

SAVE THE DATE

GUN VIOLENCE PREVENTION DAY OF ACTION SEPTEMBER 21, 2023

Join supporters from across the state
at the Capitol in Madison

Gun violence is an emergency in Wisconsin; yet, too many of our legislators refuse to take action.

They work for us, and it's time we demand they do their job!

On September 21st, we'll come together in the morning for an advocacy training, so that you feel comfortable and confident in meeting with your legislators in the afternoon.

Together, we'll raise our voices and make Wisconsin safer!

Join our email list to receive updates as they're released!
