

POSITION: Construction Materials Testing Technician

JOB TYPE: Full-time

WORK EXPERIENCE: 0-2 Years (Will Train)

EDUCATION REQUIREMENTS: High School Diploma/GED

OVERVIEW:

Morell Engineering is seeking a Construction Materials Testing Technician to collect samples and perform tests on soil, concrete, and aggregate, assist survey crews while conducting various types of surveys, and provide general technical support to engineers.

REQUIREMENTS:

- High School Diploma/GED
- Perform routine field tests in accordance with ASTM, ACI, AASHTO, ALDOT or other standards
- Review and understand project related drawings and specifications
- Strong communication leadership and technical skills
- Communicate effectively with other Morell team members
- Clean Motor Vehicle Record
- Ability to pass a drug screen
- Ability to pass a background check

DUTIES AND RESPONSIBILITIES:

- Assist survey crews with various types of surveys
- Collect samples and conduct tests on freshly mixed concrete
- Conduct tests on in-place soils
- Perform lab tests on soil, concrete, and aggregate
- Provide engineers with technical support
- Responsibilities may change; team members may be required to perform other tasks as assigned
- Adhere to company work hours, policies, procedures and rules governing professional staff behavior
- Regular attendance required

Duties/responsibilities may change and one may be required to perform other duties as assigned.

Interested candidates should apply by sending an updated resume to careers@morellengineering.com.
