Commodore's Report

One of YCM's major goals is to help our member clubs by sharing beneficial information. This was obviously accomplished on Sunday, February 3rd at our Annual Fleet Captains Meeting, all thanks to Rear Commodore Tony DiCara for doing an outstanding job. With 21 clubs in attendance and over 125 people, we can put this down in the record books as a huge success. Lots of useful information shared as well as the opportunity for meeting all the Fleet Captains (or Commodores in some cases) who shared their opening day information as well as "what's happening" at their clubs. Thanks also to Commodore Bob Limmer for allowing us to have this event at Crescent Yacht Club.

Speaking of sharing information, I would be truly remiss if I did not acknowledge all the efforts put forth to have the **YCM 2025 Ship's Log** completed in time for us to distribute it to all the clubs in attendance. Great Job Tony, CJ, Faye & Karen for all your hard work.

I will be putting together the **2025 Opening Day Schedule** based on information gathered at the Fleet Captains Meeting and will be sending a copy to each Commodore for verification before final posting.

For those not at the Fleet Captain's meeting, I shared that YCM will be putting together a committee to work on ideas to try and help reduce the costs of Commodore's balls. Anyone interested in working on this project, please reach out to me or any of the YCM officers so that we can work on this.

One final note, to all the PC's out there, it is not too early to start thinking about joining the YCM Team. IPC Rick Pope is Chair of the Nominating Committee and must receive letters from all potential candidates, including current Officers by **May 31, 2025**. We do know we will be needing a secretary, but anyone can apply for any position, including Board Members. If you have any questions about any positions, please feel free to check with IPC Rick Pope.

See you all soon.

Vice Commodore's Report

Wow..... I cannot believe we've hit February already!! I hope this newsletter finds you all healthy and happy.

The YCM Summer Cruise is FINALLY coming together. I'm awaiting final notice of available slips and hotel rooms from the new owners of North Point Marina. Keep an eye out on Facebook and this publication for a flyer within the next 2-3 weeks. The event will be July 25-27 and one you do not want to miss.

We are actively seeking people interested in helping YCM next year. Officer positions for both bridge and flag are available. Please reach out to us if you have any questions or wish to submit a letter of intent. Interviews are held in June, with Change of watch happening in September. Any support would be greatly appreciated.

The March YCM GMM will be held at Sue Haven Yacht Club on March 26th – Dinner will be served at 6:15pm, with the meeting starting at 7pm. A meeting notice will be out soon for you to RSVP. Looking forward to seeing you there!

Literal tons of flyers are listed below. The drag and drop mission sometimes creates an extra page, so please scroll to the end so you can see all of the happenings in the yacht club community.

Your support and attendance of what Yacht Clubs of Maryland has hosted this year has been nothing short of AMAZING! Thank you - Thank you – Thank you.

Until next time.....

Steve Spicknall

Rear Commodore's Report

Greetings Yacht Club Community.

On February 2nd Yacht Clubs of Maryland hosted our annual Fleet Captain's Luncheon at Crescent Yacht Club. I would like to thank Commodore Bob Limmer and the entire CYC team for hosting us and serving a terrific lunch. The turnout from the Yacht Club community was very impressive. We had 21 clubs and three organizations represented! The afternoon was full of fun and some good information was shared among the clubs. Thank you too all who attended and a special welcome to our Fleet Captains. Thank you all for stepping up for your clubs and our community.

Don't forget to post your clubs' events on our Facebook page, "**Yacht Clubs of Maryland**". There are many exciting and fun events scheduled at our member clubs throughout the next couple of months. Angie and I have enjoyed seeing many of you at the various balls we have attended. We are looking forward to putting winter behind us and enjoying the Bay. I hope all of you have a wonderful Valentines' Day with your special someone.

Yours in Service,

Tony DiCara, Rear Commodore

Yacht Clubs of Maryland

Bay Breeze

LAO REPORT

YCM has identified a number of proposed legislative actions that may be of interest to boaters. Those are:

HB0719 - Natural Resources - State Boat Act – Alterations – This is the bill with most impact on boaters. You may recall a bill last year that would have significantly raised boat registration fees with much higher rates on larger vessels. YCM provided testimony in opposition to that bill and it didn't pass. We opposed a fee structure based on boat length. In our testimony last year, we clearly stated that the registration fee hasn't increased in decades and the Department of Natural Resources (DNR) should be able to increase the fees so long as the increase was used only for DNR purposes and for waterway improvements. It looks like our message was heard. This year DNR is just asking for an increase to a single rate of \$70 every two years regardless of the size of the boat. Documented vessels will also pay \$70 to get stickers. Because we feel that DNR does need an increase, **the YCM Board has voted to provide testimony in favor of HB 0719**. A hearing is scheduled for February 19 at 1 pm on HB 0719.

