節目簡介

Programme Introduction

絲弦五重奏是由上海音樂學院作曲系教授胡登跳於上世紀50年代確立的民族室內樂新體裁，融合了中國傳統小型合奏與西方弦樂重奏的創作技巧，展示了二胡、揚琴、柳琴、琵琶、古箏各自特有的音色、性能與風骨，並從古箏的最低音至柳琴的最高音，音域呈現五個八度的跨越。學者云胡登跳的絲弦五重奏借鑒了傳統中國文化陰陽五行相生的概念，其利用西方作曲手法創作的音樂作品亦兼容了中國器樂的獨特音色。此獨特的創作理念將古今中國音樂體裁兼收並蓄。本節目以音樂養心概念作聲音導航，並以中國古代旋律為題材委約創作香港作曲家系列作品，引導觀眾領略中國音樂室內樂重奏的現代發展和創作之餘，亦在傳統與現代之間探索中國音樂的精神面貌，及反思與當今社會循環往復的深層文化關係。

The Chinese Music String Quintet is a new genre of ethnic chamber music established by Professor Hu Dengtiao of the Composition Department at the Shanghai Conservatory of Music in the 1950s. It integrates the composition techniques of western string ensemble into Chinese ethnic ensemble reserving the unique timbres and character of the erhu, yangqin, liuqin, pipa, and guzheng. From the lowest notes of the guzheng to the highest notes of the liuqin, the range spans five octaves. Scholars note that Hu Dengtiao's Chinese Music String Quintet draws inspiration from the traditional cultural concept of yin-yang and wu-xing so the unique timbre of traditional Chinese instrumental music was still authentically maintained. His unique composition approach and philosophy coincidentally relates to a fusion of traditional and contemporary Chinese music genres. Therefore, this concert using the concept of *Music Nourishing the Mind* as an audio commentary, as well presenting Hong Kong composers' commissioned works inspired by ancient Chinese melodies, allows the audiences to delve into the quintessential spirit of Chinese music from ancient to modern times, and provides an opportunity to reflect on the underlying cultural pendulum swinging between Chinese music and today's society.

映山紅 傅庚辰曲 胡登跳編

Azalea, Fu Gengchen, Arr. Hu Deng-tiao

取材自電影《閃閃的紅星》中的兩首插曲《映山紅》和《紅星照我去戰鬥》，呈現了由兩個不同主題循環發展的曲式結構，並透過五件不同的樂器反覆再現，在音樂發展的過程中產生不同樂器音色、織體、調性的對比進行變化的演奏。

Derived from two interludes, *Azalea* and *I Fight and the Red Star Will Shines on Me*, from the movie *The Twinkle Red Star*, the piece presents a musical structure developed through cyclic progression of two distinct themes. Five instruments are employed to repeatedly create contrasts in timbre, texture, and tonality throughout the music.

回憶 胡登跳曲

Recollect, Hu Deng-tiao

《回憶》的旋律曲調極具中國戲曲及山歌的神韻，創作上呈現了三部再現體，但卻在音樂發展上省卻了衝突對比，反而透過一系列調性轉換的過程使音樂性格愈發堅定，從山歌風格的吟唱，到兩次七度大跳音程的情緒回落，突然提高八度在高音區域的哭訴，在音區逐漸下行的呼喚下，最後化成無奈的嘆息。

The melody of *Recollect* is richly imbued with the charm of Chinese opera and folk ballad. Its composition adopts a three-part form, yet it omits the typical conflict and contrast in musical development. Instead, through a series of tonal shifts, the musical character becomes increasingly resolute. The melody begins with a chant in the style of folk ballad singing, then after two big leaps of a seventh interval, the emotion gradually subsides. Suddenly it rises an octave into a high register, expressing a crying lament. As the melody descends stepwise in pitch, it transforms into a sigh of helplessness, revealing profound emotional layers and delicate expression.

靜步昂坪 陳雅雯曲

A Walk in Ngong Ping, Chan Nga-man

靜步於大嶼山昂坪鳳凰山山腰，感受著佛教文化與自然界的交融。這段樂曲以《那羅法曲》為基調，融合了異國風情、古代宮廷音樂和藏傳佛教音樂元素，透過音樂的交織，展現出一幅寧靜恬淡的畫面，彷彿梵唄遺音、法曲與自然之聲在此交融共舞。

Walking along the Phoenix Mountain at Ngong Ping, one can experience the fusion of Buddhist culture and nature. This musical composition, inspired by *Na Luo Fa Qu* (a guqin piece about Buddhist chant) blends elements of exoticism, ancient court music, and Tibetan Buddhist music. Through this interplay of melodies, it evokes a tranquil and serene imagery, as if the echoes of Vedic chants, dharma tunes, and natural sounds are gracefully intertwining in harmony.

