FURNITURE

WOODBIDGE

Furniture Company develops their own products using classic design forms adapted to the casual lifestyles of today's world. The furniture is produced by highly skilled craftsmen in a variety of styles and finishes. All pieces are crafted in hardwood solids and much of the veneer is highly-figured and selected by hand to yield very distinctive pieces of heirloom quality.

Looking for a little more oomph than flat paint? Let us know and we can add a glaze top coat. This dry brushing technique can enhance any color painted finish. We can also add a catalyzed lacquer top coat for added durability with an upcharge.

Woodbridge Furniture - inspired by design

Woodbridge Furniture launched our Custom Paint program in 2003 as an enhancement to our distinctive handcrafted solids and veneers.

We recognize that designers and individuals seek to make their furniture pieces personal and unique.

Our customers can select any of the well-known industry paints in a color palette of their exact specification or send us your own and we can match it in our finishing facility in Thomasville, North Carolina. Our team will deliver results that exceed your expectations.

Call us at 336.887.8246 to learn more about our Custom Paint Program.
