

Hubbub Out of School Club

Environmental Policy

Hubbub Out of School Club is committed to the protection of the environment through reducing pollution, emissions and waste.

As part of the induction process, and through staff meetings and training, our staff will be informed about reducing the use of raw materials, supplies and energy.

We raise the children's awareness of environmental issues through discussions, projects and day-to-day activities within the club.

Children and staff follow the Club's 'eco code':

- We aim to cut down on printable documents, ensuring policies, procedures and the parent handbook are sent via email, or are available online.
- We re-use and recycle our waste material, and the recycling bins are easily accessible to staff and children.
- We switch off lights when not in use and fit the lights with energy saving bulbs where possible.
- We turn off electrical equipment at the power source when not in use.
- We turn off taps after use and do not waste water.
- We do not drop litter.
- We plan our outings to minimise vehicle use and use public transport whenever possible.

This policy was adopted by: Hubbub Out of School Club	Date: <i>January 2024</i>
To be reviewed: <i>Jan 25</i>	Signed: Liz Hawkins
