

Shauna Manfredine's Online Academy

12515 Garden Valley Rd. Roseburg, OR, 97417 / H: (541) 672-1514 * e-mail: smanfred1@aol.com

Dear Parents and Students;

Enclosed in this document is the official Registration Form for the 2020-2021 school year. To enroll your student(s), please complete the enclosed Registration Form and return it to me with your registration payment (checks made payable to Shauna Manfredine) OR complete the online registration form and pay with credit card. This registration payment will also include the materials fees for each class.

As our 2020-2021 School Calendar (see page 3) shows, **Monday, August 24th 2020 will be our first day of school.** In order to be certain I can get the course materials ordered and shipped to you prior to this date, I ask that you **please register no later than July 20th.**

Regarding the platform we will use for school next year, we have made inquiries with many webinar platform companies... So far, the best tech support has come from PGI Global Meet... So, we're leaning that way, but are still in the testing state and haven't decided for certain. We'll let you know before school starts, of course.

Shalom and blessings,

Shauna Manfredine

2020-2021 Class Schedule

Class Time	Monday	Tuesday	Wednesday	Thursday
9:00 AM – 10:00 AM	Language Arts (English & Writing)	Math (Consumer Math & Jr. High)	Language Arts (English & Writing)	Math (Consumer Math & Jr. High)
10:15 AM – 11:15 AM	Natural Science (Creation evidence, Cells, plants, oceanography, earth science)	Daniel's Timelines (Bible Prophecy)	Natural Science (Creation evidence, Cells, plants, oceanography, earth science)	Daniel's Timelines (Bible Prophecy)
11:15 AM – 12:30 PM	LUNCH BREAK			
12:30 PM- 1:30 PM	Life Skills (Nutrition, Health, Cooking, Healing, First Aid)	Acrylic Painting (Art)	Life Skills (Nutrition, Health, Cooking, Healing, First Aid)	Sewing (Home-Art)
1:30 PM – 2:30 PM	Computer Art / Web Design		Computer Art / Web Design	

2020-2021 School Calendar

Registration Deadline: July 20, 2020

Fall Semester: August 24 to December 18, 2020

First Day of School: Monday, August 24, 2020
(Fall Semester begins)

Labor Day/No School: Monday, September 7, 2020

Fall Break (Feasts)/No School: September 28-October 16, 2020
(Day of Atonement = Sept. 28; Sukkot=Oct 3-10, 2020)

School Resumes after Fall Break: October 19, 2020

Thanksgiving Break/No School: November 25-26, 2020

Fall Semester Ends: December 18, 2020

Winter Break/No School: December 21, 2020-January 2, 2021

Spring Semester: January 4 to June 3, 2021

School Resumes after Winter Break: January 4, 2021

MLK Jr. Day/No School: Monday, January 18, 2021

President's Day/No School: Monday, February 15, 2021

Spring Break/No School: April 19-May 7, 2021
(Passover = April. 27; U.B. = April 28-May 4, 2021)

School Resumes after Spring Break: May 10, 2021

Last Day of School: June 3, 2021

2020-2021 School Year Course Descriptions

Language Arts Course: *(Meets Mondays and Wednesdays from 9 AM to 10 AM)* In this course, high school students will be taught English III (designed for 11th grade), while students in Grades 6-8 will be taught their grade-level appropriate Language Arts course. There are 6 student workbooks per student which are designed to be completed over the course of the school year. All workbooks in all classes are Christian and maintain a conservative and Biblical world-view.

following descriptions tell what is taught in each of the 6 workbooks for these three students:

