

POSITION: Construction Materials Testing/Surveying Technician

JOB TYPE: Full-time

WORK EXPERIENCE: 0-2 Years (Will Train)

EDUCATION REQUIREMENTS: High School Diploma or Equivalent

OVERVIEW:

Morell Engineering is seeking a Construction Materials Testing/Surveying Technician to collect samples and perform tests on soil, concrete, and aggregate, assist survey crews while conducting various types of surveys, and provide general technical support to engineers.

DUTIES AND RESPONSIBILITIES:

- Perform routine field tests in accordance with ASTM, ACI, AASHTO, or other standards
- Collect samples and conduct tests on freshly mixed concrete
- Conduct tests on in-place soils
- Perform lab tests on soil, concrete, and aggregate
- Assist survey crews with various surveys
- Provide engineers with general technical support
- Review and understand project related drawings and specifications
- Communicate effectively with other team members
- Adhere to company work hours, policies, procedures, and rules governing professional staff behavior

REQUIREMENTS:

- High School Diploma or equivalent
- Clean motor vehicle record
- Ability to pass a drug screen
- Ability to pass a background check
- Regular attendance is required

Duties and responsibilities may change and one may be required to perform other duties as assigned.

Interested candidates should apply by sending an updated resume to careers@morellengineering.com.
