display cube

the display cube is a truly different way of featuring books, magazines, art objects or even children's toys. all four sides provide openings available in two different heights for each level. up to five levels are available in order to accommodate a wide variety of displays. finished tops are available in metal and high pressure laminate with pvc edges. available in fifteen standard colors. ideal to display magnetic pieces on surfaces as well.

biblmodel offers a collection of unique display pieces designed and engineered to be flexible, reconfigurable and mobile. these features allow for change in spaces that require multiple uses, or simple re-arrangement, to suit the aesthetics and function of the space.

please visit our website (www.biblmodel.com) to learn more about our full product line.
