

V VENTURE PROJECTS

02

hello

Thank you for your interest in working with Venture Projects, Sydney's preferred glass and facade solutions company.

Our team specializes in select projects that require an experienced hand to transform ideas into spectacular environments.

We look forward to working with you!

The Calyx glasshouse and event space

GET TO KNOW US

SCOPE

Venture Projects is a boutique construction company providing project management, procurement, and installation of medium and large architectural glazing and facade packages.

HISTORY

Venture Projects has been developed by trade professionals specialized within the facade and glass industry, bringing over 20 years of experience to the company.

COST

Using innovative design, and select suppliers Venture Projects is able to be competitive and economical. We offer viable solutions that are cost-effective and top quality.

SERVICES

04

ARCHITECTURAL & ENGINEERING DESIGN

Venture Projects utilizes CAD programming, architectural impressions, structural drawings, drafting works, and engineering certifications to achieve design goals from the estimation stage through to installation.

PROJECT MANAGEMENT & INSTALLATION

Venture Project's on-site and in-office teams are made up of qualified carpenters, glaziers, joinery experts, certification engineers, construction and project management professionals. We only use quality suppliers to ensure a high-end result.

SAFETY & QUALITY CONTROL MEASURES

Venture Projects operates using ITPs and our own maintenance manuals to ensure top quality in all projects and installations. Venture Projects is WHS Compliant including Safe Work Method Statements, Standard Operating Procedure Documentation, and automated workplace health and safety software. Venture Projects is continually ISO45001 Compliant.