SB0168 - Environmental Justice in Confined Aquatic Disposal Act – An expanded large container channel and terminal is being developed at Sparrows Point. To accomplish this, the Port must find places to dump the dredge material that will be removed to create this terminal. One of the options the Port is considering is to dig a huge trench east of the Key Bridge site and on the south side of the Patapsco. They would then place some of the Sparrows Point dredge spoils in that trench. This activity is called Confined Aquatic Disposal (CAD). Clearly, the residents and boaters near this part of the Patapsco have been rigorously opposed to this CAD proposal as they already live with an overabundance of industrial neighbors in their community. YCM Board member Carl Treff has been very active in opposing CAD and recently testified in support of this bill that would ban the use of CAD in communities already overburdened with industry. You may recall the article Mr. Treff posted in a recent Bay Breeze. There was overwhelming testimony in favor of this bill.

SB0103 - Boating Accidents – Reporting Requirement – Property Damage and SB 0123 - Boating Accidents – Duty to Remain at the Scene, Render Assistance, and Provide Information – Penalties – The titles of these bills are self-explanatory. Nothing seems controversial about these proposals.

SB0562 - State Designations – State Cocktail – Original Maryland Orange Crush – This is my favorite. The bill says the orange crush cocktail originated in 1995 at the Harborside Bar and Grill in Ocean City, Maryland and this bill would make it the state cocktail. Many boaters will agree.

As the Maryland legislative session continues, we'll keep you posted on these bills.

Thanks,
Joe Broseker

Protocol Matters

Yacht Club Uniforms

Many of the yacht club protocols and traditions that have carried on for generations started in the 19th century when amateur sailors became increasingly common. The traditions we see at our clubs today began when people who had the means could go onto the water for recreational purposes and, increasingly, wanted the challenge and responsibility of captaining their own boats. A nickname at the time for young adventurous people was “Corinthians”, which greatly appealed to the “gentleman sailors” of the era who had the temerity to captain their own boats.

Clubs dedicated to yachting formed. These clubs included as part of their purposes and bylaws, dedication by all members to the highest standards of vessel navigation and operation. Those focused on membership by owner captains and often had “Corinthian” in the name of the club, a name often seen among yacht clubs today. Consequently, traditions and rules were created to symbolize dedication to being mariners in every sense, paid professional or not.

A major tradition that has carried on from the early days of yacht clubs is the wearing of uniforms. As I have noted in other columns, the traditional yacht club uniforms are the same mariner uniforms still used throughout the world in navies and all other forms of nautical enterprise. The only substantive differences among most of the world’s navy, mariner, and yachting uniforms are insignia, trim, and braiding.

By tradition, all members of a yacht club may wear a traditional uniform and/or one prescribed in the club bylaws or rules. Insignia, braid, trim, and pins on the uniform change with the member status and history in the yachting community. A basic member outfit normally would be a plain nautical uniform with only a member name tag. Most yacht club members in modern times obtain uniforms when they serve in an office or serve as Board Members. Their uniforms symbolize dedication to yachting ideals, pride in your club, and commitment of service to your club. Officials are easily identified by the insignia and badges worn.

Most clubs have rules governing uniform wear as decided appropriate for their club, so what you see with one club may not apply to another. All clubs honor and respect the uniforms of other clubs and yachting associations, so it is normal to see different uniforms at a multi-club event.

Yacht club uniforms are worn either in an official capacity or in a private capacity. In a private capacity, the decision to wear a uniform (or not) rests with the person, male or female, entitled to wear it as a member or officer of a club or as a person holding a title earned by service to a club or presented by a club. The most common example of private capacity is Past Commodore, which is not a club office, but is a personal title earned by successful completion of service to a club. Once earned, this title is kept for life, is recognized by all yacht clubs and yachting organizations, and entitles the holder to wear a uniform with the appropriate insignia.

Official capacity includes serving in office and representing a specific club or organization for a ceremonial or business purpose. It does not include merely attending an event or meeting. When wearing a uniform in an official capacity, a person follows the uniform rules of the club for which they are acting.

Till next time, see you around the Bay! – Joe Hellner

Chaplain

Prayer for February – Chaplain Sharon

Dear Gracious God, as February is often associated with Love, we pray for a deeper understanding of Your divine love in our lives. May Your love be the foundation of all our relationships and may it guide us in our interactions with others.

WE pray for our family, friends, and those we hold dear. Strengthen our bonds, heal any wounds, and allow us to grow closer to one another. May our love for one another be a reflection of Your love for us.

Watch over our Nation's leaders as they navigate these changing times. Guide them in decisions that are pleasing to you. Comfort our Yacht Club members that are facing difficulties of many varieties. Supply each with what they need to cope. We ask these things in Jesus name, Amen.
