## NEWEST ARIZONA MEMBER

The annual conference of Arizona Sister Cities welcomed us as their thirteenth member association.

Carol Myers (right) reported on our formation and current efforts to find Sedona’s first Sister City.

All Arizona organizations joined Fountain Hills Sister Cities in providing \$30,000 to Zamosc, Poland for its efforts to shelter more than 4,000 Ukranian refugees. Zamosc is a long standing sister city to Fountain Hills Sister Cities Association.

## Ready to Pick Sedona’s Sister City

During the next few months, we will need to identify our soul-mate community. Our perfect parter is out there — probably a place with a population of similar size and make-up, a green sustainable mindset, a thriving arts community, varied tourism enterprises, friendly people, and ideas we’d like to learn more about.