PHILOSOPHY

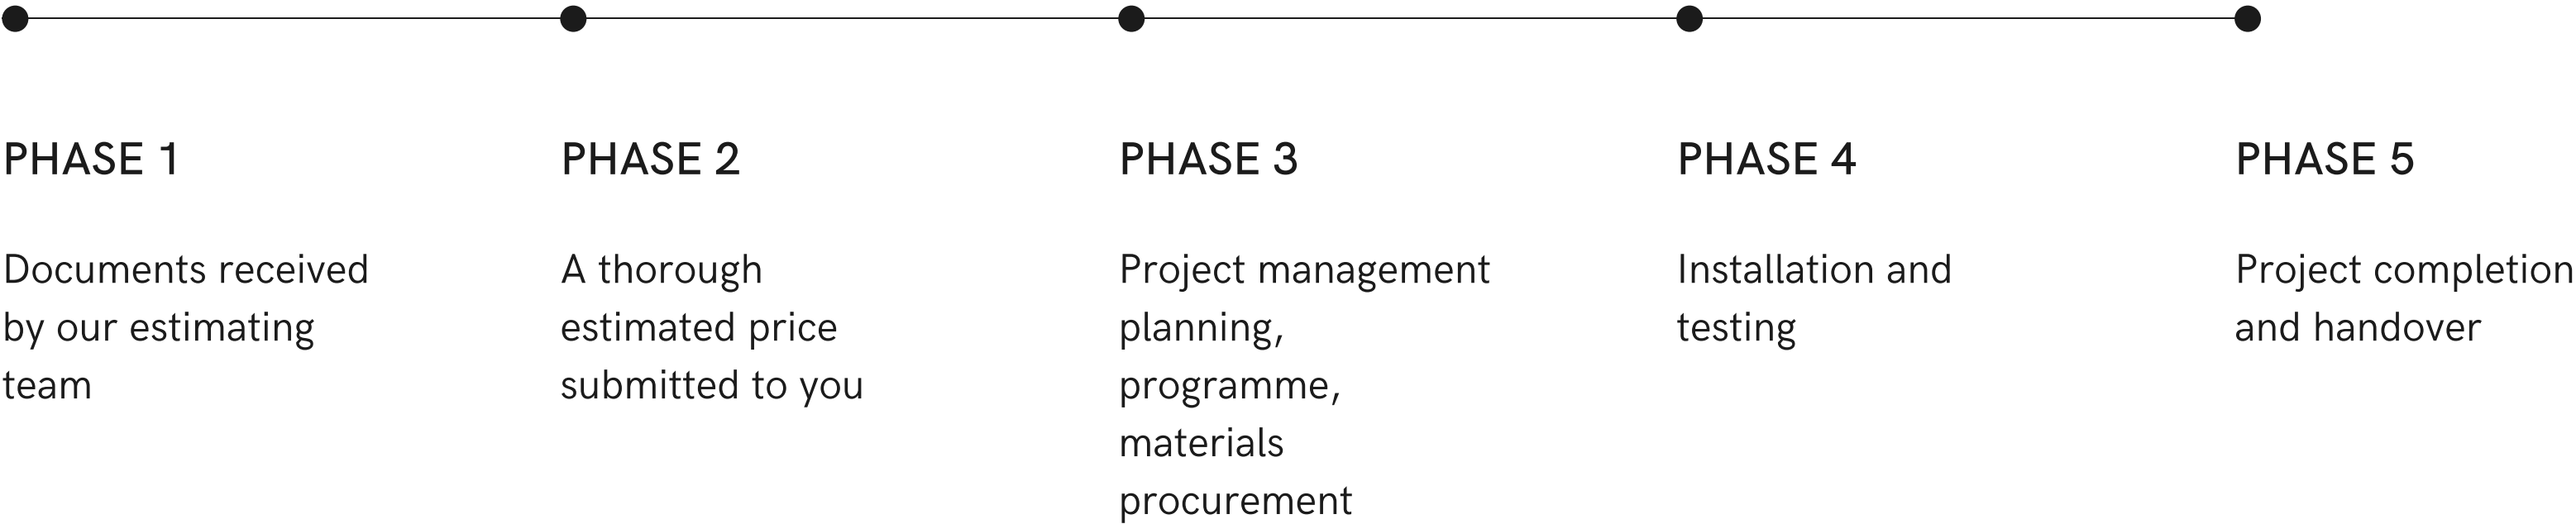

We are passionate about providing cutting edge, sustainable solutions that combine innovative design, effective and efficient implementation, with high impact, eye-catching structures and installations.

Every client.

Every project.

