A brand-new middle-grade mystery series that's spooky, creepy, and filled with gothic twists! Meet the Sinister-Winterbottom twins, who solve mysteries at increasingly bizarre summer vacation destinations in the hopes of being reunited with their parents—or at the very least finally finding a good churro.

When Ben's fortune cookie tells him that practice makes perfect, he refuses to settle for anything less. He demands better parents, superior hobbies, and a brand-new best friend, who might technically be a superhero.

Twelve-year-old June Delancey is kicking summer off with a bang. She shaves her head and sets two goals: she will beat her anxiety and be the lion she knows she can be, instead of the mouse everyone sees. And she and her single mama will *own* their power as fierce, independent females.

Something mysterious is happening at Lake Loughareema. There are days the lake is beautiful, shimmering, and full. And then there are other days when it's . . . empty! Meara asks her granddad WHY the water disappears, but every time he blames far-fetched culprits: Narwals! Mermaids! Giants
