Availability

Items on the OFS QuickShip program will be delivered on or before 12 business days from date of credit approved order. The only exceptions are for shipments to Maine, Oregon, and Washington which will be delivered on or before 14 business days from date of credit approved order. Statutory holidays and scheduled factory closings may add to acknowledged lead times of QuickShip orders.

Available factory capacity for QuickShip is filled by orders received on a “first come, first served” basis. If the normal 12-day lead time is not available because available capacity has been filled, you will be immediately advised.

QuickShip orders must be “clean” when received in order to be considered officially received on a given day, and lead times will be acknowledged from the date orders are determined to be “clean.” Cancellations or changes to QuickShip orders are not allowed under any circumstances.

QuickShip items and options are clearly shown in the Specify & Price tool, indicated as QuickShip by a Q- prefix to the model number.

Example: Q-5-7236FLPD2

Orders are limited to:

- **Maximum quantities per QuickShip order**
 - 12 casegoods setups (executive office, L-unit, U-unit)
 - 24 open plan stations
 - 12 conference tables
 - 24 training tables
 - 12 occasional tables
 - 24 seating models (for multi-packed chairs, use quantity per seat)
 - 12 recliners, sleepers
 - 24 mobile tables
 - 12 lockers
- **Finish palette:** All standard veneers
- **Laminate palette:** All standard laminates
- **Paint/powder coat palette:** Luster Grey and Onyx
- **Option limitations by product:** pull, edge, grommets, etc. (see product specify and price pages)
- **Textile program/patterns:** OFS, Camira, Maharam, C.F. Stinson, and Momentum

Only the selected products, options and fabrics shown on the OFS QuickShip page are available through this program. No Specials, Modifications, etc. are allowed under QuickShip. Shipments are allowed only to a single destination; split shipments cannot be allowed.

Purchase orders must include only QuickShip items. Issue a separate purchase order for any products that are not in the OFS QuickShip program. Orders for non-QuickShip items will be shipped complete at standard lead times within our normal manufacturing schedule. For information on stock availability, call our **OFS customer service hotline 800-521-5381 or Carolina customer service hotline 800-763-0212.**

QuickShip 12 business days does not include weekends or holidays. The date the order is received is counted as day zero. **Note:** Planned shipping dates may be delayed due to fires, strikes, natural disasters or other causes beyond our control.

Moisture barrier (Carolina only)

Moisture Barrier is designed to prevent moisture from penetrating the foam and other filling materials and is available on most items at an additional charge. Moisture barrier is applied between the upholstery cover and filling materials.

Please use the following option codes when specifying placement of moisture barrier:

B1V Moisture barrier on seat only	Seat	Back	Arms
B1W Moisture barrier on back only	\$83 chair	\$83 chair	\$83 per arm
C1R Moisture barrier on seat and back	\$166 loveseat	\$166 loveseat	
C1S Moisture barrier on seat and arms	\$249 sofa	\$249 sofa	
C1T Moisture barrier on arms only			
C1U Moisture barrier on back and arms			
C1V Moisture barrier on seat, back and arms			

Two-tone fabrics

Seating with 2 Different Fabrics

Two Same Grade Fabrics = **Next Higher Grade**

Two Different Grade Fabrics = **Higher of the Two**

Three Different Grade Fabrics = **Highest of the Three**

NOTE: Contrasting welt only available in a single fabric. Two-toned welt is not available.

(Two-tone diagram required from customer at time of ordering - contact customer service)

Fire retardent products

California Technical Bulletin 117-2013: All OFS upholstered seating products and the resilient filling materials used in the upholstered seating products meet or exceed the requirements of the State of California, Department of Consumer Affairs, Technical Bulletin 117-2013. Compliance with these requirements is indicated by the label attached to the seat bottom.

Flame Retardant Chemicals: All standard OFS upholstered seating products are offered with components, as identified in TB117-2013, that are free of flame retardant chemicals. All OFS upholstered seating products will indicate Flame Retardant chemical composition in accordance to the labeling requirements of California Senate Bill 1019. OFS and Carolina assume no responsibility for customer specification of textiles and other upholstery materials containing flame retardant chemicals on products shipping into regions with laws banning these substances.

California Technical Bulletin 133: Cal TB 133 is a flammability test for seating products used in public spaces. The testing procedure for Cal TB 133 requires the burning of an entire product since the test is a composite test and not a component test. OFS has pretested and certified many different chair styles and upholsteries. If Cal TB 133 certification is required, a burn test may need to be completed with a specific model and upholstery combination. Contact Customer Service for Cal TB 133 approval, pricing and lead times.

OFS can not be held liable if purchase order does not indicate a requirement for Cal TB 133 compliance.

Quantity orders

Contact your OFS Customer Service Representative to verify inventory and production schedules to ensure requested shipment date prior to placing large quantity orders.