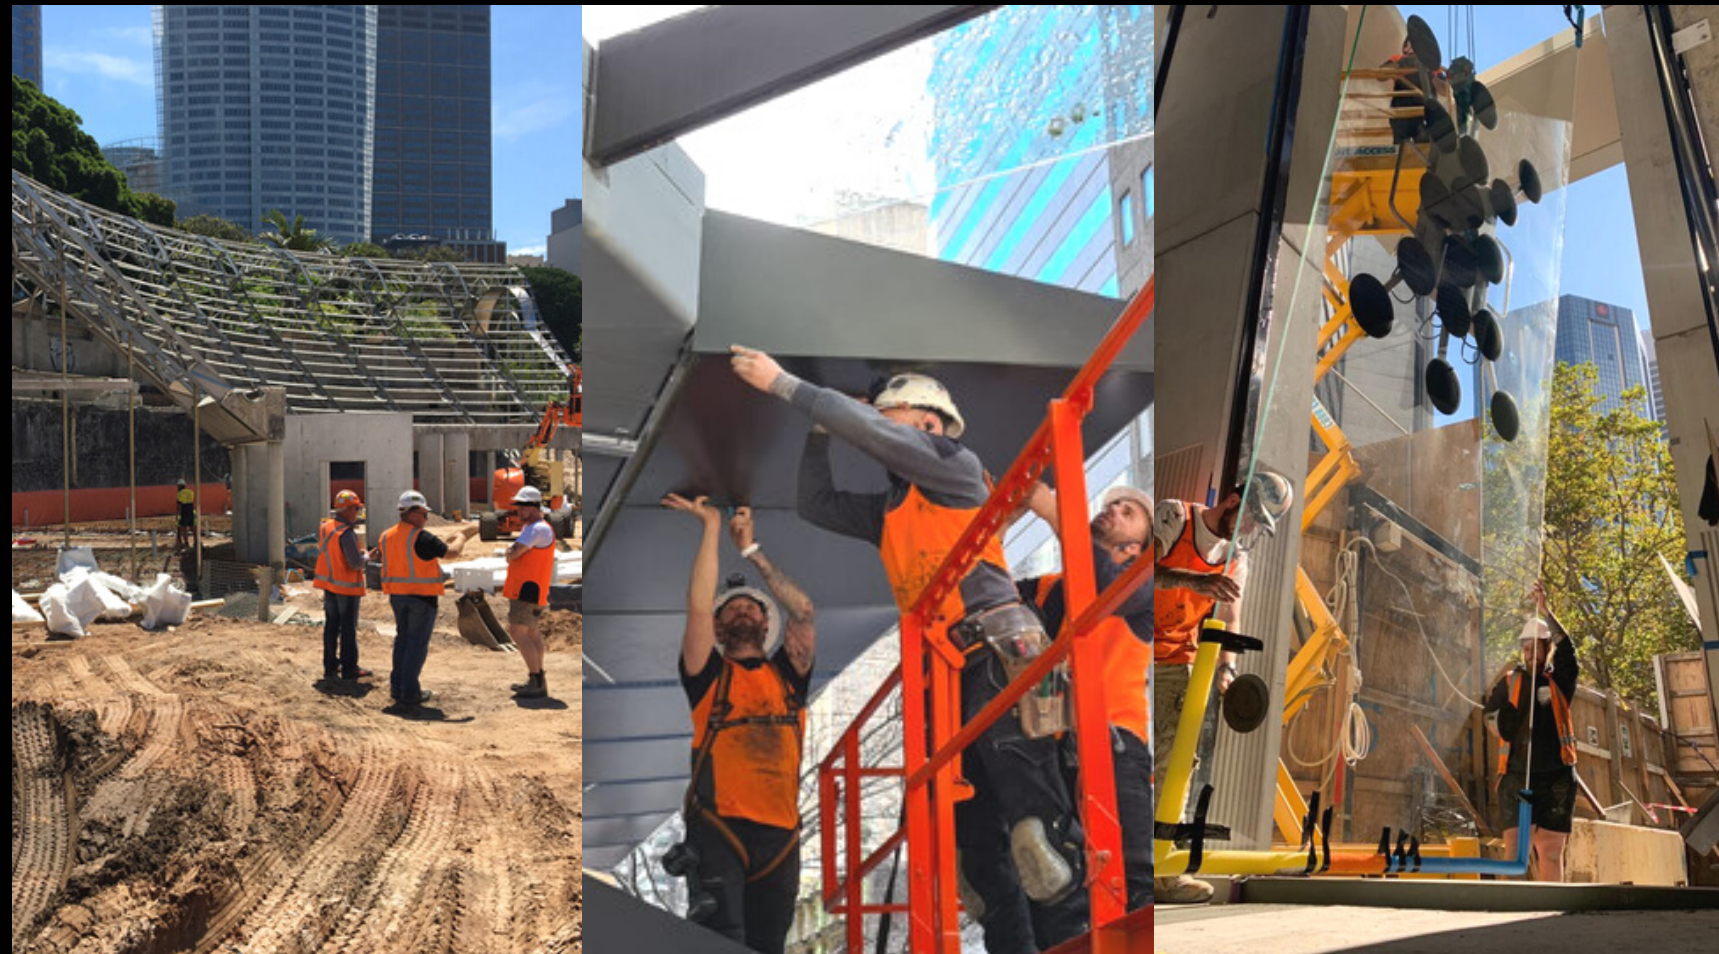

How we work

08

George Place 345-363 George St

CLIENT: FDC CONSTRUCTIONS

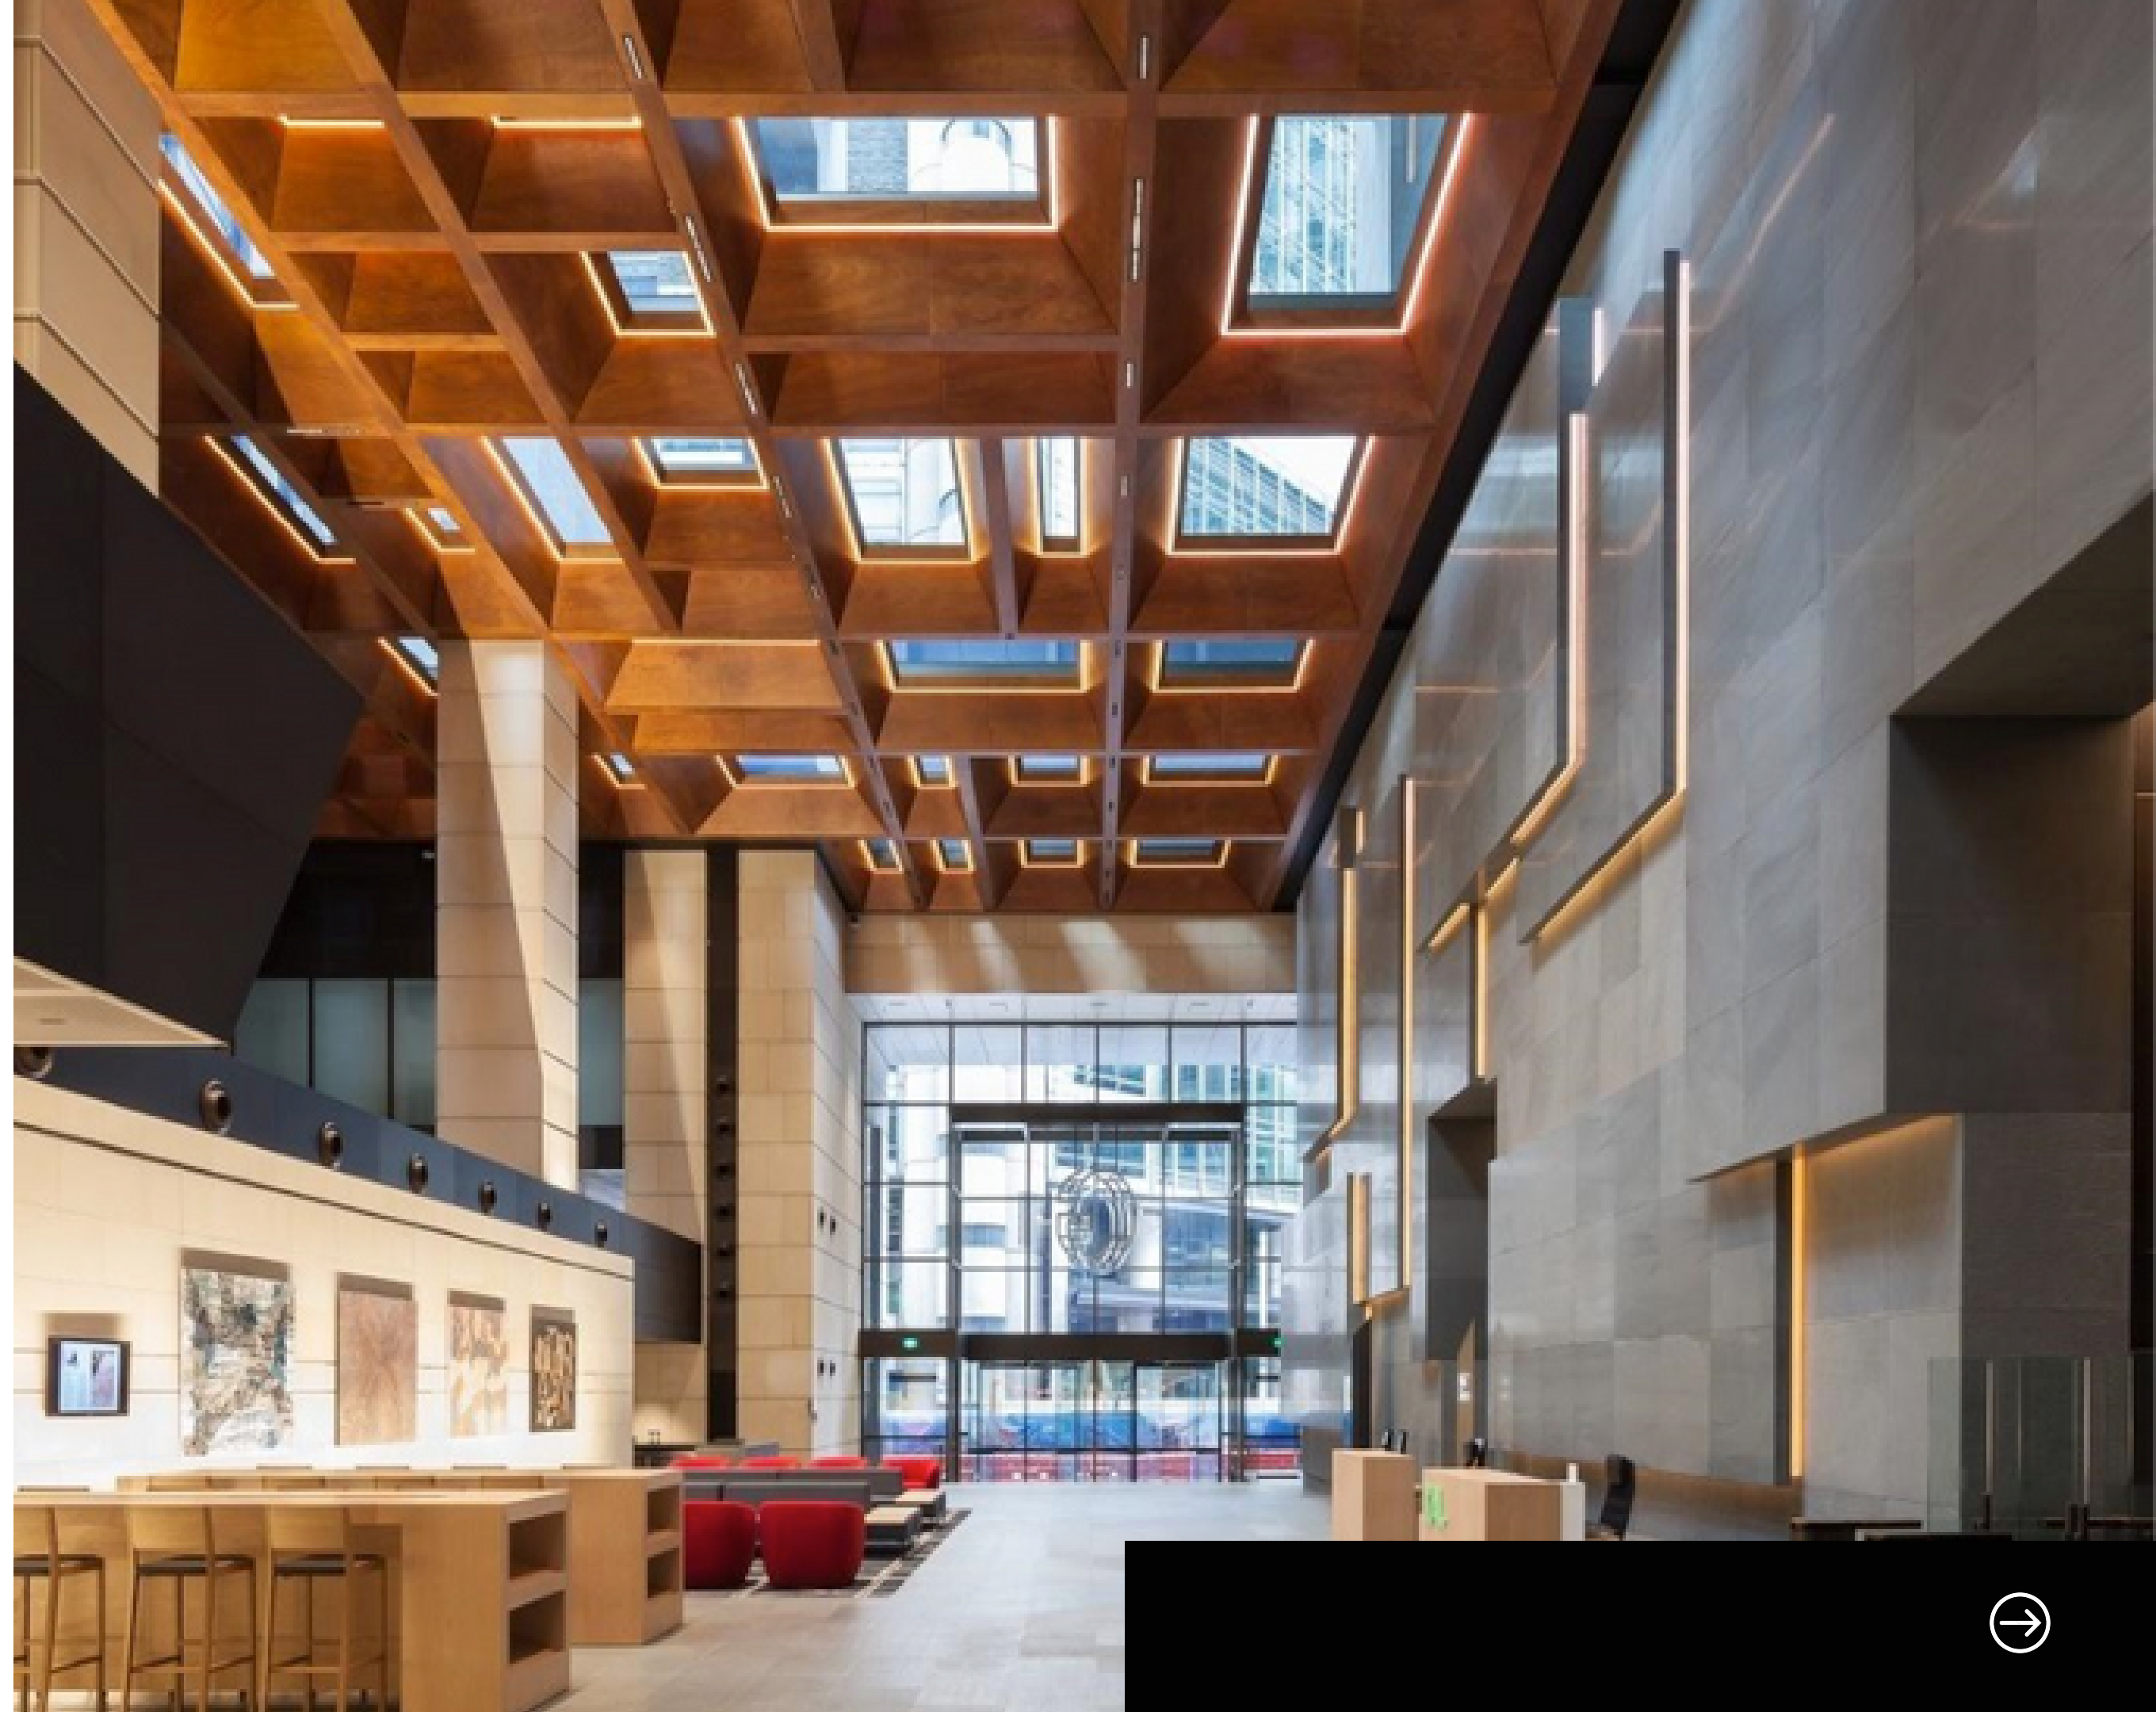

FDC

Provide a fully watertight and condensation resistant solution for this project.

All panels craned into position from underneath.

A custom glazed roof with 50 mm thick double glazed glass panels weighing up to 1.4 tonnes each.

360 m2 total glazed roof area, with custom framing suites and glass.

The Calyx

Royal Botanical Gardens Sydney

