NORTH ANDREW SCHOOL NEWSLETTER

"Honesty"- A half truth is a whole lie

As we enter February, I know that there are things that we have lost due to COVID. I am, however, very excited about and want to celebrate what we here at North Andrew have managed to accomplish in the first half of the year despite COVID.

- 93 days of full and all day in-person instruction. In my opinion, this is the only real way for students to learn, with the excellent teachers and the social interaction that our students can't get anywhere else.
- A Fall sports season with nearly 100% of the contests taking place.
- A Winter sports season which is still moving forward and thriving
- A Christmas Concert put on by the music department when many similar activities were cancelled in other districts.
- The band playing at Chillicothe and at home basketball games.

The preceding list is not all-inclusive. We have much to be grateful for this year and we will continue showing up, moving forward, and succeeding with the quality education that your child deserves. We will teach our students the lessons of endurance and fortitude, lessons that will help them succeed in life.

I can't say enough great things about the North Andrew teaching staff and principals! I knew they were special before this year. Now, I know how extraordinary they are. They know how important their jobs are for our students, they want to be here doing what they are gifted to do – teach. They make such a difference on a daily basis. This year hasn't been easy for them. They have had to work extra hard to make sure all their students are getting what they need to be successful. Going the extra mile and not complaining but thriving in our school's excellent environment. Again, I can't be more proud of them and am honored to be a part of this great School District and work alongside them! Thank you, teachers!

To our community, ditto. I am proud and honored to be a part of a community that has responded to this COVID mess the way you have. There are districts with lots of division and quarrels due to decisions that have been required to be made to survive this school year. Our community has hung together and supported our District like no other. When asked, I can't say enough great things about the support we are receiving from you. it has definitely helped make this mess more tolerable! I thank you for that and am honored to live in a District that steps up to do the right thing in order to keep our students in the classroom and growing each day.

We have two board vacancies this year for three-year terms. The following community members have signed up to run for the vacancies of Tim Miller and Josh Hannah for the April 6, 2021 election: Tim Miller, Josh Hannah, Lonnie Bishop and Susan Brittain. Also, one board member has resigned. This position will be filled at a later date.

Sincerely, Mark McDaniel, Superintendent

NORTH ANDREW R-VI BOARD OF EDUCATION

Missourians benefit every day from the dedicated energies and countless hours devoted by a group of more than 3,600 men and women in every community across the state. These public servants are elected by local constituents and do not receive compensation for their tireless efforts. These men and women are the local school board members of Missouri.

The members of the North Andrew R-VI School District in Rosendale, Missouri include: Board President, Steve Houston; Board Vice-President Jenny Graham; and Members –Ruth Riedinger, Josh Hannah, Angela Grishow, Tim Miller and Stephanie Smith.

During the week of February 14-20, 2021, communities across the state will honor the dedicated service of local boards of education during School Board Recognition Week, as proclaimed by Governor Mike Parson. The goal is to build awareness and understanding of the important function an elected board of education plays in communities and schools. All Missouri citizens are asked to recognize the important contributions of these men and women and focus attention on the vital role these public officials play in the education of Missouri's children.

Thank you North Andrew Board of Education for your vision and guidance and volunteering your time for the betterment of our school district. You are greatly appreciated by the North Andrew students, staff and community! Hello North Andrew community! I hope that everybody was able to have a restful and peaceful holiday season. I want to commend all of your efforts in helping us stay open by keeping your students' home when they have been sick and having them mask up at school. We have been extremely fortunate in the middle/high school that we have not had to experience large disruptions to the education process. I recognize those of you that have personally had to experience quarantine times with students out of the building. I know first hand how inconvenient that is. We have made a concerted effort to make sure the educational process has continued for everyone that has experienced quarantine. I feel that everyone's cooperation has made difficult situations doable. Thank you!

As we move forward through these winter months, we will continue to press forward with all the activities that students enjoy participating in. Our winter sports are in full swing with basketball, archery, wrestling, and scholar bowl able to compete. These activities are important to the mental health of our students. I will continue to encourage any and all activities that we can do in a safe manner.

As we continue with the school year, I would encourage each of you to continue to use the Lumen grade system to see how your student is progressing. Please do not hesitate to reach out to the teachers with questions. We want everyone to be successful. So much attention has been given this year to all the chaos around us. Our hope and goal is to allow our students to be at North Andrew and have as much of a sense of normalcy as possible. Let's keep moving forward!
