

We have some sad news, maybe you know our instructor Natalie from Hidden Pastures Fiber Farm, she has taught many classes at our store. Her daughter Gracie has also taught classes, and in this picture was teaching felting! She is the woman in purple at the head of the table. On February 20th, she was involved in a very serious car accident and is still in ICU. Her family started a page on Facebook called Hope For Grace to keep everyone informed of her progress. I know that you are all not on Facebook, but we wanted to let you know about this .....we hope you will keep her and her family in your prayers.

Grace was in an single car automobile accident on Wednesday, February 20th at approx 6pm. She lost control in icy conditions and hit a tree with the side of her car. The impact caused her to sustain a traumatic DAI brain injury. She is in a coma in the icu at Morristown. She is currently undergoing treatment and if she survives the acute critical stage she may not "wake up" for some time. We ask that you please do not post her private details elsewhere on Facebook but you may share the information with all those that love her. This is a terribly painful time for our family. It is hard to update each of the people who love grace one by one. This will give us a place to give you updates and for you to place pictures and comments and stories that we can read to her everyday. Thank you all for your outpouring of love and support!

Winterberries  
Farm

We are very lucky to have you all in our lives. It seems that when something traumatic happens to someone that you know it tends to make you rethink what is important in life. This store means so much to us. The calming atmosphere the beautiful colors the people that come in each and every day....it makes us so happy! But without you all it would not be the success it is today! So, we want to make sure that we say Thank You! Thank you to our Winterberries Family, we look forward to seeing you on your next visit.