蓮社引 陸尉俊曲

Lotus Society, Luk Wai-chun

《蓮社引》是在清代光緒十九年釋空塵所撰編寫的《枯木禪琴譜》卷八中內其中一首分為六段的古琴曲，曲調與古琴名曲《歸去來辭》相似，但此曲的詞主要表達佛教內容。此同名曲《蓮社引》以枯木禪琴譜內《蓮社引》的音高作為藍本，重新加上節奏，並以現代的和聲和編排重新編寫給古琴與中樂室內樂隊的《蓮社引》，現改編為絲弦五重奏版本。

Lotus Society is one of the six-section guqin music in Volume 8 of the *Kumu Chan Qinpu* compiled by Shi Kongchen in the 19th year of Guangxu's reign in the Qing dynasty. The lyrics and melody of this music are similar to a famous guqin music *Gui Qu Lai Ci*, but the words in *Lotus Society* primarily convey a Buddhist theme. This contemporary composition is based on the pitch of *Lotus Society* reinterpreted with new rhythms, modern harmonies arranged for guqin and Chinese chamber ensemble, and now for *Chinese Music String Quintet*.

陽關三疊 中國古曲 胡登跳編

Thrice Refrain of a Parting Tune at the Yangguan Pass, Chinese Ancient Melody, Arr. Hu Deng-tiao

《陽關三疊》取材自中國古琴曲的旋律，描繪西北邊塞的歷史想像。音樂開場以揚琴及琵琶的特殊技法配合柳琴高音形式空曠荒蕪的意境，續借用古箏吟揉技法模仿古琴的神韻引入主題段落，刻畫遙遠模糊的記憶，各聲部逐漸展開沙漠步行的聲響，引領觀眾遙想西北古寨與邊城的意象。

Thrice Refrain of a Parting Tune at the Yangguan Pass is based on a traditional Chinese guqin melody, depicting the historical imagination of a northwestern frontier village. The music begins with the special techniques of yangqin and pipa, combined with the high notes of liuqin, creating a vast, desolate atmosphere. The theme is later introduced using guzheng imitating the sound of guqin, presenting a distant and vague memory from the past. The instruments gradually mimic desert footsteps, guiding listeners to envision ancient border towns in northwest China.

定慧引幻想曲 成俊曦曲

Fantasia on “Fixed on Mental Pursuits”, Shing Chun-hay

《定慧引幻想曲》是身處廿一世紀的作曲者對古老逸士的反思，取材自載於明朝《西麓堂琴統》的古琴曲〈定慧引〉。此曲選用原曲部分片段，重新建構出不同的音樂敘述與聲響，並擴展至更大樂器編制，再思逸士、氣節與堅持。

Fantasia on “Fixed on Mental Pursuits” is the 21st-century composer's contemplation on the ancient recluse, based on the guqin tune Ding Hui Yin (Fixed on Mental Pursuits), preserved in an anthology of guqin music from the Ming dynasty. The work selects segments from the original piece and reconstructs them into a new musical narrative and soundscape, expanding the instrumentation to a larger ensemble. It further explores themes of the recluse's spirit, integrity, and perseverance.

歡樂的夜晚 胡登跳曲

A Joyful Night, Hu Deng-tiao

《歡樂的夜晚》吸收寧波甬劇的曲調作為音樂素材，並於開場時逐漸引入不同樂器，營造出戲曲鑼鼓與民間歌舞的氣氛，唯妙唯肖地展現了晚會中的各種場面和人們喜悅歡暢的心情。本作品延續中國傳統器樂曲目的標題性、描繪性及形象性特點，兼融寫意與寫實，使中國音樂的氣息在浪漫主義與現實主義的音樂形象中完美結合。

A Joyful Night draws on melodies from Ningbo Yong Opera. The piece gradually introduces different instruments, creating an atmosphere of traditional opera gongs and drums combined with folk song and dance. It vividly depicts various scenes of evening gala and the joyful, exuberant mood of the people. This work inherits the characteristics of traditional Chinese instrumental music and perfectly integrates the essence of Chinese music within the aesthetics of Romanticism and Realism.
