

IN HONOR OF
Tristan Brown ♥

Tristan was a kind, funny, and compassionate young man who loved football, his family, his friends, and helping others.

He struggled with his own mental health, but he fought, he overcame, and he developed a heart for kids who were hurting.

The Tristan Project
was his dream.

Now we're carrying it forward.

The Tristan Project is a 501(c)(3) nonprofit dedicated to supporting youth mental health by removing barriers to care and providing resources, hope, and help to those who need it most.

This backpack was packed in honor of Tristan Brown.

Tristan believed every child deserved hope, encouragement, and to know they matter.

**Thank you for helping carry on his legacy
through The Tristan Project.**

Together, we can continue Tristan's legacy and remind every child that their life matters.

**THE
TRISTAN
PROJECT**
