About the author

Deborah Hall Subetto earned a master's degree in speech and hearing science from The Ohio State University in Columbus, Ohio. She is also the mistress of Shepherd's Gate Farm, a working farm where she raises goats and a number of other farm pets, the inspiration for her writing and the animals featured in **Reflections** and her other published works, including **Rooted in the King's Garden**, a unique full-color 8.5"x11" "You and Your Child" activity book set designed to help you spend fun, quality Gospel time with your littles, also published in 2023.

After nearly thirty years of helping others to communicate in her role as a speech-language pathologist, Deborah responded to God's call on her life to share the gospel through her writing, leading women's Bible studies, and sharing her farm experiences with family and friends.

Deborah is passionate about God's Word, her family, mentoring others, sharing her faith, and, of course, her beloved animals.
