

April 2019

Winterberries Luxury Fiber Farm

***New Product Alert ***

We are now carrying these buttery soft rovings from @hiddenpastures! Sweater quantities available! There are 3 blends to choose from in 3 natural shades.

HIDDEN PASTURES FIBER FARM.....

THE BURGER FAMILY STILL NEEDS YOUR PRAYERS.....

The new roving that we are selling could be from this little guy!

Last month we told you about Natalie, from Hidden Pastures Fiber Farms, daughter Gracie Honigsberg being in a one car accident and at the time was in critical condition at Morristown Memorial Hospital. Gracie has been moved to Kessler rehabilitation, but we still need your prayers. She is making some progress, but has a long road ahead. We are still accepting donations at Winterberries Yarn for the family and we are also working on a blanket for Gracie. If you would like to help in any way please speak to Stephanie. The family lives in the Newton area. Natalie has not left her daughters side since the accident. She is a determined and dedicated mother and wife, and grandmother to Gracies daughter. Her and her husband run the fiber farm with their son. It's a lot right now and the family can use help on the farm and with meals if anyone is interested in helping!

TIME FOR WEAVING

Stephanie offers weaving classes on Monday's by appointment. Learn to weave....there are many different size looms that you can purchase. If you purchase a loom, you will receive a free class! There are many options in weaving...you can be creative, or just weave with one color and still make beautiful item that you can wear for many years. You can make beautiful gifts as well for family and friends!!!

A little weaving humor!!

Help us celebrate the second annual Local Yarn Store Day at Winterberries Yarn on Saturday, April 27, 2019 from 10-5pm.

There will be some special patterns being released that will be available for free with qualifying yarn purchase. Casapinka will be releasing a new pattern and I will have yarn kits from Three Irish Girls for that pattern.

I will also have collaboration kits from Forbidden Fiber Company.

Light snacks and refreshments available. Have a glass of wine or tea and come celebrate your local yarn store.

ND Yarn Company is an independently owned and operated business located in Austin, TX. We strive to put forth quality hand-dyed yarns, mostly inspired by nature, with methods that reduce our impact on the environment. We specialize in semi-solids and multi-colored yarns. Although we use consistent dye recipes and techniques, variations between skeins will occur. Alternating skeins/rows is recommended.

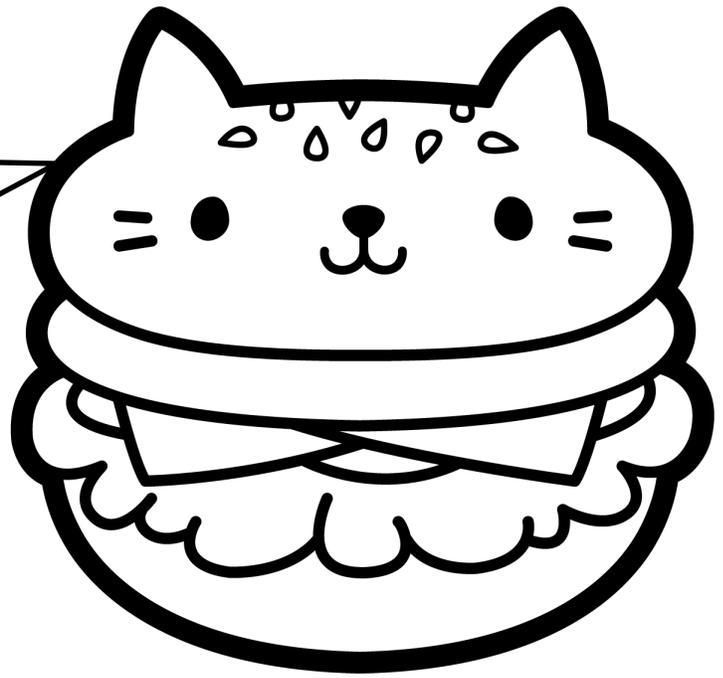

Trunk Show

April 1st through

April 30th!!

Come check it out!

Come meet MJ of Cat Sandwich Fibers on June 15th!!!

A sample of
One of the
Colorways
That MJ did
recently...
We hope you'll
stop by in
June to meet
her and see
her yarn!
