## *Experience the difference ...*

**A WORD ABOUT CUSHIONS:** TCS offers luxurious comfort and uncompromising quality in, the materials used and the construction of, our cushions. Every item in our line is offered in Premium Cushioning as our standard. Cushioning is specified for each individual item and engineered to provide the most comfortable seating and to enhance and complement each style.

### **OUR STANDARD SEATING:**

**TCS PREMIUM SPRING DOWN SEATING** is engineered to our exacting specifications from the highest quality materials. Constructed of an inside core made-up of tiny individual covered coils surrounded by ultra cell foam. This core is then surrounded by a thick layer of Down and Feather Blend encased in a channeled “down proof” sewn cover. The seat cushion is designed to offer a high crown and luxurious yet supportive seating for many years.

**TCS HYPOALLERGENIC CUSHIONING** is available to replace “Spring Down” for an upcharge.

### **OUR STANDARD BACK CUSHIONS AND ACCENT PILLOWS:**

**TCS PREMIUM DOWN BLEND** is standard for all back cushions and accent pillows. Constructed of a mixture of fiber, Goose down and feathers encased in channeled “down proof” sewn covers. Backs are not over filled to ensure luxurious comfort. As with any down product - will require maintenance - fluffing by hand.

**TCS HYPOALLERGENIC CUSHIONING** is available for both back cushions and accent pillows.

*\*Please note cushions firmness will be affected by the fabric you select. Cushions covered in vinyl coated or backed fabrics and tightly woven fabrics will not release the air as readily when you sit upon them. Call for recommendations before sending vinyl as TCS recommends no accent pillows, and adding denim to seat cushions as per your specifications.*

*\*DOWN: As with any Down Product, it is a characteristic that from time-to-time feathers will work their way thru the ticking and fabric cover. This is not considered a defect and should be expected.*

*No matter what your style TCS will help you bring it to life ...*

Because each item is handcrafted one at a time TCS can offer a great variety of options and custom changes.

**CUSHION CONFIGURATION:** Changes in the number of seat and/or back cushions on an item are available at an upcharge. Please call for questions and yardage requirements.

Digital photography is an excellent and consistent reproduction of the actual finish color. Because of the under-laying wood grain and color, represented finishes will vary naturally within an acceptable range. The digital samples do not reflect the naturally occurring depth, clarity and beauty of the finish on real wood.

Each of our finishes are applied to solid maple. Our finishes involve multiple steps to achieve the deep wood tones. Our antiqued or aged finishes are hand glazed and distressed by exacting craftsmen.
