

Are you protected against

**MEASLES?**

**Born before 1970?**

*You are immune because you likely were exposed to measles as a child.*

---

**Born between 1970 to 1996?**

*You likely have 1 dose of vaccine and are immune.*

---

**Born after 1996?**

*You need 2 doses of vaccine to be considered immune.*

---

**Do you work in a health care, child care or school setting?**

*Let us know. You may need a 2nd dose of vaccine.*

---

For more information about immunizations, please visit our Immunization Page on our website [www.healthunit.org](http://www.healthunit.org)
