Measurements:

- Pretty Peacock: 8 1/2" x 2"
- Thick Very Vanilla: approx. 4" square scrap
- Brightly Gleaming DSP: 5 1/2" x 3/4" (Pretty Peacock with Copper Swirls pattern)
- Copper Foil Sheets: approx. 2 3/4" x 1 1/2" scrap
- Old Olive/Pretty Peacock Ribbon: approx. 20"
- Linen Thread: 4"

Instructions:

1. Using largest circle from Stitched Shapes Framelits, cut a circle of Thick Very Vanilla card stock.
2. Using Crumb Cake ink, stamp the swirly linear image by stamping off on a scrap piece of paper and then onto the Very Vanilla circle. Stamp repeatedly to make horizontal stripes.

3. Using Soft Suede ink, stamp the holly image onto a scrap of Thick Very Vanilla card stock and cut out using Paper Snips.
4. Colour holly leaves and berries with Blends Markers listed above (see picture).
5. Stamp diagonal stripe ornament shape onto Pretty Peacock card stock using Celestial Copper Delicata ink (TIP: using the Stamparatus helps get a very dark image by reinking at least twice for a super sparkly image!).
6. Stamp "Merry Christmas" on another scrap of Thick Very Vanilla card stock using Celestial Copper Delicata ink. Trim with Paper Snips.
7. Punch another Thick Very Vanilla scrap using the Everyday Punch and trim with Paper Snips until you have a narrow strip with curved ends as in picture. Add "Merry Christmas" layer to this punched piece using dimensionals. Make a small hole in one curved end of the label using Paper Snips and thread Linen Thread through this hole.
8. Punch out 2 small ornaments from the Pretty Peacock/copper swirl DSP; Punch out the stamped larger ornament using the large ornament punch.
9. Punch out one sprig from each of the Copper Foil scrap and Pretty Peacock scrap.
10. Adhere the 2 sprigs behind the holly piece and adhere this to the Thick Very Vanilla circle.
11. Adhere the 2 small ornaments towards the outside edges of the Thick Very Vanilla circle (see picture) and add the copper stamped large ornament in the middle of the 2 small ornaments using dimensionals.
12. Crease the folds on the Kraft Pillow Box and fold the top and bottom in.
13. Tie the Old Olive/Pretty Peacock Reversible ribbon in a bow around the pillow box.
14. Tie the Linen Thread from the "Merry Christmas" label around the knot in the middle of the Old Olive/Pretty Peacock ribbon.
15. Using dimensionals, add the completed Thick Very Vanilla layer just below the ribbon.
16. Add a very special small gift or gift card.

Enjoy giving your beautiful project to one of your favourite people!
