

Custom ImPrinted Kestrel Chairs in Colorado.

ImPrintedkids Collection

The ImPrinted process can be lively and charming, with a plethora of vibrant color options. TMC's standard image offerings are in our Image Bank Portfolio or specify a custom image. Chair leg styles include Flick, Kestrel or Plover. Have a contest at the library for pictures drawn by the little patrons or visuals special to the community. The slate is open for the expressive.

Pictured above: Kestrel California Quail and Flick Lion Chair.

Lounge Collections

Depending on the color palette this versatile collection can move from a sophisticated, muted appointed interior to a pop modern. Organic shapes define the lines of the Lounge, Benches, Stools and Tables. Inspired by nature and the beauty of Lakes and Puddle shape formations, this collection is easy and comfortable. Perfect for adult or teen areas in a library.

Pictured above: Lake Lounge - small, Lake Drum Side Table and Lake Laptop Table.

Lakes+Puddles
Collection

Pictured in pop mod color this shows the versatile look this collection has to offer. There are so many seat heights ranging from 12", 14" 16" and 24" making this a perfect solution for kids or adult. These stools are perfect for active busy patrons in the library.

Pictured above: Lake Lounge - small, Lake Bench - small and Lake Drum Side Tables.

Lakes+Puddles
Collection

Showing another combination of color and shape. Also pictured is the Lake Laptop table with walnut veneer; Puddle Stools are Splash and the Lake Lounge in small.

Pictured above: Splash Puddles and Lake Laptop Table.

For libraries tight on space or simply wanting a lighter scale lounge solution, the Plover Lounge and Eisenhower Lounge offer a smaller footprint without compromising comfort. Both collections have a distinctive leg profile. The bent plywood leg on the Plover and turned and tapered solid wood leg on the Eisenhower. The Plover occasional table is available in side or coffee table versions.

Smaller Lounge Solutions

Pictured above: Plover Lounge and Occasional table and Eisenhower Lounge and Occasional Table.

Whistler Collection

The Whistler Modular Collection has many exciting options to choose from, making it ideal for either large and spacious areas or small, tight spaces that require flexibility. Available in a lounge chair, settee, sofa, ottomans, benches or in 15-30-45 degree inner outer wedges making this an easy spec for any space challenge. Pictured at left is the Whistler Modular Lounge with a custom arc radius, providing another undulating look. Tables can be integrated into expansive layouts or as stand-alone. TMC's Whiteboard Table pictured above with the Whistler Ottomans is another modular solution.

Pictured at left: Custom Whistler Wedges with tables, Whistler Lounge Chairs and Whiteboard Table and Whistler Ottomans.

Create quiet zones for individual users or groups. Available with wheels for easy moving and modularity.

The Whistler Modular Collection options include six leg styles: brushed aluminum, squared metal, tapered solid wood, closed base, caster and solid wood dowel. The Whistler with privacy back provides seclusion convenient for groups or a lone sitter. The panels may be specified with or without design patterns. Pictured at left is a custom version of the Whistler Sofa with one arm that attaches to a Settee. Power was added to create a dynamic user experience. Casters allow the piece to be separated with ease to create other configured groupings.

Pictured left clockwise: Whistler Modular with Privacy Back, Whistler Lounge Chair, Whistler with Privacy Back and Whistler Modular.

Whistler Collection

Whisper Ottoman creates an attractive place to sit while reading a book

The Whistler Modular Collection for kids is so adaptable, fun and very comfortable. Available in chair, settee, bench, ottoman and sofa versions as well as 15-30-45 degree inner or outer wedges that can be ganged to form numerous seating configurations. From a simple ottoman to Leaf divider panel ottoman, pictured below, to inner or outer wedges this collection is versatile in look and functionality.

Occasional Tables Collection

Classics
Collection

The Algonquin Lounge Collection is classic and commanding and speaks wood. Crafted in Michigan this collection is comprised of chair, settee, sofa and occasional tables. Side panels can be adorned with design patterning, slatted or plain. Please refer to our Cut-Out Design Portfolio for patterns. Custom designs is also an option. The picture below is a custom cut-out from an architectural grille designed by Eirel Saarine in the library at Cranbrook Kingswood Library in Bloomfield Hills, Michigan. The Algonquin Collection spans study table and carrels as well.

Algonquin Lounge Collection

This Library in California chose a Moroccan pattern to perforate the exterior of the building in clad metal. They wanted to carry it into the interior space. Pictured here shows the custom pattern incorporated in the Algonquin Lounge Chairs and Occasional Tables.

