Measurements:

- Thick Whisper White: 11” x 4 1/4” card base, 5 1/4” x 4”

Instructions:

1. Score card base at 5 1/2”.
2. Turn the 2” circle punch upside down and poke a corner of the 5 1/4” x 4” piece of Thick Whisper White cardstock into the punch and carefully squeeze the punch to round off each of the four corners. Repeat with the top and bottom right edges of the card base (see picture).
3. Add Daffodil Delight ink to largest flower image and, taking a sponge dauber, gently tap into the Calypso Coral ink and dab onto the edges of the flower image. Turn the image upside down and stamp just below the centre of the 5 1/4” x 4” layer. Repeat this process a second time with the same image, stamping it slightly to the left and above the first flower image.
4. Using a sponge dauber and Calypso Coral ink, gently sponge the area just out of the flower images, to add softness to the edges of the stamped image and to accentuate the pumpkin shape.
5. Using a Light Soft Suede Blends marker, hand draw a stem shape in the top centre of the pumpkin (see picture).
6. Using Pear Pizzaz ink, stamp the 2-leaf image to the right of the stem.
7. Using Early Espresso ink, stamp the “so very thankful” greeting in the lower right corner.
8. Using the Clear Wink of Stella, paint over the pumpkin shape.
9. Add dimensionals to the back of the 5 1/4” x 4” layer and adhere to the center front of the card base.

Add the personalized greeting of your choice and address this card to someone very special. Enjoy your beautiful project.
