Dear Joanne and Beef:

Where to begin..... The Found Caravan Corvette Club continues to be an integral part of our Holiday Helper Program. Every year, you go above and beyond in providing not only toys but great warm clothing for area needy children. You have become the organization to beat for toys, and we are pretty sure that will never happen. You even pull in "ringers" from outside the area! All the parents who came to distribution day were thrilled at the selection of gifts they could choose for their families. In total, we were able to provide toys and clothing for 197 children, as well as food baskets for 100 families. Your generous donations enabled us to give not 1, not 2, not 3, but 4 or 5 toys to each child in our program (depending on their age)!

The Holiday Helper Program could not exist without the continued generosity and support of our community. Your contribution to our annual program is a highlight for us, and we truly hope to continue working together for years to come. We are proud to call you friends - much thanks!

Sincerely,

Patti J. Ploof, Co-Chair