CLIENT: ICON CONSTRUCTIONS

Refurbishment of the iconic glasshouse, with a project scope focused on glazing works and installations.

Installation of curved glass installation, arc facades, main facade, and skylights.

Working in high-risk surroundings and circumstances to complete this complex project with no issue.

10

Wynyard Walk & Station Sydney CBD

CLIENT: CPB CONTRACTORS

Glazing of the western canopy at
Wynyard Walk, a part of Wynyard
train station.

Installation of secondary aluminium
structure and glass.

Glazing of Clarence Street entrance
facade.

Installation of glass, mullions, and
channels, designed and built in
house.

VENTURE PROJECTS

11

280 George Street Sydney CBD

Installation of roof plant room aluminium louvres, each louvre panel manufactured in our local factory and installed on site.

Supply and install of fire doors, and steel entry gates.

Our client relied upon our team for the supply and install of multiple aluminium works and steelworks, including; cappings, pelmets, flashing, and cladding throughout the project.

320 Pitt St Sydney CBD

CLIENT: RENASCENT AUSTRALIA

This 32-story building required multiple elements to recreate and upgrade the ground level space.

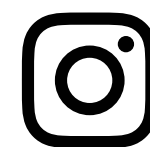

Scope included retail facade glazing, glazing work for the Pitt St canopy, specified framed glazing for the foyer, and high-level windows. As well, compliance issued frit glass procured and installed for the project.

As the entire project was completed in a live space, safety was a key priority for these works.