ENGLISH III (High School level) Pre-registered: Alysah Yang	7th Grade Language Arts Pre-registered: Zachary Porter	6th Grade Language Arts Pre-registered: Weston Yang
English III Workbook #1: <ul style="list-style-type: none"> Basics of standard English, Dictionaries, types of English texts... 	7 th Language Arts Workbook #1 <ul style="list-style-type: none"> Word usage: nouns, pronouns, prefixes, suffixes, synonyms... 	6 th Language Arts Workbook #1 <ul style="list-style-type: none"> Reading for a purpose: critical thinking, research data, parables, synonyms...
English III Workbook #2: <ul style="list-style-type: none"> Writing effective sentences: clauses, conjunctions, relative pronouns... 	7 th Language Arts Workbook #2 <ul style="list-style-type: none"> More word usage: speech-stress and pitch, verb tenses, principle parts... 	6 th Language Arts Workbook #2 <ul style="list-style-type: none"> Forming New Words: prefixes, suffixes, synonyms and antonyms, adjectives & adverbs...
English III Workbook #3: <ul style="list-style-type: none"> Sentence workshop: pronouns and their proper uses, using modifiers, parallel sentence structures... 	7 th Language Arts Workbook #3 <ul style="list-style-type: none"> Biographies: Biography as a writing form, flashback technique, deductive reasoning, base and root words... 	6 th Language Arts Workbook #3 <ul style="list-style-type: none"> Better Reading: Story elements, author's purpose, information sources, outline...
English III Workbook #4: <ul style="list-style-type: none"> Greek and Latin roots of English words, finding the main idea, analyzing writing... 	7 th Language Arts Workbook #4 <ul style="list-style-type: none"> Structure of Language: verb tenses, sentence creativity... 	6 th Language Arts Workbook #4 <ul style="list-style-type: none"> Sentences: Capitals, punctuation, author's purpose, recognizing propaganda, types of sentences...
English III Workbook #5: <ul style="list-style-type: none"> Poetry: Metrical feet and sets, musical effects, imagery, connotation... 	7 th Language Arts Workbook #5 <ul style="list-style-type: none"> The Nature of English: formal and informal writing, verb tenses, subject-verb agreement... 	6 th Language Arts Workbook #5 <ul style="list-style-type: none"> Reading Skills: following directions, literary forms, phrases, nouns and verbs, paragraph structure...
English III Workbook #6: <ul style="list-style-type: none"> Research: using sources, stating the thesis, outline, writing the paper... 	7 th Language Arts Workbook #6 <ul style="list-style-type: none"> Compositions: sentence types, quality of paragraphs, literature... 	6 th Language Arts Workbook #6 <ul style="list-style-type: none"> Literary forms, writing letters, parts of speech...
Materials cost for these 6 workbooks: \$62.00 <i>(this one-time fee is due upon registration)</i>	Materials cost for these 6 workbooks: \$62.00 <i>(this one-time fee is due upon registration)</i>	Materials cost for these 6 workbooks: \$62.00 <i>(this one-time fee is due upon registration)</i>

2020-2021 School Year Course Descriptions - continued

Note: Because of the diversity of grade-levels between the students pre-registered in this class, this course will be taught in a one-room-school-style format. This means that class instruction will be given to students in turn. Students will overhear the instruction for the other grade-level as well as their own. This is a scholastic blessing as lower grade level students are exposed to the principles of higher grade levels. And higher grade level students gain a good review of principles of lower grade levels. Studies have shown that students in a one-room-school-style format environment actually learn more than students exposed only to their own grade-level instruction.

.....

Natural Science Course: (Meets Mondays and Wednesdays from 10:15 AM to 11:15 AM) This course is open to students in grades 6-12. The same subject matter will be taught to all ages, but will have grade-appropriate expectations and assignments, along with things that “stretch” them, encouraging growth. There are science experiments which increase students’ comprehension of the subject matter throughout the course. But, because we don’t have a science lab with a lot of equipment, I will show video clips of the experiments.

The following descriptions tell what is taught in each of the 7 workbooks:

Natural Science Course Materials
Biology (Unit 2) – workbook #1: The study of the molecular basis of life, including compounds, enzymes, and chemical reactions...
General Science III (Unit 1) – workbook #2: The study of atoms, including the structure of matter, nuclear energy...
General Science III (Unit 3) – workbook #3: The study of earth science, including volcanos, earthquakes and tectonics...
General Science III (Unit 5) – workbook #4: The study of microbiology, including germs, viruses and the microscopic world...
General Science III (Unit 8) – workbook #5: The study of oceanography, including the physical properties of the ocean and ocean biology...
Biology (Unit 4) – workbook #6: The study of cells, including their parts, structure and role in living organisms...
Biology (Unit 5) – workbook #7: The study of plants, including plant cells, the anatomy and morphology of plants...
Materials cost for this course: \$118.50 (this one-time fee is due upon registration)

This course will be taught in a one-room-school-style, as explained above.

Life Skills Course: *(Meets Mondays and Wednesdays from 12:30 to 1:30 PM.)* In this course, students will be learning a variety of “life-skills” which are needed for their future adulthood. This course will truly be varied, covering a wide range of skills, specifically the following (based upon the responses of our pre-registered families): Nutrition, Cooking, First Aid, Health, Natural Remedies (including herbs, hydro-therapy, and essential oils). This course will be suitable for grades 6-12. Students will be required to get the following workbooks for this course:

Life Skills Course Materials - Health Workbook (Unit 1): Body Essentials: General health introduction, the head and crown of Creation, Body systems, growth and development...
Life Skills Course Materials - Health Workbook (Unit 2): Physical Health: Nutrition and exercise, developing good eating habits, physical fitness, Biblical perspectives of health...
Life Skills Course Materials - Health Workbook (Unit 4): Preventative Healthcare and First Aid: Safety habits, fire safety, first aid...
There will be additional worksheets and supplemental materials, uploaded online.
Materials cost for all of the above listed books and materials: \$38.00 <i>(this one-time fee is due upon registration)</i>

.....

