

- three days of singing
- all instructional materials
- two nights lodging with five meals
- camp T-shirt, participation in the closing show, and new friends.
