TEAM BUILDING SEMINAR

Team building seminars also improve workplace projects that involve teamwork. After completing team building activities together, employees better understand each other's strengths, weaknesses, and interests. This understanding helps them work even better together on future progress vital to a company.

ITME 2022

In 2022, we proudly participated in ITME Greater Noida, where we showcased our cutting-edge technology in the form of flat knitting and circular knitting machines. Our presence at this event was marked by the introduction of innovative solutions that are shaping the future of the textile industry.

GMMSA 2023

At GMMSA 2023, we presented an array of machinery designed for knitting production, including cap machines and stenter machines. Our exhibits featured advanced flat knitting and circular knitting machines, highlighting our commitment to innovation in textile production. Additionally, we showcased imported fabrics, adding to the diversity and excellence of our offerings.

CHENNAI TRADE CENTER 2023

At the Chennai Trade Center in 2023, we showcased our latest offerings, including warp shoe uppers, warp machines, and flat knitting machines tailored for shoe upper production.

GARTEX TEXPROCESS INDIA 2023

At GARTEX TEXPROCESS INDIA 2023, we unveiled a range of cutting-edge machinery, including stenter machines, high-pile circular machines, and ultrasonic machines.

INTERNATIONAL FOOTWEAR 2023

At the International Footwear Expo 2023, we proudly showcased a diverse range of machinery solutions. Our offerings included 3D shoe uppers, airmesh shoe uppers, advanced warp knitting machines tailored for shoe uppers production, and a state-of-the-art 18G flat knitting machine. Notably, we were the first in India to introduce warp with Jacquard technology, setting a new industry benchmark.
