RICH ENERGY
solutions company

WHO IS ELIGIBLE?

These programs are designed for businesses and organizations with an average energy demand of no more than 300 kW per month.

- ✓ Small Businesses, Schools and Colleges
- ✓ Local Governments and Municipalities
- ✓ Churches and Non-profits

WHY CHOOSE ENERGY-EFFICIENT UPGRADES?

1. Save up to 70% on energy-efficient upgrades, including installation and labor costs.
2. Cut energy and water costs, improving your bottom line.
3. Enhance indoor aesthetics and improve air quality, creating a more inviting and comfortable space for both customers and staff.
4. Reduce your carbon footprint by making your business more environmentally responsible.

EQUIPMENT UPGRADES ELIGIBLE FOR INCENTIVES:

UPGRADES INCLUDE:

- ✓ Lighting retrofits (fixtures, sensors, and controls)
- ✓ HVAC systems, including programmable thermostats and smart controls
- ✓ Commercial refrigeration equipment
- ✓ Motors and more
