An aerial photograph of the Xcaret Plus resort in Mexico. The image shows a large, winding turquoise river or lagoon that flows through the property. On the left, a rocky peninsula features a large, tiered thatched-roof structure. A small boat is docked at a wooden pier extending into the water. The surrounding area is lush with green tropical vegetation, including palm trees. Several buildings with thatched roofs are scattered throughout the landscape. In the background, a white church with a tall steeple is visible. The sky is blue with scattered white clouds. A large, colorful parrot is superimposed on the right side of the image, flying towards the left.