Algonquin Table Collection

128

The Algonquin Table Collection is available in many styles. The Algonquin Table 1 is simply with 4 squared wood legs. The Algonquin Study Table with Slatted sides or wood panel sides adds more detail, texture and visual interest in the surface. The designs can range from simple to more intricately carved like patterns. Very distinctive and a classic powerhouse the Algonquin table never goes out of style. Many sizes and edge details are available including mid-divider panels. For all the options please visit our website.

Algonquin Table Collection

132

This Algonquin Study Table was modified from our standard displaying a more Arts & Crafts styling. Paired with the table are the Skye 2 Chairs picking up the same motif portrayed in the table. Both the Algonquin Table and Skye 2 Chairs were made in oak.

Algonquin Table Modified for Arts&Crafts Vernacular

Handsome, sharp and versatile the Skye 2 is smaller scale than the Skye Chair making a perfect study chair: Embodying a simple elegance the solid wood base is topped by an upholstered or wood seat. Available in side or arm chair versions. The back can be specified with or without design pattern. Please see our Design Portfolio for pattern options.

Ohio History Magazine has listed the architect as architect Lane Kelly who lived at Ogden College. Like his mother and friend, Theodore Weld, Howe got up a career within the church or having a full time agent for the American Anti-Slavery Society. Howe was among those who established the Ohio Anti-Slavery Society in 1833. As a figure from Hamilton County, Howe acted as a secretary. Among the resolutions passed was this: "That

Genealogy Rooms are popular in today's library. Ancestry, history of place are important to communities and their citizens. Tables that are deeper to accommodate books, reference materials are commonplace. At TMC we build to order making any of our tables easy to modify for such a request. The Trestle Base Table offers a classic look, though any of our other tables styles can be specified. Pictured above are the Skye 2 Chairs that were specified for the Genealogy Room at Lane Library in Oxford Ohio.

Design pattern options for versatility of aesthetic

Genealogy Room Solutions

Classic and beautiful, the Trestle Base Table creates a look of rich and lasting elegance. The side panels may be specified with design flourishes that can range from simple to more intricately carved, or a marquetry styled patterns. Pull from architectural motifs in a library or from our Design Portfolio and custom. Many sizes and edge treatment options are available. Tops may be wood veneer or laminate.

Libraries see the need to be flexible and have the ability to move furniture around to adapt to their changing needs. Whether it be in our chairs, lounge, tables or case goods we offer this functionality on several of standard lines. Represented here are a few of our offerings.

Index at right:

- 1. Whisler Sofa
- 2. FINN Table with 2" Dia legs
- 3. Whiteboard Table
- 4-5. Caspian I
- 6. Caspian 2
- 7. EnShell Task Chair
- 8. FINN Table with 3" Dia legs and Flick Chairs

TMC makes integrating leg styles across many product lines: from chairs to tables and carrels. Pictured below are examples of metal and wood leg options. Clean and succinct these offerings can merge easily in today's modern library. Consider clear maple with a pop of bright laminate.

Tables or Carrel Metal/Wood Solutions

Pictured left Zenon Table and Wheatland Carrel with Zenon leg. Above: Wheatland Carrel with Plover Leg and Plover Table.

The YUMA Panel Leg Carrel's horizontal bands adds a strong graphic presence to this modern piece. Divider posts can be specified in wood or metal. Divider material is available in wood or acrylic. Pictured at right is 3form acrylic with embedded seaweed. Single, double faced options with varying lengths and depths are available.

WorkStation/Carrel MetalSolutions

Uninterrupted workspace

The Teraine Workstation system offers a modern work space for collaborative or independent work. Work surfaces options include wood or laminate.

A collaborative open workspace design allows up to a 96" uninterrupted span that does not require intermediate legs.

Thin, sleek design

A continuous beam-and-rail chassis supports an ultra-thin, 3/4" beautifully-crafted work surface. Solid wood knife-style edge or acrylic translucent reverse bevel edge option gives the Teraine Table a sophisticated look.

Sets up in a snap

Set up and re-configuration is a easy with the one-tool system. TMC Furniture's hex wrench, one tool system gives you the ability to easily assemble and reassemble the product.

Leg height adjustment

The Teraine offers the availability to adjust the table height 2 inches higher.

Divider Panel Option with metal clamps

A few options are available for the divider panels. Pictured at left shows a laminate divider with perforated pattern with stainless steel clamps. Other divider panel options include wood or acrylic. Metal or wood squared posts with acrylic may also be specified.

WorkStation/Carrel MetalSolutions

Pictured here is the Pilston Classic Carrel is simplicity at its finest. Clean, straight line describes its form. Four posts frame its structure with an optional solid wood edged surface. These are available in single or double faced units. For a lighter sparer look, the Pilston Carrel is another option to consider.
