CEN REVIEW

Thinking about taking your CEN? Not Sure if you are ready?

Join us for 2 days of exciting exam review. The course is taught by ENA members who have obtained their CEN and have agreed to help you pass the exam.

We will walk you through how test questions are constructed, how to register, and ways to save on your exam.

The course then covers the content distributed by the Board of Certification for Emergency Nursing.

Even if you are not thinking of taking the exam this an excellent way to obtain additional CE. You will receive approximately 11 CEUs pending approval by the ENA.
