Dear Water Customer/Neighbor

January 1, 2023

The Noank Water Commission is pleased to report another successful year of operation for the Noank Water Company. Owned by the Noank Fire District and managed by the Noank Executive Committee, the Noank Water Company is run for the benefit of the community, providing water service at the lowest price possible while maintaining a superior water distribution system. Our Superintendent, Russell Fowler, and his assistant Frank Lewis, work hard to make sure your water system is always ready to serve you.

Upon review of the 2022 operating results, it has become necessary for the Noank Water Commission to raise the water rates for the year 2023. These increases have been made in proportion to the raised rates by our supplier, along with an increase in operating expenses. The rates will be reviewed again at the end of the year 2023.

You can help keep water use down by using water wisely when *watering lawns or washing cars. In the home, conserve water year-round by making sure you have full loads in washing machines and dishwashers. Repair any leaking faucets or toilets.*

Water lawns in the early morning hours or late evenings. Please - Do not leave sprinklers running for hours.

Thank you for your water conservation efforts.

For water service related problems, such as water emergencies, water leaks, damage to hydrants, etc. you can reach Russell Fowler at 860-823-8910. If you have an emergency and cannot reach him, dial 911 and help will be sent.

For assistance regarding billing inquiries, payment information, or other questions call 860-536-7366, and leave a message.

Please feel free to contact any member of the Noank Water Commission with questions or comments concerning water rates or other water department matters.