Computer Art/Web Design Course: *(Meets Mondays and Wednesdays from 1:30 to 2:30 PM.)* In this course, students will be learning to use InDesign and Adobe Photoshop for various graphics design projects. Students will learn to make unique text and how to use text as a design element. They will be making art projects on the computer. Additionally, students will be taught the basics of html code and how to create a basic website for the Internet. There are no textbooks or materials required for this course. The Adobe software suite is required.

Math Course: *(Meets Tuesdays and Thursdays from 9 AM to 10 AM)* In this course, high school students will be taught consumer math, while students in Grades 6-8 will be taught their grade-level appropriate math course. There are 6 student workbooks per student which are designed to be completed over the course of the school year.

The following descriptions tell what is taught in each of the 6 workbooks for these two students:

CONSUMER MATH <i>(High School level)</i> Pre-registered student: Alysah Yang	6th Grade Math Pre-registered student: Weston Yang
Consumer Math Workbook #1 (Unit 1): <ul style="list-style-type: none"> Review of basic foundational principles... 	6 th Grade Math Workbook #1 (Unit 1): <ul style="list-style-type: none"> Whole numbers and their properties, operations and number patterns, introduction to Algebra...
Consumer Math Workbook #2 (Unit 2): <ul style="list-style-type: none"> Fractions, decimals, percents, and consumer applications of these... 	6 th Grade Math Workbook #2 (Unit 2): <ul style="list-style-type: none"> Data analysis: collecting and describing data, organizing data, displaying and interpreting data...
Consumer Math Workbook #3 (Unit 3): <ul style="list-style-type: none"> Family Finances I: Income, Taxes, Budgets, Buying... 	6 th Grade Math Workbook #3 (Unit 3): <ul style="list-style-type: none"> Decimals: decimal numbers, multiplying and dividing decimal numbers, the metric system...
Consumer Math Workbook #4 (Unit 4): <ul style="list-style-type: none"> Family Finances II: Insurance, Banking, Financial planning, investments and estates... 	6 th Grade Math Workbook #4 (Unit 4): <ul style="list-style-type: none"> Fractions: factors and fractions, the LCM and fractions, decimals and fractions...
Consumer Math Workbook #5 (Unit 5): <ul style="list-style-type: none"> Construction and building math: measurement systems, area and volume, curved and straight boundaries... 	6 th Grade Math Workbook #5 (Unit 5): <ul style="list-style-type: none"> Fraction operations: adding and subtracting fractions, multiplying and dividing fractions...
Consumer Math Workbook #6 (Unit 6): <ul style="list-style-type: none"> Service occupational math: financial transactions, data interpretation, automotive, food, and personal services... 	6 th Grade Math Workbook #6 (Unit 6): <ul style="list-style-type: none"> Ratio, proportion & percent ...
Materials cost for these 6 workbooks: \$62.00 <i>(this one-time fee is due upon registration)</i>	Materials cost for these 6 workbooks: \$62.00 <i>(this one-time fee is due upon registration)</i>

This course will be taught in a one-room-school-style, as explained above.

2020-2021 School Year Course Descriptions - continued

Daniel's Timelines Course: *(Meets Tuesdays and Thursdays from 10:15 AM to 11:15 AM.)* In this course, students will be taught to understand and place the prophetic timelines of Daniel. This course will include a study of the Sabbatical and Jubilee cycle, the 2300 Days, the 1290 Days, the 1260 Days, the 70 Weeks (490 Days) and how these timelines fit together in End-time Events. Students will discover (through in-depth Bible study) what prophetic events are foretold to start and end each timeline, and what events make each timeline important and characterize it. During the course of the school year, students will be making an in-depth timeline (on computer or poster) displaying each timeline, the Scriptures and how it all fits. Students will need a personal Bible and a notebook of lined paper for this course. There are no additional materials required.

.....

Acrylic Painting Course: *(Meets Tuesdays from 12:30 to 2:30 PM.)* In this course, students will be making a variety of paintings using acrylics on canvas. Subject matter for each painting is based upon student interest (with teacher guidance). Parents will be asked to provide their enrolled children with the needed art supplies (brushes, acrylic paints, canvas, etc) as needed. There is no additional materials fee for this course.

.....

Sewing Course: *(Meets Thursdays from 12:30 to 2:30 PM.)* In this course, students will be making some simple sewing projects (including a beautiful quilt). Students will all need to have a sewing machine for this class. Parents will need to make some purchases (as needed) throughout the school year of the following: fabrics, threads, various sewing supplies. In addition, the following workbooks are required:

Sewing Course Materials – Family and Consumer Science Workbook #1 (Unit 4):
The Clothes You Wear: principles of godly fashion vs. worldly, design and appearance, textiles and fabrics, proper care of clothes...
Sewing Course Materials – Family and Consumer Science Workbook #2 (Unit 5):
The Clothes You Sew: sewing equipment and safety, basic sewing, selecting patterns and fabrics, layout, cutting, making and pressing, sewing project.
Materials cost for all of the above listed books:
\$30.00 <i>(this one-time fee is due upon registration)</i>
