## Coming to the Library Company of Burlington in January

**Before She Disappeared** : Lisa Gardner is one of my favorite authors! This story is about Frankie Elkin a down on her luck middle-aged woman who looks for missing people when no one else cares. Will she find the teenager when even the police have given up looking? What happens next is truly suspenseful.

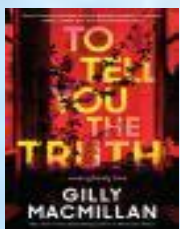

**A Perfect Amish Romance** : by Shelley Shepard Gray. If you love Amish novels you should really check it out! This story takes place as a bookmobile makes it rounds and the driver turns matchmaker. Kayla tutors Aaron and will their study sessions turn into happily ever after? Read to find out!

**The Year of the Witching** : by Alexis Henderson. This story is a historical novel but so much more! When Immanuelle wanders into the forbidden forest she receives her Mother's diary. What happens next is four blights. Blood, Blight, Darkness and Slaughter. Can she save the town?

**To Tell You the Truth** : by Gilly Macmillan. This novel is a roller coaster from start to finish! After finishing her manuscript Lucy's husband celebrates by buying her a house. Unfortunately, it backs up to a forest that her brother went missing from years ago. Will she finally have closure and find out what really happened that night?
