## Canmore Friendship Connections Expand

Don Groves, Chair of our Canmore team, reported significant progress in May and June. On May 8th, we identified five key projects. Thanks to the passion and leadership of our committee members, two projects have moved to the "front line."

The first, developed by Deb Sanders, Patty Falsetto, and Ben Lee, aims to foster long-term relationships between PK-12 schools through online exchanges and community problem-solving. Coordination with the Canmore School District is underway.

The second, Reflections Festival, created by Winnie Muench and Christel Veraart, focuses on ongoing arts exchanges. Near-term discussions are underway for a musical exchange featuring Sedona and Canmore artists.

The Canmore team is also anticipating youth exchanges, a Sister Library project, and outdoor adventures. Check the Sedona Sister Cities Website to monitor our progress. [sedonasistercities.org](http://sedonasistercities.org).

## Journey to Poland this Summer

Thanks to Jaslo, Poland Team Chair Edyta Wieczorek, plans for a Sedona delegation visit to Poland are rapidly progressing. The August 20-27, 2024 visit is an important first step in establishing a future Sister City relationship. Edyta recently flew to her native Jaslo (see photo) to help organize a historic and informative visit to Krakow and Jaslo, which will be celebrating its annual Days of Wine Festival during the trip. Six Sister City members have already signed up, and there is room for four

more journeyers. If you would like to be part of this historic delegation experience, contact **Edyta at [edytaw78@gmail.com](mailto:edytaw78@gmail.com)**.

Become a Sister City Ambassador, Join Sedona Sister Cities Association. It's easy ... link to the [sedonasistercities.org](http://sedonasistercities.org) website, review status reports on all of our outreach activities and then click on Membership. Your support makes our citizen diplomacy possible. Thank You!
