Measurements:

- Card Stock 1: 8 ½” x 11”
- DSP: 5 ½” x 4 ¼” Base piece 5 ½” x 2” Coordinating Strip

Instructions:

1. Score and Fold your white card stock along the 11 inch side at the 5 ½” mark. This will make a tent card with the fold at the top of the card.
2. Adhere your 5 ½” x 4 ¼” to the front of your card using the snail adhesive.
3. Adhere the 2” strip along the left side of the front of the card. I set mine in about ¼” to give an interesting effect.
4. Stamp your image.
5. Cut the two pieces of ribbon 24” each. This seems excessive, but you will be glad you did when you start working with it.
6. Hold both pieces of ribbon together, one on top of the other, and wrap them around the front panel of the card. Tie it in a knot as if you were tying a shoe string in a knot. Take the small linen thread and tie it in a bow right on top of the knot. Trim ends.
7. Using the glue Dots, place a Leaf Trinket under the bow.
